

**NOTES:**

- i) Per the PFIA legislation, only PUBLICLY traded securities are included. (ie, Privately held securities are not.)
- ii) The "Total Consol SBA" tab shows securities consolidated by account number. That is, if there are 3 positions of IBM in FRS, they would all be consolidated into only 1 line for FRS.
- iii) Unlike in ii) above, the "Total" tab does not consolidate the positions. Rather, they are shown in the individual accounts. For example, if there are 3 IBM positions, they will all be listed separately.
- iv) The "Total" and "Total Consolidated" tabs show the STIP total amount(s) only. Detailed STIP holdings are shown in the STIP tab.
- v) Accounts solely invested in the SBA's CAMP investment pools are included in the holdings shown in the CAMP tab.
- vi) Debt Service fund is not included in "Total" or "Total Consol SBA" tabs.
