INTRODUCTION

State of New Jersey

DEPARTMENT OF THE TREASURY OFFICE OF MANAGEMENT AND BUDGET CN-221 TRENTON NJ 08625-0221

CHRISTINE TODD WHITMAN Governor BRIAN W. CLYMER State Treasurer

October 8, 1996

Governor Christine Todd Whitman Members of the Legislature Citizens of New Jersey

In accordance with the provisions of <u>N.J.S.A.</u> 52:27B-46, we are pleased to transmit to you the Comprehensive Annual Financial Report of the State of New Jersey for the year ended June 30, 1996. This report is prepared by the Office of Management and Budget, Department of the Treasury, which is responsible for the accuracy of the data and the completeness and fairness of the presentation, including all disclosures.

This Financial Report, which has earned an unqualified audit opinion, presents the financial position and operating results of the State under generally accepted accounting principles as established by the Governmental Accounting Standards Board as well as the traditional budgetary basis presentations. We are confident that the data is accurate in all material respects, that it is presented in a manner designed to set forth fairly the financial position and results of the State's operations as measured by the financial activity of its various funds, and that all disclosures necessary to enable the reader to gain a reasonable understanding of the State's financial affairs have been included.

As reflected in this report, the State ended the year in a sound fiscal position, with an Undesignated Fund Balance (surplus) of \$880.0 million in the major budgeted funds (General Fund, Property Tax Relief Fund, Casino Revenue Fund, and Surplus Revenue Fund).

The Comprehensive Annual Financial Report is presented in three sections: introductory, financial, and statistical. The introductory section includes this transmittal letter with summary financial data and narrative commentary on matters of interest to the reader, the State organization chart, and the 1995 Government Finance Officers Association Certificate of Achievement for Excellence in Financial Reporting. The financial section includes the general purpose financial statements and footnotes, the combining and individual fund and account group financial statements, the budgetary basis schedules, and the State Auditor's report on the financial statements. The statistical section includes selected financial and demographic information.

This report includes all funds, account groups, and component units of the entity called the State, which provides support for a full range of services including education, health and social services, transportation, law and public safety, justice, recreation, public improvements, and general administrative services. The criteria utilized to determine the entity for the State of New Jersey are those prescribed by the Government Accounting Standards Board (see Note 1 to the Financial Statements).

BUDGETARY CONTROLS, ACCOUNTING SYSTEMS AND INTERNAL CONTROLS

The State's financial statements are prepared in accordance with generally accepted accounting principles (GAAP) applicable to State governments as prescribed by the Governmental Accounting Standards Board. The governmental funds, expendable trust funds, and agency funds are presented on the modified accrual basis of accounting whereby revenues are recognized when measurable and available, and expenditures are recognized when goods and services are received and the related liabilities are incurred. The proprietary, nonexpendable trust, and pension trust funds are presented on the accrual basis of accounting whereby all revenues and expenses are recognized when the transactions occur, regardless of when the related cash is received or disbursed. The college and university funds are reported in conformance with GAAP as prescribed by the American Institute of Certified Public Accountants (AICPA) audit guide, "Audits of Colleges and Universities."

Encumbrance accounting is employed to ensure that expenditures do not exceed appropriations and allocations. Under encumbrance accounting, purchase orders, contracts, and other commitments involving the expenditure of monies are recorded in estimated amounts in order to reserve a portion of an appropriation until an actual liability is incurred. Total encumbrances and expenditures are monitored so as not to exceed amounts appropriated and/or allocated. Encumbrances outstanding at the end of a fiscal year are reported in the financial statements as reservations of fund balance. Any unencumbered and unexpended non-continuing appropriations lapse at the end of the fiscal year.

The accounting records of the various State departments are maintained on a central accounting system. The operations of this system are directed and supervised by the Office of Management and Budget. Separate accounting systems are maintained by those component units of government that are included in the State's reporting entity. The State's annual budget is comprised of individual appropriations to departments for specific programs and purposes. Budgetary control is exercised at the department level by individual appropriations and allocations within appropriations to various programs and major objects of expenditure.

In developing and maintaining the State's accounting system, consideration is given to the adequacy of internal controls. Internal accounting controls are designed to provide reasonable assurance regarding the safeguarding of assets against loss from unauthorized use or disposition and that financial records are reliable for preparing financial statements and maintaining accountability for assets. The concept of reasonable assurance recognizes that the cost of a control should not exceed the benefits likely to be derived from its use, and that the evaluation of costs and benefits requires estimates and judgments by management. All internal control evaluations occur within this framework.

ECONOMIC CONDITION

The New Jersey economy in Calendar Year 1995 continued its positive growth trend. Job and income growth became stronger as the year progressed. For the year, total employment expanded by 1.6 percent. The State's unemployment rate fell to 6.4 percent, from 6.8 percent. Total personal income for Calendar Year 1995 grew by 4.6 percent, while retail sales grew by 2.2 percent.

It is expected that the New Jersey economy in Calendar Year 1996 through 1998 will settle into moderate growth. Corporate restructuring will continue in such fields as chemicals, telecommunications, and financial services. Meanwhile, the New Jersey economy, by virtue of its educated, high-technology labor resources, stands to benefit from newly emerging information-based fields. Total employment is expected to grow by 0.9 percent for Calendar Year 1996 and continue to grow at an average rate of 1.1 percent for 1997 and 1998. Personal income for New Jersey is expected to grow at a 3.9 percent rate for 1996, and continue to grow at an average rate of 4.5 percent through Calendar Year 1998. New Jersey's retail sales are expected to grow at 4.6 percent for 1996, and continue to grow at an average rate of 3.8 percent for Calendar Year's 1997 and 1998.

FISCAL YEAR 1996 REVENUE SUMMARY

The following revenue discussion encompasses the activity of the State's General Fund and four Special Revenue Funds--the Property Tax Relief Fund, the Casino Revenue Fund, the Casino Control Fund, and the Gubernatorial Elections Fund. The amounts included in this section are the actual anticipated revenues realized in support of the annual appropriations and do not include federal grants.

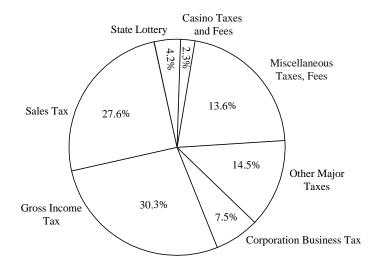

Fiscal Year 1996 revenue collections totaled \$15.641 billion, including \$359.2 million in one-time tax amnesty collections. Revenue growth in the State's three major taxes over Fiscal Year 1995 levels were as follows: the Sales Tax increased by \$185.1 million or 4.5 percent, including \$140.4 million for tax amnesty; the Corporation Business Tax increased by \$86.0 million or 7.9 percent, including \$96.8 million for tax amnesty; and the Gross Income Tax increased by \$193.7 million or 4.3 percent, which includes \$95.3 million for tax amnesty. Overall, Fiscal Year 1996 revenue growth for the State's three major taxes totaled \$464.8 million including \$332.5 million in tax amnesty.

Collections for the State's three major taxes, as a percentage of Fiscal Year 1996 total receipts, were as follows: the Gross Income Tax represented 30.3 percent; the Sales Tax equaled 27.6 percent; and the Corporation Business Tax represented 7.5 percent. The State's three major taxes represented 65.4 percent of Fiscal Year 1996 total receipts.

FISCAL YEAR 1996 EXPENDITURE SUMMARY

Expenditure Category Descriptions

The following discussion of expenditures encompasses the activity of the State's General Fund and four Special Revenue Funds--the Property Tax Relief Fund, the Casino Revenue Fund, the Casino Control Fund, and the Gubernatorial Elections Fund. The amounts listed in this section are on a budgetary basis and do not include federal grants.

State expenditures fall into five major categories. They are State Aid, Direct State Services, Grants-in-Aid, Debt Service, and Capital Construction. Each expenditure category is described below.

State Aid represents funds that are distributed to municipalities, counties, and school districts. Most of the Gross Income Tax revenue is apportioned to State Aid, as is certain other revenue that is collected in the State's General Fund. By far the largest portion of expenditures in this category is for elementary and secondary school aid. This category also provides funding for the various public assistance programs and county psychiatric hospitals, as well as municipal property tax relief programs.

Direct State Services represents those functions operated directly by State government. Funding is largely for the salary and benefits of State employees, as well as faculty and staff at the State colleges and universities. Direct State Services supports the operation of the State's departments, the Executive Office, several commissions, the State Legislature, and the Judiciary. Direct State Services partially support the operation of nine State colleges, Rutgers University, the New Jersey Institute of Technology, and the University of Medicine and Dentistry of New Jersey. Public services offered by State government, such as motor vehicle inspections, testing laboratories, social services, legal services, State Police services, and the operation of prisons, psychiatric hospitals, and developmental disability centers fall into this grouping as well.

Grants-in-Aid represent programs and services provided to the public on behalf of the State by a third party provider. Grants-in-Aid payments are made to individuals and public or private agencies for benefits to which a recipient is entitled by law, or for the provision of services on behalf of the State. These payments include the Homestead Rebate program and the Medicaid program, which reimburse hospitals, nursing homes, and physicians for services rendered to the State's needy population. Community programs for the developmentally disabled, pharmaceutical assistance to the aged and disabled, Lifeline utility credits to senior citizens, financial aid grants to college students, and bus and railroad subsidies to New Jersey Transit are programs which also fall under the Grants-in-Aid umbrella.

Debt Service represents payments of interest and principal on capital projects funded through the sale of State General Obligation Bonds. Projects that have been funded through State General Obligation Bonds have included prisons, bridges, roads, human services facilities, and various environmental protection projects.

Capital Construction represents pay-as-you-go allocations for various construction projects. Included in this expenditure category is the appropriation to the Transportation Trust Fund Authority.

Fiscal Year 1996 Expenditures

Fiscal Year 1996 expenditures of \$16.263 billion are \$933.0 million more than the expenditures of \$15.330 billion for the prior fiscal year.

State Aid represents 39.0 percent of total Fiscal Year 1996 expenditures. State Aid includes aid to the public schools, teachers' pensions and social security costs, municipal aid for over 14 different programs, reimbursement to counties for welfare and AFDC programs, and other miscellaneous programs. The largest increase in State Aid expenditures was for the Department of Education which included direct aid of \$213.8 million to schools.

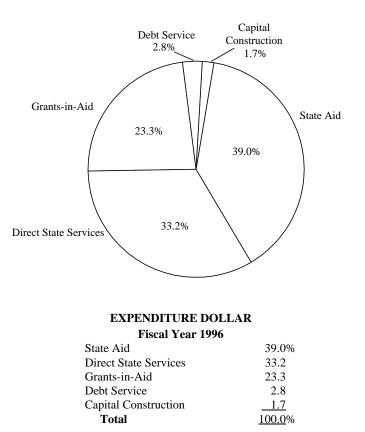

Direct State Services accounted for 33.2 percent of total Fiscal Year 1996 expenditures. Direct State Services expenditures decreased between Fiscal Year 1996 and Fiscal Year 1995 by \$155.4 million. This amount includes an increase for the Judiciary of \$121.2 million related to the phase in of the county court system as well as a \$278.2 million decrease in expenditures for employee benefits and salary costs.

Grants-in-Aid accounted for 23.3 percent of total Fiscal Year 1996 expenditures. This is a \$26.1 million increase from the prior fiscal year.

Debt Service represents 2.8 percent of total Fiscal Year 1996 expenditures. Debt Service expenditures increased by \$349.8 million primarily as a result of debt service payments on the State's General Obligation Refunding Series D Bonds.

Capital Construction represents 1.7 percent of total Fiscal Year 1996 expenditures. This is a \$14.3 million decrease from the prior fiscal year.

EXPENDITURE DOLLAR Fiscal Year 1996

FUND BALANCES

The State ended Fiscal Year 1996 with an undesignated fund balance of \$880,040,377 for the major governmental funds. The following table presents a comparison of the undesignated fund balances for 1996 and 1995 Fiscal Year for the funds comprising this figure:

Fund	 1996	 1995	 Change
General Fund	\$ 441,983,394	\$ 569,209,215	\$ (127,225,821)

Property Tax Relief Fund	152,913,044	119,269,382	33,643,662
Casino Revenue Fund	12,828,028		12,828,028
	\$ 880,040,377	\$ 951,736,062	\$ (71,695,685)

Fiscal Year 1997 Revenue Projections

The Fiscal Year 1997 revenue projections are based on estimates of moderate economic growth overall. Total resources are projected at \$16.529 billion. Included in the Gross Income Tax forecast is a deduction for residential property taxes paid by homeowners and tenants, and a refundable tax credit for property taxpayers. Effective January 1, 1996, 50 percent of a homeowner, tenant, or property taxpayer's property taxes, not in excess of \$5,000, can be deducted. Effective January 1, 1997, 75 percent of a homeowner, tenant, or property taxpayer's property taxes, not in excess of \$7,500, can be deducted. The Fiscal Year 1997 Sales Tax forecast includes a full year's worth of yellow page advertisement exemptions. The Sales Tax forecast provides for the expansion of the number of Urban Enterprise Zones to 28 zones. Urban Enterprise Zones are geographical locations in the State that have been designated by the Governor and Legislature as areas in need of increased economic activity. Built into the Corporation Business Tax forecast is a July 1, 1996 reduction in the rate from 9.0 percent to 7.5 percent that applies to those corporations that have an allocated net income of \$100,000 or less. Also effective July 1, 1996 is the double weighting of a corporation's sales in calculating receipt factors in determining State Corporate Business Tax liability. The State's three major taxes are expected to comprise 60.0 percent of the Fiscal Year 1997's total resources and 63.3 percent of total revenue.

Fiscal Year 1997 Appropriations

The total Fiscal Year 1997 appropriation is \$15.978 billion. Of the \$15.978 billion appropriated in Fiscal Year 1997 from the General Fund, the Property Tax Relief Fund, the Casino Control Fund, the Casino Revenue Fund and the Gubernatorial Elections Fund, \$6.385 billion (39.9%) is appropriated for State Aid to Local Governments, \$3.751 billion (23.5%) is appropriated for Grants-in-Aid, \$5.043 billion (31.6%) for Direct State Services, \$447.0 million (2.8%) for Debt Service on State General Obligation Bonds, and \$352.0 million (2.2%) for Capital Construction.

State Aid represents the largest portion of Fiscal Year 1997 appropriations. In Fiscal Year 1997, \$6.385 billion will be distributed to municipalities, counties, and school districts. Major State Aid programs are: Aid to School Districts (\$4.828 billion), Unrestricted Aid to Municipalities and Counties (\$827.0 million), Aid to Municipalities and Counties for Human Services programs (\$441.4 million), and Aid to County Colleges (\$128.8 million).

Direct State Services represents the second largest portion of the State's Fiscal Year 1997 appropriation. In Fiscal Year 1997, \$5.043 billion has been appropriated. These funds support the operating costs of the Executive Departments, the Judiciary and the Legislature. The largest appropriations are for the following departments: State Higher Education Institutions (\$780.9 million), Corrections (\$587.9 million), Human Services (\$579.8 million) and Law and Public Safety (\$332.9 million).

The Grants-in-Aid total Fiscal Year 1997 appropriation is \$3.751 billion. These funds are distributed to individuals, public agencies, or private agencies as direct benefits or to provide services. The largest grant-in-aid programs are: Human Services programs (\$1.866 billion), Health and Senior Services programs (\$872.1 million), Homestead Rebates (\$332.0 million), Public Transportation (\$219.0 million) and Higher Education (\$212.1 million).

Debt Service for General Obligation Bonds is \$447.0 million. This reflects the full effect of the State's Refunding Series E issuance as well as new money debt, which was issued during Fiscal Year 1996 for prior voter authorized purposes.

Capital Construction appropriations for Fiscal Year 1997 total \$352.0 million. Of this amount, \$304.5 million is the appropriation to the New Jersey Transportation Trust Fund Authority, an increase of \$107.9 million over the prior year.

Fiscal Year 1997 Fund Balance

As required by the State Constitution, the State of New Jersey will end Fiscal Year 1997 with a positive fund balance.

SERVICE EFFORTS AND ACCOMPLISHMENTS

The following sections highlight various service efforts and accomplishments the State has achieved during Fiscal Year 1996 as well as some of the goals the State hopes to achieve for Fiscal Year 1997.

Fiscal Year 1996

During Fiscal Year 1996, certain tax policies were enacted. For the Gross Income Tax, a 15 percent reduction of personal income tax rates became effective on January 1, 1996. This cut was in addition to the 5 percent reduction that was implemented during Fiscal Year 1994 and the 10 percent reduction that was implemented during Fiscal Year 1995. The Gross Income Tax rate reduction was distributed in a progressive fashion with higher wage earners receiving a lower percentage reduction than lower wage earners. For the State's Sales Tax, effective April 1, 1996, the State expanded its Urban Enterprise Zone program to 28 zones. Also effective April 1, 1996, yellow pages advertisements became exempt from the State's Sales Tax.

In an effort to bring citizens in compliance with all of the State tax laws, the New Jersey Division of Taxation administered a Tax Amnesty program from March 15, 1996 through June 1, 1996. Amnesty was available to individuals and corporations that had under reported their income, overstated deductions, underpaid their taxes or neglected to file tax returns due on or after January 1, 1987 and before January 1, 1996. All penalties and interest, and criminal prosecution efforts were waived for those taxpayers who paid all of the taxes they owed. The Division of Taxation also added staff to their audit and investigative units, and at the same time, revamped their billing and collection functions. These changes have greatly enhanced the Division's ability to identify and collect unpaid taxes. For those taxpayers who did not take advantage of New Jersey's limited-time Tax Amnesty opportunity, in addition to normal penalties and interest, there is now a new unabatable 5 percent penalty that has been added onto those delinquent taxes that accrued from January 1, 1987 through January 1, 1996. The New Jersey Division of Taxation's Amnesty Program collected \$359.2 million.

During Fiscal Year 1996, the State reauthorized its charity care program for the Calendar Year 1996 and Calendar Year 1997 time period. The program totals \$716.0 million, of which \$610.0 million is designated for payments to hospitals that have a disproportionate share of low income persons who are in need of health care services. In addition, the Hospital Relief Fund, which provides additional payments to hospitals that treat large numbers of uninsured cases, will be funded at \$106.0 million over the same time period. The new charity care program has also accomplished several structural reforms that require an enhanced State role. Included in these reforms are the

introduction of statewide data bases that utilize personal and image identification systems and verification technology, as well as the implementation of a health care program that provides low income residents of the State with eligible charity care services on a managed care basis. The funding for both of these programs will be provided through a combination of contributions from the Unemployment Compensation Fund and State General Fund.

On May 17, 1996, the Administration released the details of its proposal for school funding for the 1997-1998 school year and beyond. The funding proposal is based on the core curriculum standards proposed by the Administration and adopted by the State Board of Education on May 1, 1996. These standards define the State Constitution's guarantee of a "thorough and efficient" education in specific instructional standards, and form the basis for determining the appropriate cost levels for elementary and secondary education.

Fiscal Year 1997

As part of the Fiscal Year 1997 Budget, the State has enacted several policies that will affect the State's Gross Income Tax and Corporation Business Tax. For the Gross Income Tax, a deduction for residential property taxes paid by homeowners and tenants has been enacted. For property taxpayers a refundable tax credit has been provided. Effective January 1, 1996, 50 percent of a homeowner, tenant, or property taxpayer's property taxes not in excess of \$5,000, can be deducted. Effective January 1, 1997, 75 percent of a homeowner, tenant or property taxpayer's property taxes, not in excess of \$7,500, can be deducted. For the Corporation Business Tax, a reduction in the Corporation Business Tax rate from 9.0 percent to 7.5 percent became effective for those corporations, that have an allocated net income of \$100,000 or less. Also effective July 1, 1996 a corporation's sales became double weighted in calculating receipt factors in determining a multi-state corporation's New Jersey State Corporation Business Tax liability.

Beginning in Fiscal Year 1997, the Governor and the Legislature have enacted a coherent, comprehensive policy to help the State's 1.4 million senior citizens attain the highest level of dignity and independence by consolidating all programs for older adults into the Department of Health and Senior Services. Services such as housing assistance, Medicaid, and nursing home information were provided for individually, through the Departments of Community Affairs, Human Services, and Health and Senior Services respectively. Through the new Department of Health and Senior Services, all programs for seniors can be coordinated so that more informed choices can be made for long-term care. As part of this new program, the State is coordinating its efforts with counties and municipalities to create a new way of delivering these types of services at the local level.

In an effort to streamline State Government services, the Department of Banking has merged with the Department of Insurance. This restructure will combine common functions of administration, licensing, examinations, and complaint investigations into a single, integrated department. The new Department of Banking and Insurance reduces the number of State Departments to sixteen. The maximum amount of State Departments permitted under the New Jersey Constitution is nineteen.

COMPONENT UNITS

The component units include the accounts of the various public authorities, colleges, and universities. These authorities are legally separate entities that are not operating departments of the State. Governing boards are vested with the power to independently manage the component units. Each component unit is established for a specific purpose for the benefit of the State's citizenry, such as economic development, public transportation, low-cost housing, environmental protection, and capital development for health and education purposes.

Combined operating revenues and expenses for the State's authorities amounted to \$2.2 billion and \$2.8 billion, respectively, for Fiscal Year 1996. The total combined fund balance at the fiscal year end amounted to \$12.2 billion.

The State's colleges and universities recorded combined revenues and expenditures of \$2.4 billion and \$3.0 billion, respectively, for Fiscal Year 1996. Their combined fund balance at the fiscal year end amounted to \$2.8 billion.

GENERAL FIXED ASSETS

The general fixed assets of the State are used in the performance of general governmental functions and exclude the fixed assets of the component units. As of June 30, 1996, the general fixed assets of the State amounted \$2.3 billion. This amount represents the actual or estimated cost of the assets. Depreciation of general fixed assets is not recognized in the State's accounting system. Infrastructure assets, consisting primarily of highways, roads, and bridges, are not recorded in the general fixed assets.

DEBT ADMINISTRATION

As of June 30, 1996, the State's outstanding general obligation debt totaled \$3.688 billion. General Obligation Debt must be approved by voter referendum and is used primarily to finance various environmental projects, transportation infrastructure, and correctional and institutional construction.

The State's Master Lease Program is used primarily to finance various departmental equipment needs at tax-exempt rates by issuing Certificates of Participation. Beginning in Fiscal Year 1996 the State modified the Master Lease Program and began using a line of credit as the preferred method of financing various departmental equipment needs. As of June 30, 1996, outstanding Certificates of Participation totaled \$35.260 million and the State's draw on its line of credit has totaled \$5.007 million.

The State first began issuing Tax and Revenue Anticipation Notes during Fiscal Year 1992. The State's short-term borrowing program is used to provide effective cash flow management of imbalances which occurs in the timing of collections and disbursements of State revenues and expenditures. The State Treasurer is authorized to issue these types of instruments without constituting a general obligation of the State, or a debt, or a liability within the meaning of the State Constitution. All short-term notes that are issued must be retired within twelve months of their issuance date. The State has issued and retired short-term notes of \$1.800 billion in Fiscal Year 1992, \$1.600 billion in Fiscal Year 1993, \$1.300 billion in Fiscal Year 1994, and \$800.0 million in Fiscal Year 1995. During Fiscal Year 1996, the State issued \$450.0 million of short-term notes which consisted entirely of commercial paper. Fiscal Year 1996's issuance represented the first time that the State relied solely on commercial paper in order to effectively manage its cash flow imbalances. The entire \$450.0 million was retired on June 17, 1996.

Standard and Poor's Corporation rates the State's long-term general obligation bonds at AA+ and the State's Certificates of Participation at AA-, while conferring the highest short-term ratings of SP-1+ to the State's Tax and Revenue Anticipation Notes. On July 22, 1996, Standard & Poor's affirmed the State's short-term and long-term ratings. On May 1, 1996, Moody's Investors Service affirmed the State's long-term general obligation bond rating of AA1, while continuing to confer MIG1, their highest short-term rating to the State. Certificates of Participation continue to be rated A1 by Moody's. Fitch Investors Service rates the State's long-term general obligation debt at AA+ and gives F-1+, their highest short-term rating, to the State.

CASH MANAGEMENT

The State's Division of Investments was created by law in 1950 in order to centralize all functions relating to the purchases, sales, or exchanges of securities for the State's diverse funds under experienced and professional management. The statute provides investment authority to the State Investment Council and a Director of the Division. The State Treasurer appoints the Director from a field of candidates selected by the State Investment Council. The role of the State Investment Council is to formulate investment policies and procedures to be followed by the Director. State legislation provides that the State Investment Council may issue regulations which specifically approve and authorize any form of investment. The State Investment Council has taken the position that the Division of Investments is bound by law to make prudent investments for the sole and direct financial benefit of the beneficiaries of the various funds under its supervision, and that the Division of Investments may not make any concession as to the rate, risk or terms which would benefit any other party at the expense of the beneficiaries of the funds.

Unused cash is invested primarily in the New Jersey Cash Management Fund. The fund provides the State, its authorities and agencies, local municipalities, and school districts with a vehicle for short-term investment. For the Fiscal Year ending June 30, 1996, the New Jersey Cash Management Fund's average daily annualized rate of return to participating state accounts was 5.60 percent. For "Other-than-State" participants the average daily annualized rate of return, which includes charges for administrative and operating expenses, was 5.40 percent for the Fiscal Year ending June 30, 1996.

RISK MANAGEMENT

New Jersey's risk management function is performed within the Department of the Treasury and operates to reduce the adverse impact of catastrophic loss on State operations and budgets through a combination of risk management and loss prevention techniques. The Department administers claims against the State and its employees under the Tort Claims Act, Workers Compensation statute, and various Federal laws, as well as claims on behalf of the State against others responsible for damage to the State, its employees, and its property.

AUDIT INFORMATION

The principal auditor of the State's reporting entity is the legislative office of the State Auditor. Their examination was conducted in accordance with generally accepted auditing standards and their opinion precedes the General Purpose Financial Statements. Outside public accounting firms have been used for the audits of separately issued component unit and college and university fund financial statements. In addition, the Office of the State Auditor conducts periodic financial and expanded scope audits of the various State agencies. This audit received an unqualified opinion for all funds contained in this Comprehensive Annual Financial Report.

CERTIFICATE OF ACHIEVEMENT FOR EXCELLENT IN FINANCIAL REPORTING

The Government Finance Officers Association of the United States and Canada has awarded a Certificate of Achievement for Excellence in Financial Reporting to the State of New Jersey for its Comprehensive Annual Financial Report for the year ended June 30, 1995.

In order to qualify for the Certificate of Achievement, a governmental unit must publish an easily readable and efficiently organized comprehensive annual financial report, the contents of which conform to program standards. Such reports must satisfy both generally accepted accounting principles and applicable legal requirements.

We believe our current report continues to conform with the Certificate of Achievement Program requirements.

ACKNOWLEDGEMENTS

Finally, we would like to express our appreciation to the many people in the Office of Management and Budget and the Office of the State Auditor whose dedicated efforts made possible the preparation of this report. We believe that their combined efforts have produced a report that will provide a means for government, the financial community, decision makers, and concerned citizens to better understand and evaluate the State's financial condition.

Sincerely,

Bria W.

INDEPENDENT AUDITOR'S REPORT

We have audited the accompanying general purpose financial statements of the State of New Jersey as of and for the year ended June 30, 1996, as listed in the table of contents - financial section. These general purpose financial statements are the responsibility of the State of New Jersey's management. Our responsibility is to express an opinion on these general purpose financial statements based on our audit. We did not audit the financial statements of the Component Units - Authorities and College and University Funds. Those financial statements were audited by other auditors whose reports thereon have been furnished to us, and our opinion on the general purpose financial statements, insofar as it relates to the amounts included for the Component Units - Authorities and College and University Funds, is based upon the reports of the other auditors.

We conducted our audit in accordance with generally accepted auditing standards and Government Auditing Standards issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the general purpose financial statements are free of material

misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the general purpose financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall general purpose financial statement presentation. We believe that our audit and the reports of other auditors provide a reasonable basis for our opinion.

In our opinion, based upon our audit and the reports of other auditors, the general purpose financial statements referred to above present fairly, in all material respects, the financial position of the State of New Jersey as of June 30, 1996, and the results of its operations and cash flows of the nonexpendable trust fund and the proprietary fund type authorities for the year then ended in conformity with generally accepted accounting principles.

As discussed more fully in note 2(e), the State adopted one new standard of the Government Accounting Standards Board during the year ended June 30, 1996.

Our audit was conducted for the purpose of forming an opinion on the general purpose financial statements taken as a whole. The combining and individual fund and account group financial statements and schedules listed in the table of contents are presented for purposes of additional analysis and are not a required part of the general purpose financial statements of the State of New Jersey. Such information has been subjected to the auditing procedures applied in the audit of the general purpose financial statements and, in our opinion, is fairly presented in all material respects in relation to the general purpose financial statements taken as a whole.

The introductory section and the statistical section listed in the aforementioned table of contents have not been audited by us and, accordingly, we do not express an opinion on them.

In accordance with Government Auditing Standards, we have also issued a report dated October 8, 1996 on our consideration of the State of New Jersey internal control structure and a report dated October 8, 1996 on its compliance with laws and regulations.

STATE OF NEW JERSEY NOTES TO FINANCIAL STATEMENTS

NOTE 1 - SIGNIFICANT ACCOUNTING POLICIES

A. Basis of Presentation

The accompanying financial statements have been prepared in conformity with generally accepted accounting principles (GAAP) as prescribed by the Governmental Accounting Standards Board (GASB). The financial statements for the College and University Funds have been prepared in conformity with the American Institute of Certified Public Accountants' "Industry Audit Guide - Audits of Colleges and Universities."

The financial statements have been prepared primarily from accounts and records maintained by the State Comptroller. The financial data for the various public benefit corporations, authorities, commissions, colleges and universities has been derived from reports prepared by those organizations based on independent accounting systems maintained by them.

B. Financial Reporting Entity

For financial reporting purposes the State of New Jersey includes all fund types, account groups, departments, and agencies of the State, as well as boards, commissions, authorities, colleges and universities, for which the State is financially accountable. The following circumstances set forth the State's financial accountability for a legally separate organization.

- 1. The State is financially accountable if it appoints a voting majority of the organization's governing body and (a) it is able to impose its will on that organization or (b) there is a potential for the organization to provide specific financial benefits to, or impose specific financial burdens on, the State.
- 2. The State may be financially accountable if an organization is fiscally dependent on the State regardless of whether the organization has (a) a separately elected governing board or (b) a jointly appointed board.

Entities for which the State is financially accountable such as boards, commissions, authorities, colleges and universities are considered component units. These component units are included in the State's reporting entity because of the significance of their operational or financial relationships with the State. Component units are either discretely presented or blended. Discrete presentation entails reporting component unit financial data in columns separate from the financial data of the primary government (the State). Blending requires the component unit's balances and transactions to be reported in a manner similar to the balances and transactions of the State.

The following organizations comprise the State's component units. The New Jersey Building Authority and the New Jersey Transportation Trust Fund Authority are blended component units since they provide services entirely, or almost entirely to the State. Their activities are reported in a special revenue fund, debt service fund and general long-term debt account group. Additional pertinent information related to them is disclosed in the notes of the primary government. All other component units have been discretely presented. Additional pertinent information related to the discretely presented component units is reported separately from the notes of the primary government in Notes 18 and 19, respectively.

C. Fund Accounting

The State uses funds, account groups, and component units to report on its financial position and the results of its operations. Fund accounting is designed to demonstrate legal compliance and to aid financial management by segregating transactions related to certain functions or activities. A fund is a separate accounting entity with a self-balancing set of accounts which represent the fund's assets, liabilities, equity, revenues and expenditures or expenses. State funds are classified into two categories: governmental and fiduciary. Each category is then divided into separate "Fund Types".

1. Governmental Fund Types

- a. General Fund The fund into which all State revenues, not otherwise restricted by statute, are deposited and from which appropriations are made. The largest part of the total financial operations of the State is accounted for in the General Fund. Most revenues received from taxes and federal sources and certain miscellaneous revenue items are recorded in this fund. The Appropriations Act enacted by the Legislature provides the basic framework for the operations of the General Fund.
- b. Special Revenue Funds Are used to account for the proceeds of specific revenue sources (other than special assessments, expendable trusts, or for major capital projects) that are legally restricted to expenditure for specific purposes.
- c. Debt Service Fund Accounts for the accumulation of resources for, and the payment of, general long-term debt principal and interest. Amounts provided by the General Fund are deposited with banks that serve as paying agents.
- d. Capital Project Funds Account for financial resources to be used for the acquisition or construction of major capital facilities for State use. Funds granted to other units of government are not classified as capital projects funds and are included as expenditures of special revenue funds. Various capital project funds include funds both for capital facilities for State use and for grants to other units of government.

2. Fiduciary Fund Types

- a. Expendable Trust Funds Account for assets held by the State as a legal trustee when both principal and interest may be expended for designated purposes.
- b. Non-expendable Trust Fund Accounts for assets held by the State as legal trustee in situations requiring that the principal be preserved intact and only the interest be expended as designated.
- c. Pension Trust Funds Account for monies received for, expenses incurred by, and net assets available for plan benefits of the various public employee retirement systems.
- d. Agency Funds Account for monies held by the State for custodial purposes only.

3. Account Groups

- a. General Long-Term Debt Account Group Accounts for the unmatured general long-term liabilities of the State.
- b. General Fixed Assets Account Group Accounts for the State's fixed assets acquired or constructed for general government purposes. The State acquires and retains title to certain property shown in the college and university funds and would be entitled to any proceeds from the ultimate disposition of such property.

4. Component Units

Accounts for the activities of legally separate organizations for which the elected officials of the State are financially accountable. The activities of blended component units are reported in special revenue funds, the debt service fund and general long-term debt account group. The activities of boards, commissions and authorities other than those blended are discretely presented as Component Units - Authorities. Colleges and universities for which the State is financially accountable are discretely presented as Component Units - College and University Funds and are recorded in funds as follows:

- a. Current Funds Account for economic resources of the institution which are expendable for any purpose in performing the primary objectives of the institution and which have not been designated by the governing body for any other purpose; and for resources restricted for specific current operating purposes by a donor or other external agency.
- b. Fiduciary Funds Account for assets held by loan, endowment, life income, and agency funds in which the universities act in a fiduciary capacity.
- c. Plant Funds Account for institutional property acquisition, renewal, replacement, debt service, and investment.

D. Budgetary Process

Annual budgets are adopted for the General Fund and certain special revenue funds (Casino Control, Casino Revenue, Gubernatorial Elections, and Property Tax Relief funds). The Legislature enacts the Budget through passage of specific departmental appropriations, the sum of which may not exceed estimated revenues. It is a constitutional requirement that the Budget be balanced. The Governor certifies the revenue. Before signing the Appropriations Act, the Governor may veto or reduce any specific appropriation, subject to Legislative override. Once passed and signed, the Budget becomes the State's financial plan for the coming year. During the year, the Budget may be revised by supplemental appropriations approved by both the Legislature and the Governor.

Budgetary control is maintained at the department level. Budget revisions during the year, reflecting program changes or interdepartmental transfers of an administrative nature, may be effected with certain executive and legislative branch approval. Only the Legislature, however, may transfer appropriations between departments. Transfers within a department are permitted within certain guidelines and management approval.

Appropriations are authorized for expenditure during the fiscal year and for a period of one month thereafter, and unencumbered appropriations lapse at year end, unless otherwise specified by the Appropriations Act.

The State's budgetary basis of accounting differs from that utilized to present financial statements in conformance with generally accepted accounting principles (GAAP). The main differences between the budgetary basis and the GAAP basis are that under the budgetary basis encumbrances are recognized as expenditures, the federal revenue related to such encumbrances is also recognized, and the budgetary basis reflects transactions only for the current fiscal year. A reconciliation of the differences between the budgetary and GAAP basis are presented in Note 2.

E. Bond Fund Appropriations

The State Constitution provides that the Legislature may not create a debt (where total outstanding debt would exceed one percent of total appropriations for the year) unless such law shall have been submitted to the people at a general election and approved by a majority of the legally qualified voters. After approval by the electorate, and prior to any bond sale, the Legislature may make appropriations up to the legally authorized amount of such bonds, which enables the State to enter into contracts with vendors. In accordance with generally accepted accounting principles, the financial statements reflect such appropriations only to the extent of the bonds which have been sold.

F. Basis of Accounting

All of the governmental funds and expendable trust and agency funds are accounted for on the modified accrual basis of accounting. In accordance with this basis, revenues are recognized when they become susceptible to accrual; that is, when they become both measurable and available to finance expenditures of the fiscal period. Available means collectible within the current period or soon enough thereafter to be used to pay liabilities of the current period. Those revenues which are considered to be susceptible to accrual include amounts received during the 12 month period subsequent to June 30 that were earned as of June 30 and on deposit with receiving agents.

The accounting and financial reporting treatment applied to a fund is determined by its measurement focus. All governmental funds and expendable trust funds are accounted for using a current financial resources measurement focus. With this measurement, only current assets and liabilities generally are included on the balance sheet. Operating statements of these funds present increases and decreases in net current assets. Agency funds are accounted for and reported in the same manner as governmental funds; however, since they are custodial in nature they do not involve measurement of results of operations.

All non-expendable trust funds and pension trust funds use the accrual basis of accounting and are accounted for on a flow of economic resources measurement focus. With this measurement focus, all assets and liabilities associated with the operation of these funds are included on the balance sheet. Fund equity (i.e., net total assets) is segregated into contributed capital and retained earnings components. Operating statements of these funds present increases and decreases in net total assets.

Significant revenue sources which are susceptible to accrual include sales tax, individual income taxes, corporate income taxes, and federal grants. Licenses, fees, permits and other miscellaneous revenue are recognized when received since they normally are measurable only at that time. Revenue refunds payable are recorded as other liabilities on the combined balance sheet.

Expenditures are recorded on an accrual basis when the related liability is incurred. Disbursements for prepaid expenses, inventory items, and fixed assets are recorded when expenditures are incurred. Expenditures for principal and interest on general obligation long-term debt are recognized when due.

The activities of Component Units - College and University Funds are accounted for on the accrual basis of accounting including student tuition and fees when a semester covers more than one fiscal period. This revenue is deferred to the period in which earned.

The activities of Component Units - Authorities are accounted for using both the modified accrual basis and the accrual basis. Activities that are accounted for using the modified accrual basis are presented in a column in the combined statement of revenues, expenditures and changes in fund balance. Activities that are accounted for using the accrual basis are presented in a column in the combined statement of revenues, expenses and changes in retained earnings/fund equity and in the combined statement of cash flows. For balance sheet purposes, however, the activities of all Authorities are shown together in a separate column on the combined balance sheet.

The General Long-Term Debt Account Group and General Fixed Asset Account Group are not funds. An account group is concerned only with the measurement of financial position and does not involve measurement of results of operations.

G. Assets and Other Debits

1. Cash and Cash Equivalents

Deposits encompass the State's cash on deposit with financial institutions and several cash equivalents, including money market accounts with financial institutions and certificates of deposit. All deposits including cash equivalents that are subject to federal or state depository insurance generally are classified as deposits. Only investments with an original maturity of three months or less are considered to be cash equivalents. See Note 3 for details.

2. Investments

All securities are recorded at cost and amortized for premium or discount except for investments of the Deferred Compensation Fund and Supplemental Annuity Collective Trust which are recorded at market value. In addition to the amounts invested directly, most of the funds included herein participate in the State of New Jersey Cash Management Fund wherein amounts also contributed by other units of government are combined into a large scale investment program (participation in the Cash Management Fund is reflected as part of due from other funds in the Balance Sheet for governmental and fiduciary funds and as investments for the Component Units - Authorities and Component Units - College and University Funds). See Notes 4, 18, and 19 for details.

3. Receivables

Receivables in the State's governmental and fiduciary funds primarily consist of federal revenues, taxes, loans, mortgages and other receivables. See Note 5 for details.

4. Fixed Assets

General fixed assets are reported at cost or estimated historical cost based on appraisals or other acceptable methods when historical cost information is not available. Donated fixed assets are stated at market value at the date of donation. The State's general fixed assets consist of:

- a. All land, including parks and forests.
- b. All general governmental buildings, including hospitals, care and correctional facilities.
- c. Land improvements and machinery and equipment with a unit cost of \$25,000 and \$20,000 or more, respectively, used in general operations.
- d. Capital projects in the process of construction. Certain public domain fixed assets (including highways, bridges, highways lands and rights-of-way) are not capitalized. No depreciation is provided on general fixed assets.

In the Component Units - Authorities which use the accrual basis of accounting, fixed assets are generally recorded at cost and depreciated over the respective lives of the various assets.

The South Jersey Transportation Authority, New Jersey Highway Authority and New Jersey Turnpike Authority report under the bond resolution basis of accounting. For presentation purposes the maintenance reserve expense of the New Jersey Turnpike Authority has been reclassified from non-operating to operating expense in an amount equal to the estimated depreciation. A similar adjustment was made for the New Jersey Highway Authority and the South Jersey Transportation Authority.

In the Component Units - College and University Funds, fixed assets are generally recorded at cost at date of acquisition or fair value at date of donation in the case of gifts. Certain colleges and universities include the recognition of depreciation in their general fixed assets.

Capital leases are classified as fixed assets in amounts equal to the lesser of the fair market value of the asset or the present value of the net minimum lease payments at the inception of the lease. See Note 6 for details.

5. Other Assets

- a. Due from Other Funds During the course of normal operations the State has numerous routine transactions between funds, including expenditures, and transfers of resources to provide administrative services, program services and service debt. The accompanying financial statements generally reflect such transactions as transfers. Operating transfers represent legally authorized transfers from a fund receiving revenue to the fund through which the resources are to be expended and do not represent reimbursements of expenses. See Note 7 for details.
- b. Due from Intergovernmental Agencies Includes any receivable or payable and due to or due from Component Units Authorities that relates to federal or other governmental agencies.
- c. Advance to Other Funds Noncurrent portions of long-term interfund receivables are reported as advances and are offset equally by a fund balance reserve account which indicates that they do not constitute expendable available financial resources and therefore are not available for appropriation.

H. Equity and Other Credits

- 1. **Contributed Capital** Equity provided by other funds or governmental units for property, plant, and equipment or for original start up costs of Component Units Authorities.
- 2. Investment in General Fixed Assets Used to record the net investment in fixed assets, including land and land improvements, buildings, equipment and construction in progress, as accounted for in the General Fixed Asset Account Group.
- **3.** Cost of Investment in Facilities Used to record the net investment in fixed assets, including land and land improvements, buildings, equipment and construction in progress.

4. Retained Earnings

- a. Reserved Used to earmark a portion of the retained earnings currently unavailable for expense, or a restriction on current retained earnings.
- b. Unreserved An equity account reflecting the accumulated unrestricted earnings of Component Units Authorities.

5. Fund Balance

- a. Reserved for Encumbrances Used to segregate a portion of fund balance to provide for expenditure upon vendor performance of purchase agreements.
- b. Reserved for Higher Education Programs Used to record the portion of fund balance set aside for instruction, research, loans to students, and current operations.
- c. Reserved for Pension Benefits Used to accumulate all active member, State and other

employer contributions and investment income from which all benefit payments are made.

- d. Reserved-Surplus Revenue Used to identify that portion of fund balance, commonly called the "Rainy Day Fund," which represents excess revenues that have been set aside pursuant to P.L. 1990, c.44.
- e. Reserved-Other Used to earmark a portion of the fund balance to indicate it is either a resource currently unavailable for appropriation or expenditure, or a statutory restriction on current fund balance.
- f. Unreserved-Designated for continuing appropriations Used to represent that portion of fund balance which has been appropriated by the Legislature.
- g. Unreserved-Designated for Debt Service Used to identify that portion of the fund balance of the New Jersey Transportation Trust Fund which is made available to satisfy the debt service requirements of the subsequent period.
- h. Unreserved-Undesignated Used to represent that portion of fund balance resources available for appropriation.

I. Fiscal Year End Differences

The following funds have fiscal years that end on December 31, 1995:

Special Revenue Funds

Disciplinary Oversight Committee (formerly Ethics Financial Committee) New Jersey Building Authority New Jersey Lawyers' Fund for Client Protection

Component Units - Authorities

Casino Reinvestment Development Authority Hackensack Meadowlands Development Commission New Jersey Development Authority for Small Businesses, Minorities' and Women's Enterprises New Jersey Economic Development Authority New Jersey Educational Facilities Authority New Jersey Health Care Facilities Financing Authority New Jersey Highway Authority New Jersey Sports and Exposition Authority New Jersey Turnpike Authority New Jersey Urban Development Corporation South Jersey Port Corporation South Jersey Transportation Authority

NOTE 2 - OTHER ACCOUNTING DISCLOSURES

A. Name Changes

Special Revenue Funds

Disciplinary Oversight Committee Fund (formerly Ethics Financial Committee)

Component Units - Colleges

The College of New Jersey (formerly Trenton State College)

B. Deficit Fund Balances

The following funds have deficit fund balances. It is anticipated that bond sales during fiscal year 1997 will relieve most of these deficits (expressed in millions).

Capital Project Funds

New Jersey Bridge Rehabilitation and Improvement	\$ 4.3
and Railroad Right of Way Preservation Fund	
Transportation Rehabilitation and Improvement Fund	\$ 0.3

Special Revenue Funds

Hazardous Discharge Fund of 1981	\$ 3.2
Hazardous Discharge Fund of 1986	\$32.9
Jobs, Education and Competitiveness Fund	\$ 1.7
1992 New Jersey Green Acres Fund	\$ 8.4

C. Revenue and Expenditure Budgets

- 1. The General Fund and four special revenue funds consisting of the Casino Control, Casino Revenue, Gubernatorial Elections, and Property Tax Relief Funds operate under a budgetary control system comprised of:
 - (a) The Annual Appropriations Act approved June 30, 1995 for fiscal year 1996 and various supplemental appropriations approved during the fiscal year.
 - (b) Other authorized appropriations which include reappropriations (authorized by the Annual Appropriations Act) of prior year funds which are available for expenditure in the current year and estimated receipts.
 - (c) Appropriated Revenues (authorized by the Annual Appropriations Act) which established certain revenues as appropriations.

The above items provided the following amounts for the fiscal year 1996 budget:

	Revenue and Other Increases (In Millions)			
		General Fund		Special Revenue Funds
Annual Appropriations Act Other Authorized Appropriations Appropriated Revenue	\$	10,644.7 6,240.7	\$	4,933.4 36.1
Totals	\$	16,885.4	\$	4,969.5

	Expenditures and Other Decreases (In Millions)				
		General Fund	ŀ	Special Revenue Funds	
Annual Appropriations Act Other Authorized Appropriations Appropriated Revenue	\$	11,217.0 1,856.3 6,240.7	\$	5,091.8 16.9 36.1	
Totals	\$	19,314.0	\$	5,144.8	

The fiscal year 1996 expenditure budget includes as other authorized appropriations all estimated federal entitlements. In prior years the expenditure budget included only that portion of federal funds that were expended.

The accompanying Statement of Revenues, Expenditures and Changes in Fund Balances, Budget and Actual - Budgetary Basis presents comparisons of the legally adopted budget with actual data on a budgetary basis.

There were no expenditures in excess of appropriations for those funds operating under an annual budgetary control system. The following presents a reconciliation of the budgetary basis to the GAAP basis of reporting:

Actual on Budgetary Basis to GAAP Basis June 30, 1996 (In Millions)

	General Fund		Special Revenue Funds		
Budgeted Funds: Budgetary basis - net increase (decrease) in fund					
balances for the fiscal year	\$	(501.7)	\$	39.1

Prior year expenditures and other financing uses		(1,353.7)		(22.7)	
Encumbrances		470.0		34.0	
GAAP basis - net increase (decrease) in fund					
balances for the fiscal year		(324.2)		50.4	
Non-Budgeted Funds:					
GAAP basis - net increase (decrease) in fund					
balances for the fiscal year				(64.5)	
Total All Funds:					
GAAP basis - net increase (decrease) in fund					
balances for the fiscal year	\$	(324.2)	\$	(14.1)	

2. Other special revenue funds, capital projects funds, and trust funds do not operate under an annual budgetary control system, but expenditures are authorized by the enabling legislation. Accordingly, the Statement of Revenues, Expenditures and Changes in Fund Balances, Budget and Actual - Budgetary Basis does not include these funds.

3. The State Lottery operates under an informal budgetary control system approved by the New Jersey State Lottery Commission which for fiscal year 1996 resulted in the Governor's revenue certification of \$666.5 million representing transfers from the State Lottery Fund to the General Fund for administration (\$21.0 million) and for state institutions and education (\$645.5 million).

D. Joint Ventures

The Port Authority of New York and New Jersey One World Trade Center New York, NY 10048

Joint ventures are independently constituted entities generally created by two or more governments for a specific purpose such as contracting and maintaining an interstate bridge. Pursuant to current financial reporting standards, the State does not record its equity in joint ventures. The only significant joint venture in which the State of New Jersey participates is the Port Authority of New York and New Jersey. Other joint ventures are immaterial.

The Port Authority is a municipal corporate instrumentality of the States of New York and New Jersey created by compact between the two states in 1921 with the consent of the Congress of the United States. It is authorized and directed to plan, develop and operate terminals and other facilities of transportation and commerce, and to advance projects in the general fields of transportation, economic development, and world trade that contribute to promoting and protecting the commerce and economy of the Port District, defined in the compact, which comprises an area of about 1,500 square miles in both states, centering about New York Harbor. The Governor of each state appoints six of the twelve members of the governing Board of Commissioners, subject to confirmation by the respective State Senate. Each governor has from time to time exercised the statutory power to veto the actions of the commissioners from his state.

The commissioners serve six-year overlapping terms as public officials without compensation. They establish Authority policy, appoint an Executive Director to implement it, and also appoint a General Counsel to act as legal advisor to the Board and to the Executive Director. The Authority undertakes only those projects authorized by the two states.

The compact envisions the Port Authority as being financially self-sustaining and, as such, it must obtain the funds necessary for the construction or acquisition of facilities upon the basis of its own credit, its reserve funds and its future revenues. The agency has neither the power to pledge the credit of either state or any municipality nor to levy taxes or assessments.

Consolidated financial statements for the Port Authority for the fiscal year ended December 31, 1995 disclosed the following (expressed in thousands):

In accordance with Governmental Accounting and Financial Reporting Standards (GASB) Codification L20.126, leases between State and Local Governments and Public Authorities, the debt and assets of the New Jersey Building Authority have been reduced for presentation herein in the amount of \$332.5 million, the amount of the present value of future lease payments by the State to the New Jersey Building Authority as of December 31, 1995.

GASB Statement 24, "Accounting and Financial Reporting for certain Grants and Other Financial Assistance" was adopted during FY96 resulting in recording an additional \$514.7 million in federal grant revenues and economic planning, development and security expenditures and \$142.9 million in other assets and deferred revenues relating to the State's food stamp program.

NOTE 3 - CASH AND CASH EQUIVALENTS

All funds maintain their own individual bank account(s) except for the Casino Control, Casino Revenue, Gubernatorial Elections, Special Transportation and Property Tax Relief Funds which are in the General Fund bank accounts. The balances of cash for these funds held in the General Fund, after receipt and disbursement transactions, are accounted for and reflected in the respective due from or due to accounts on the balance sheet.

New Jersey Revised Statutes (52:18-16.1) sets the policy that the State Treasurer must follow when depositing State funds and for the collateralization of such funds. The relationship between the face amount of the collateral and the amount of a deposit is not statutory but is stipulated by the State Treasurer. All bank accounts in which the State Treasurer deposits funds as well as certificates of deposit must be collateralized. Securities pledged as collateral must consist of obligations of, or be guaranteed by, the United States or the State of New Jersey. Securities are pledged in the State Treasurer's name and held by a custodian bank under a custodian agreement. Collateral requirements for demand accounts and time accounts for banks having less than \$15 million in State deposits per month are 100% and 120% of collateral, respectively, of the highest daily balance of each account. For banks that have State deposits which total \$15 million or more per month, the amount of collateral required is 120% of the total average daily balance on deposit in the bank during each calendar quarter of the year. The amount of collateral required for certificates of deposit is 120% of par value minus FDIC coverage.

The State Department of Treasury monitors the level of collateral required to be maintained by the banks.

The Governmental Accounting Standards Board Statement 3 requires the bank balances of deposits to be categorized to indicate the level of risk assumed by the entity. Category 1 consists of deposits that are insured or collateralized with securities held by the entity or by its agent in the entity's name. Category 2 consists of deposits collateralized with securities held by the pledging financial institutions trust department or agent in the entity's name. Category 3 consists of deposits which are uncollateralized.

Cash and cash equivalents are categorized below for all funds excluding discretely presented component units (expressed in millions):

	Cate	gory 1	Category	z 2	Cate	gory 3	I	Fotal Bank Mance	Ca	Fotal arrying mount

Negative book balances of \$443.6 million representing a managed overdraft have been reclassified and are included in the accounts payable balance on the balance sheet as follows:

NOTE 4 - INVESTMENTS

All securities purchased are recorded at cost and amortized for premium or discount except for investments of the Deferred Compensation Fund and the Supplemental Annuity Collective Trust Fund which are recorded at market value totaling \$464.3 million. At June 30, 1996 the book value of these funds is \$342.8 million. Securities received as donations and from settlement of claims are recorded at market value when received, and any difference between that and the par value is amortized. Investments of Common Pension Fund A, Common Pension Fund B and Common Pension Fund D totaling \$30.2 billion are recorded at cost. The market value of these investments at June 30, 1996 is \$40.6 billion.

In addition to the amounts invested directly, most of the funds included herein participate in the State of New Jersey Cash Management Fund, a large scale investment program, which includes participation by other non-state units of government. The State's participation in the State of New Jersey Cash Management Fund for other fund types is reflected as part of Due from other funds on the Balance Sheet and consists of the following:

Funds	Amount Invested (In Millions)			
Debt Service	\$	26.8		
General Fund		1,327.6		
Special Revenue Funds		1,297.2		
Capital Projects Funds		76.7		
Trust and Agency Funds		4,230.6

Casino Control, Casino Revenue, Gubernatorial Elections, Special Transportation and Property Tax Relief Funds do not maintain separate investment accounts. Since cash transactions are handled by and through the General Fund as described in Note 3, any available cash balances for these funds reside in the General Fund and are combined with other balances for either participation in the State of New Jersey Cash Management Fund or direct investment as part of the General Fund large scale investment program. Except for the Casino Revenue Fund and the Casino Control Fund, investment earnings for these funds accrue to the General Fund.

The value of the Cash Management Fund at the balance sheet date approximates market value.

Approximately \$1.2 billion of investments represents deposit fund contracts for future installment payments of lottery prizes due beyond one year from the balance sheet date. Lottery prizes are funded by the purchase of deposit fund contracts which, when matured, will provide amounts sufficient for future payment of installment prizes. Purchases of deposit fund contracts are recorded as an expenditure in the State Lottery Fund in the year of purchase. An agency fund has been established to record the deposit fund contracts and related liabilities at present value. In the event of default in making future payments by the insurance company from which the contracts were purchased, the State Lottery Commission would be liable for such future payments. Face value of deposit fund contracts approximates \$2.0 billion.

Statutes of the State of New Jersey and regulations of the State Investment Council authorize the Division of Investment to invest in obligations of the U.S. Treasury, foreign governments, agencies, and municipal or political subdivisions of the State, commercial paper, bankers acceptances, revenue obligations of public authorities, debt instruments of banks, collateralized notes and mortgages, certificates of deposit, repurchase agreements, equity and convertible equity securities and other common types of investment securities. Investee institutions and organizations are prescribed by the statutes and regulations based on such things as minimum capital, dividend paying history, credit history, and other evaluation factors.

The purchase, sale, receipt of income and other transactions affecting investments are governed by custodial agreements between the investing funds through the State Treasurer and custodian banks as agents for the funds. State laws and policies set forth the requirements of such agreements and other particulars as to the size of the custodial institution, amount of the portfolio to be covered by the agreements and other pertinent matters.

Federal securities, including those held as collateral on repurchase agreements, are maintained at Federal Reserve Banks in Philadelphia and New York through the custodian banks, in trust for the State of New Jersey. A significant portion of corporate equity and debt securities are maintained by the Depository Trust Company (DTC) through the custodian banks in trust for the State of New Jersey.

Securities not maintained by the Federal Reserve Banks or DTC are in the name of a designated nominee representing the securities of a particular state fund which establishes the state fund's unconditional right to the securities. The custodian banks as agents for the state funds maintain internal accounting records identifying the securities maintained by the Federal Reserve Banks and the DTC as securities owned by or pledged to the state funds.

The Governmental Accounting Standards Board Statement 3 requires investments be categorized to indicate the level of risk assumed by the entity. Category 1 consists of investments that are insured or registered or for which the securities are held by the entity or its agent in the entity's name. Category 2 consists of uninsured and unregistered investments for which the securities are held by counterparties' trust department or agent in the entity's name. Category 3 includes uninsured and unregistered investments for which the securities are held by the counterparties' trust department or agent by the counterparties' trust department or agent but not in the entity's name. Investments for all funds are classified as Category 1 and are detailed below (expressed in millions):

NOTE 5 - RECEIVABLES

A. Federal

Federal government grant awards are established against State appropriations. Federal government receivables are comprised of amounts expended against grant awards, the expenditure of which is the basis of reimbursement. Since all amounts due from the Federal government are considered to be collectible, no allowance has been established for doubtful collections. Also see Note 20 - Contingent Liabilities.

These Federal receivables are reported in conformance with generally accepted accounting principles as defined in Statement 2 - Grant, Entitlement and Shared Revenue Accounting and Reporting by State and Local Governments published by the National Council on Governmental Accounting. Inasmuch as encumbrances do not constitute expenditures, and since recognition of grants and entitlements as revenue is primarily based on expenditures, there is an additional \$1.9 billion of Federal government awards consisting of encumbrances and appropriation balances which are considered unearned and unrecorded as of June 30, 1996.

B. Departmental

Departmental accounts receivable include amounts which were substantially collected within the one month period subsequent to June 30 and include most major tax revenues. Amounts included in these receivables but not collected within the one month period subsequent to June 30 are deemed to be collectible, and are reflected net of allowances of \$106.8 million.

C. Loans and Other

Loans receivable of \$1,566.9 million are reduced by allowances of \$15.8 million and include \$10.8 million due the Luxury Tax Fund from the Atlantic County Improvement Authority for housing projects, \$742.7 million due from local units of government and other recipients for environmental projects, \$742.2 million representing loans from respective pension funds to participating members of the pension funds, \$29.4 million loaned for economic development within local units of government, and \$18.7 million loaned for housing and mortgage assistance.

Other receivables totaling \$1,922.8 million are reduced by allowances of \$440.7 million and include \$402.1 million of accrued interest and dividends on investments, contributions due from employers and members to the respective pension funds of \$710.2 million, contributions due from employers and members to the Health Benefits Fund of \$39.0 million, \$196.4 million due from the Port Authority of New York and New Jersey, and \$49.0 million due from various companies.

NOTE 8 - DEFERRED REVENUE

Deferred revenue represents amounts received but not earned as of June 30. These amounts will be earned in subsequent fiscal years.

Deferred revenue at June 30, 1996 in the General Fund (\$447.9 million) consists principally of amounts due from the Port Authority of New York and New Jersey, motor vehicle licenses and registrations, insurance licensing, professional board licenses and fees and food stamp inventory (in accordance with the provisions of GASB Statement 24). The amount at June 30, 1996 in the Petroleum Overcharge Reimbursement Fund (\$22.7 million) represents oil overcharge monies, which have been received, but remain unexpended. In addition, the Health Benefit Program Fund reflects deferred revenue of \$17.0 million representing premiums received in June 1996 for July 1996 coverage.

NOTE 9 - LONG-TERM OBLIGATIONS

A. Summary of Long-Term Obligations

A summary of long-term obligations at June 30, 1996 is shown below:

	Amount In Thousands		
<u>General Long-Term Debt</u>			
General obligation bonds	\$	3,688,361	
Revenue bonds		2,371,955	
Accumulated sick and vacation payable		412,836

Certificates of participation		35,260	
Loans payable		960,000	
Total General Long-Term Debt	\$	9,211,138	

B. Debt Service Payments

The following schedule represents debt service payments for the next five years and thereafter (expressed in thousands):

	Ger Long-Te Accoun		
	 State Bonded Debt	 Revenue Bonds	 Total
First	\$ 250,911	\$ 59,180	\$ 310,091
Second	287,675	69,520	357,195
Third	285,985	81,629	367,614
Fourth	285,630	85,222	370,852
Fifth	286,860	89,197	376,057
Thereafter	 2,291,300	 1,987,207	 4,278,507
Total	\$ 3,688,361	\$ 2,371,955	\$ 6,060,316

The general obligation bonded debt outstanding as of June 30, 1996 is \$3.7 billion which is secured by the full faith and credit of the State (the General Fund). The amount to be provided for retirement of general obligation bonds on the balance sheet represents appropriations to be provided in the future from the General Fund for principal payments.

Outstanding bonded debt of the State as of June 30, 1996 was \$3.7 billion. The New Jersey Transportation Trust Fund issued \$804.5 million in new bonds on August 3, 1995, \$788.2 million in new bonds on August 24, 1995 and \$344.1 million in new bonds on February 29, 1996.

The amount provided by the General Fund to the Debt Service Fund for interest and principal payments for the fiscal year ended June 30, 1996 was \$453.4 million. This is reflected in the Statement of Revenues, Expenditures and Changes in Fund Balances as a Transfer to other funds in the General Fund and a Transfer from other funds in the Debt Service Fund.

On May 16, 1996, the State issued general obligation bonds of \$526.8 million with an interest rate of 5.15 percent to advance refund general obligation serial bonds with coupons ranging from 5.30 percent to 7.95 percent. The general obligation refunding bonds were issued above par. The net proceeds from the issuance of the general obligation refunding bonds were used to purchase United States Treasury Obligations--State and Local Government Series. The securities were deposited into an irrevocable trust with an escrow agent to provide debt service payments on the refunded bonds until either their call date or their maturity date. The advance refunding met the requirements of an in-substance debt defeasance and the related general obligation serial bonds have been removed from the State's General Long-Term Debt Account Group.

As a result of the advanced refunding, the State realized a present value savings of \$15.7 million.

In prior years, the State has refunded various bond issuances by creating separate irrevocable trust funds. Refunding debt has been issued and the proceeds have been used to purchase United States Treasury Obligations--State and Local Government Series that were placed in the trust funds. The investments and fixed earnings from the investments are sufficient to fully service the defeased debt until the debt is called or matures. For financial reporting purposes, the debt has been considered defeased and therefore removed as a liability from the State's General Long-Term Debt Account Group. As of June 30, 1996, the amount of defeased debt outstanding but removed from the General Long-Term Debt Account Group amounted to \$1,309.7 million.

In addition, the State (the General Fund) has guaranteed the principal and interest payments on certain bonds issued by the New Jersey Sports and Exposition Authority. The amount outstanding on these bonds as of December 31, 1995 is \$467.4 million. The State's liability is contingent upon the Authority's inability to meet such debt service requirements through derived revenues. The State believes that the revenue of the Authority will be sufficient to provide for the payment of debt service on these obligations without recourse to the State's guarantee. The State has contracted with the Authority to provide annual appropriations to the Authority in amounts sufficient to provide for the debt service on certain other bonds issued by the Authority (State Contract Bonds). At June 30, 1996, the amount outstanding was \$463.3 million.

The State may be required to provide appropriations to meet any annual deficiencies in debt service for the South Jersey Port Corporation and the New Jersey Housing and Mortgage Finance Agency. However, the Legislature is not legally bound to make such appropriations for these "moral obligation" bonds.

The New Jersey Housing and Mortgage Finance Agency has not had a deficiency in a debt service reserve which required the State to appropriate funds.

The State provides the South Jersey Port Corporation with funds to cover all debt service and property tax requirements when the Corporation's earned revenues are anticipated to be insufficient to cover these obligations. In January 1996, the Corporation certified that it would be unable to provide sufficient funds from operations for debt reserve and would, therefore, require a State appropriation for 1996 in the amount of \$5.4 million.

C. Changes in Long-Term Debt

The following schedule represents the changes in the General Long-Term Debt Account Group (expressed in thousands):

	Outstanding July 1, 1995		Additions		Deductions		Outstanding June 30, 1996

*Opening balances have been restated based on reclassification of Installment Obligations as Revenue Bonds.

D. Capital Lease and Installment Obligations

The State has entered into various lease and installment purchase agreements as a means of acquiring capital assets.

The following is a schedule, by fiscal year, of future minimum lease payments under capital leases together with the present value of the net minimum lease payments as of June 30, 1996 (expressed in thousands):

<u>Fiscal Year</u>	Lo	General ng-Term oligations
1997	\$	16,288
1998		13,823
1999		12,413

Thereafter		112,692
Total minimum lease payments		178,361
Less: Amount representing interest		119,878
Present value of lease principal payments	\$	58,483

Installment purchases represent agreements between the State and several authorities which have issued their obligations to purchase or construct facilities to be rented by the State. The State agrees to make rental payments equal to the debt service of the respective authorities' funds, subject to and dependent upon appropriations being made by the State Legislature for such purposes. The following is a schedule, by fiscal year, of future installment payments together with the present value of net minimum installment payments, as of June 30, 1996 (expressed in thousands) for both installment purchases as well as various other installment obligations of the State:

<u>Fiscal Year</u>	General Long-Term Debt Account Group

Total minimum installment payments		3,031,928	
Less: Amount representing interest		1,347,685	
Present value of installments principal payments	\$	1,684,243	

Those obligations identified as certificates of participation represent a series of master lease agreements with a trustee from the sale of certificates of participation. The State is required to make aggregate payments on the equipment that approximate the interest and principal payments to be made by the trustee to certified holders. On September 15, 1992 an issue was sold of which \$124,525,000 of the proceeds was used to refund several prior issues and which also contained \$21,900,000 in new certificates. Details of the various agreements are as follows (expressed in thousands):

	Or	iginal Issues

participation principal payments	\$	35,260

E. Loans Payable

In addition, the New Jersey Automobile Insurance Guaranty Fund has received a loan of \$960.0 million from the New Jersey Property-Liability Insurance Guaranty Association. This loan will be repaid to the Association when the financial obligations of the Joint Underwriters Association (JUA) have been fully satisfied.

NOTE 10 - OTHER LIABILITIES

Other liabilities at June 30, 1996 include the following:

Deposits and accumulated earnings on investments of \$2.8 billion are due to local units of government and school districts from the State of New Jersey Cash Management Fund. In the General Fund, \$69.3 million of other liabilities and in the Property Tax Relief Fund \$49.3 million of other liabilities consists principally of revenue refunds payable. In Common Pension Fund D \$1.9 billion represents contracts entered into by the Fund to hedge its investment portfolio denominated in foreign currencies.

NOTE 11 - FUND BALANCE RESERVED-OTHER

The following portions of fund balances have been reserved:

General Fund

The \$35.5 million reservation in the General Fund, consists principally of long-term advances and receivables due from individuals, estates, municipalities, railroads and other funds that are considered not currently available for appropriation.

Special Revenue Funds

Beaches and Harbor Fund

Trust Funds

Fund for Support of Free Public Schools

New Jersey Statutes provide for the establishment of a School Bond Reserve within this fund, in an amount equal to at least one and one-half percent of the aggregate issued and outstanding bonded indebtedness of counties, municipalities or school districts for school purposes, exclusive of the debt service for bonds as provided by State appropriations. Accordingly, \$40.4 million of this fund balance has been reserved at June 30, 1996.

Higher Education Assistance Fund

\$2.5 million represents loans to students that will be paid over an extended period of time.

Public Employees' Retirement System (PERS) and Teachers' Pension and Annuity Fund (TPAF)

\$79.3 million and \$61.5 million respectively, has been reserved as part of the Contributory Group Insurance Premium Fund. The Contributory Group Insurance Premium Fund represents the accumulation of member contributions in excess of premiums disbursed to the insurance carrier since the inception of the contributory death benefit program plus reserves held by the insurance carrier.

Members are required by statute to participate in the contributory group insurance plan in their first year of membership and may cancel the contributory coverage thereafter. The current contribution rate for this coverage is .55 of 1% of salary for PERS, and .40 of 1% of salary for TPAF.

Unsatisfied Claim and Judgment Fund

\$4.9 million represents receivables to be paid to the fund over an extended period of years.

NOTE 12 - OTHER FINANCING SOURCES/USES - OTHER

Major items are as follows:

Special Revenue Funds

New Jersey Automobile Insurance Guaranty Fund

\$160.0 million in Other Financing Sources-Other represents long-term financing from the New Jersey Property-Liability Insurance Guaranty Association.

General Fund

\$546.3 million in Other Financing Sources/Uses-Other represents proceeds from refunding bond sale and the corresponding deposit with the escrow agent. In addition, \$94.0 million in Other Financing Sources-Other represents the transfer of surplus market transition facility funds.

NOTE 13 - OPERATING LEASES

The State of New Jersey has commitments to lease certain buildings and equipment under arrangements representing operating leases. Future minimum rental commitments for noncancellable operating leases as of June 30, 1996 are as follows (expressed in thousands):

Fiscal Year Ending June 30

NOTE 14 - ACCUMULATED UNPAID SICK AND VACATION BENEFITS

Cash payments for accumulated sick leave balances are made to retiring employees upon regular retirement. The payment is based on fifty percent of the employee's sick leave accumulation, at the pay rate in effect at the time of retirement up to a maximum of \$15,000. Employees separating from State service prior to retirement are not entitled to payments for accumulated sick leave balances.

At June 30, 1996, accumulated employee sick leave balances had an estimated value of \$318.2 million which is reflected in the General Long-Term Debt Account Group. Cash payments for sick leave at retirement are made from annual legislative appropriations for salaries and wages on a "pay-as-you-go" basis. Sick leave accumulations may also be used by an employee for a personal illness or injury as a means of continuing regular pay during illness or injury.

As of June 30, 1996, the liability for accumulated vacation pay of approximately \$94.6 million is reflected in the General Long-Term Debt Account Group. Employees annually earn 12 to 25 vacation days based on years of service and are permitted to carry over those days earned within a one year period.

NOTE 15 - DEFERRED COMPENSATION

The State offers its employees a deferred compensation plan created in accordance with Internal Revenue Code Section 457. The plan, which is administered by the Division of Pensions, permits participants to defer a portion of their salary until future years. Amounts deferred under the plan are not available to employees until termination, retirement, death or unforeseeable emergency.

All amounts of compensation deferred under the plan, all property and rights purchased with the amounts, and all income attributable to these amounts are solely the property and rights of the State, subject only to the claims of the State's general creditors. Participants' rights under the plan are equal to those of general creditors of the State in an amount equal to the fair market value of the deferred account of each participant. The State has no liability for losses under the plan but does have the duty of due care that would be required of an ordinary prudent investor. The State believes it is unlikely that the plan assets will be used to satisfy future claims of general creditors.

NOTE 16 - RETIREMENT SYSTEMS

The State of New Jersey sponsors and administers the following contributory defined benefit public employee retirement systems which have been established by State statutes. All of the systems are single-employer plans except for CPFPF, PERS and PFRS, which are cost-sharing multiple employer plans. The systems have elected to report in conformity with National Council on Governmental Accounting (NCGA) Statement No. 1 which represents an acceptable reporting alternative under generally accepted accounting principles (GAAP) for retirement systems along with Financial Accounting Standards Board (FASB) Statement No. 35 and NCGA Statement No. 6. The effective dates of the aforementioned statements were deferred indefinitely to allow the GASB to formulate GAAP for public employee retirement systems.

Consolidated Police and Firemen's Pension Fund (CPFPF)--established in January 1952, under the provisions of N.J.S.A. 43:16 to provide coverage to municipal police and firemen who were appointed prior to July 1, 1944. The fund is a closed system with no active members. Members are eligible to retire at age 60 after 25 years of service. Pension benefits are equal to 60 percent of the member's final compensation plus one percent for each year of creditable service in excess of 25 years, but not more than 30 years. Under State statutes, contributions are required by State-related employers and the State.

Judicial Retirement System (JRS)--established in June 1973, under the provisions of N.J.S.A. 43:6A to provide coverage to all members of the State judiciary system. Membership is mandatory for such employees with vesting after five years of successive service as a judge and 10 years in the aggregate of public service. Retirement benefits vary up to 75 percent of final compensation, depending on age and combinations of length of service as judge and public servant. Prior to January 18, 1982 the Plan was non-contributory. Subsequent thereto members are required to contribute three percent of the difference in the salary of their current position and the salary of that position at January 18, 1982.

Police and Firemen's Retirement System (PFRS)--established in July 1944, under the provisions of N.J.S.A. 43:16A to provide coverage to substantially all full time county and municipal police or firemen and State firemen appointed after June 30, 1944. Membership is mandatory for such employees with vesting occurring after 10 years of membership. A member may retire at age 55 with a benefit equal to two percent of average compensation for each year of creditable service up to 30 years, plus one percent for each year of creditable service in excess of 30 years.

Prison Officers' Pension Fund (POPF)--established in January 1941, under the provisions of N.J.S.A. 43:7 to provide coverage to various employees of the State penal institutions who were appointed prior to January 1, 1960. New employees are enrolled in the Police and Firemen's Retirement System. All active members have vested rights. Members are eligible for retirement after 25 years of service or at age 55 with 20 years of service. The benefit is calculated as a percentage of three-year average final compensation and adjusted for service over 30 years or 50 percent of final pay, whichever is higher.

Public Employees' Retirement System (PERS)--established in January 1955, under the provisions of N.J.S.A. 43:15A to provide coverage including post-retirement health care to substantially all full time employees of the State or any county, municipality, school district or public agency provided the employee is not a member of another State-administered retirement system. Membership is mandatory for such employees and vesting occurs after 8 to 10 years of service. Members are eligible for retirement at age 60 with a benefit generally determined to be 1/60th of the average annual compensation for the highest three fiscal years' compensation for each year of membership during years of creditable service.

State Police Retirement System (SPRS)--established in July 1965, under the provisions of N.J.S.A. 53:5A to provide coverage to all uniformed officers and troopers of the State Police in the State. Membership is mandatory and vesting occurs after 10 years of membership. Members are eligible for retirement after 20 years of service with a mandatory retirement age of 55. The retirement benefit is 50 percent of the member's final compensation plus an additional two percent of final compensation for each year in excess of 20 years of creditable service but not over 25. Special retirement is available to members establishing 25 years of service and is calculated as 60 percent of final compensation plus one percent of final compensation for each year of creditable service over 25 years, to a maximum of 70 percent of final compensation.

Teachers' Pension and Annuity Fund (TPAF)--established in January 1955, under the provisions of N.J.S.A. 18A:66 to provide coverage including post-retirement health care to substantially all full time public school employees in the State. Membership is mandatory for such employees and vesting occurs after 10 years of service for pension benefits and 25 years for health care coverage. Members are eligible for retirement at age 60 with a benefit generally determined to be 1/60th of the average annual compensation for the highest three fiscal years' compensation for each year of membership during years of creditable service.

Other Pension Systems:

In addition to the above retirement systems, the State established and administers a Supplemental Annuity Collective Trust Fund (SACT) which is available to active members of several State-administered retirement systems to purchase annuities to supplement the guaranteed benefits provided by their retirement system. The state or local governmental employers do not appropriate funds to SACT.

The State also administers the Central Pension Fund (CPF) which is a non-contributory defined benefit plan for the pension allowances established by various State statutes related to special groups not included in other State-administered systems. Each of the various statutes governing the CPF prescribes the condition for payment of such pension and designates the agencies or officers having the authority to grant pensions thereunder. The Fund is not actuarially reserved nor does the State receive actuarial valuations for this system. The State funds the plan as benefit allowances become payable, and there are no active members in the plan.

The State also administers the Pension Adjustment Program which provides cost of living increases, equal to 60 percent of the change in the average consumer price index, to eligible retirees in all State-sponsored pension systems. In the CPFPF and POPF, the cost of living increases are payable from the State of New Jersey Pension Adjustment Fund which is funded by the State as benefit allowances become payable. The cost of living increases for PFRS, PERS, TPAF, SPRS and JRS are funded directly by each of the respective Systems and are considered in the annual actuarial calculation of the required State contribution for that System.

Pension Benefit Obligation

The "pension benefit obligation" is a standardized disclosure measure representing the present value of pension benefits adjusted for the effects of projected salary increases estimated to be payable in the future based on employee service credited to date. The measure, which is the actuarial present value of credited projected benefits, is intended to help users assess the funding status of the Systems on a going concern basis, assess progress made in accumulating sufficient assets to pay benefits when due and make comparisons among employers. This measure is independent of the actuarial funding method used to determine employer contributions to the Systems discussed under the "contributions required and contributions made" section.

The unfunded pension benefit obligations were determined as part of the most recent actuarial valuations as noted in the table. The liabilities for PERS and TPAF were determined as of March 31, 1995 and projected forward to June 30, 1995 allowing for increases in benefits and variations in the population during the three month period.

The current membership and unfunded pension benefit obligation as of the date of the most recent actuarial valuation for each respective plan are as follows (expressed in thousands except for membership data):

Contribution Required and Contribution Made

The Systems provide for employee contributions based on percentages ranging from 4.00 percent to 8.5 percent of employees' annual compensation. Funding by State and State-related employers are based upon annual actuarially determined percentages of total compensation of all active members. The amount necessary to provide the Systems with assets sufficient to meet benefits is determined annually. The State appropriation for the June 30, 1996 fiscal year end, due on or before June 30, 1996, is based on 1994 actuarial valuations and the State-related employer contributions are payable and accrued on June 30, 1996 based on the most recent 1995 actuarial valuations. The State's annual contribution approximates the actuarially determined pension cost for the year.

The total State payroll for fiscal year 1996 was \$3.3 billion.

All systems, except CPFPF and POPF, use the Projected Unit Credit method of funding. Under this method, employers are required to make a normal contribution and an accrued liability contribution, if necessary, to meet the cost of basic pension benefits, cost of living adjustments, noncontributory death benefits and post-retirement medical premiums (in PERS and TPAF only). The significant actuarial assumptions used to compute the actuarially determined contribution requirements are the same as those used to compute the pension benefit obligation.

The unfunded accrued liabilities of the various retirement systems, based on the 1995 actuarial valuations, total \$4.3 billion. This amount is being amortized over periods ranging from 4 to 37 years.

Actuarially determined contributions and actual contributions are presented in the following table:

NOTE 17 - POST-RETIREMENT MEDICAL BENEFITS

Chapter 384 of Public Laws 1987 and Chapter 6 of Public Laws 1990 required TPAF and PERS, respectively, to fund post-retirement medical benefits for those State employees who retire after reaching age 60 and accumulating 25 years of credited service. As of June 30, 1996, there were 37,995 retirees eligible for post-retirement medical benefits. The cost of these benefits is funded through contributions by the State in accordance with Chapter 62, P.L. 1994. Funding of post-retirement medical premiums changed from a prefunding basis to a pay-as-you-go basis beginning in fiscal year 1994 with an additional contribution beginning in fiscal year 1996 which will increase the medical reserve by one half of 1% of payroll.

The State contributed \$55.6 million to the PERS and \$122.5 million to the TPAF in fiscal year 1996 to meet the cost of current year's anticipated medical premiums.

The unfunded obligation for post-retirement medical benefits as of June 30, 1995 for each of the funds is as follows (expressed in millions):

	T	'PAF	<u> </u>	ERS
Post-retirement medical benefit obligations: Retirees and beneficiaries currently receiving				
benefits and terminated employees not yet				
receiving benefits	\$	1,174	\$	405
Current employees:				
Employer financed-vested		1,403		468
Employer financed-nonvested		89		81
Total post-retirement medical benefit obligation		2,666		954
Net assets available for benefits at cost		284		54
Unfunded post-retirement medical benefit obligation	\$	2,382	\$	900

The actuarial cost method and assumptions used to determine the unfunded post-retirement medical benefit obligation are the same as those used to determine the pension benefit obligation described in Note 16.

In addition, chapter 136, P.L. 1977 provides for the State to pay health benefits coverage of retired state employees regardless of retirement date whose pensions are based upon 25 years or more of credited service (except those who elect a deferred retirement) or a disability retirement regardless of years of service. Excluded from these benefits are retirees from the Public Employees' Retirement System and the Teachers' Pension and Annuity Fund which finance the cost of providing the same health benefits coverage to the retirees.

These benefits are funded by the State on a "pay as you go" basis. For fiscal year 1996, the State contributed \$11.83 million for 2,864 eligible retired members.

The State is also responsible for the cost attributable to Chapter 126, P.L. 1992, which provides free health benefits to members of PERS, TPAF and ABP who retired from a board of education or county college with 25 years of service. In fiscal year 1996, the State paid \$11.45 million toward Chapter 126 benefits for 3,391 eligible retired members.

NOTE 18 - COMPONENT UNITS - AUTHORITIES

The accounts of public authorities, private not-for-profit corporations and similar entities (hereinafter called Authorities) in the accompanying financial statements are derived from their most recently issued annual financial statements. Authorities are legally separate entities that are not operating departments of the State.

The activities of the New Jersey Building Authority and the New Jersey Transportation Trust Fund Authority have been blended into the financial activities of the State as special revenue funds, debt service fund and general long-term account group. All other Authorities have been discretely presented as component units in the State's financial statements in accordance with GASB Statement 14. Accordingly, the statements of these Authorities have been discretely presented in separate columns in the State's financial statements.

The Authorities are managed independently, outside the appropriated budget process and their powers generally are vested in the governing board. Authorities are established for a variety of purposes for the benefit of the State's citizenry such as economic development, financing, public transportation, low cost housing, environmental protection and capital development for health and education purposes. In addition, they are not subject to State constitutional restrictions on the incurrence of debt, which apply to the State itself, and may issue bonds and notes within legislatively authorized amounts.

The Governor, with the approval of the State Senate, appoints the members of the board of most Authorities. Authorities generally submit annual reports to the Governor, the Legislature and the Comptroller on their operations and finances accompanied by an independent auditor's report thereon. Authorities also submit to the Governor and the Legislature annual budget information on operations and capital construction. The Governor has from time to time exercised the statutory power to veto actions.

Descriptions of the discretely presented Authorities and addresses from which complete financial statements of the respective Authority may be obtained is provided at the conclusion of Note 18.

The following pages represent condensed financial statements for each major discretely presented Authority included in the component unit column in the general purpose financial statements (GPFS). All nonmajor discretely presented Authorities are presented in the aggregate.

B. Cash and Cash Equivalents

Governmental Accounting Standards Board Statement 3 requires the bank balances of deposits to be categorized to indicate the level of risk assumed by the entity. Category 1 consists of deposits that are insured or collateralized with securities held by the entity or by its agent in the entity's name. Category 2 consists of deposits collateralized with securities held by the pledging financial institutions trust department or agent in the entity's name. Category 3 consists of deposits which are uncollateralized.

The Component Units - Authorities generally classify as cash and cash equivalents all highly liquid investments with an original maturity of three months or less.

Cash and cash equivalents are categorized below for all discretely presented Authorities (expressed in thousands):

	Ca	tegory I	C	ategory 2	Cat	tegory 3]	Total Bank Balance	Total arrying Balance

Cash and cash equivalents for proprietary and governmental component units total \$169.7 million and \$274.9 million respectively.

C. Investments

The Authorities primarily invest in U.S. Government Securities, other Government bonds and securities, and mortgage backed certificates. Governmental Accounting Standards Board Statement 3 requires investments to be categorized to indicate the level of risk assumed by the entity. Category 1 consists of investments that are insured or registered or for which the securities are held by the entity or its agent in the entity's name. Category 2 consists of uninsured and unregistered investments for which the securities are held by counterparties' trust department or agent in the entity's name. Category 3 includes uninsured and unregistered investments for which the securities are held by the counterparties' trust department or agent but not in the entity's name. Certain Authorities issue their own revenue bonds and bond anticipation notes. Bond anticipation notes are generally repaid from the proceeds of revenue bonds to be issued from renewal of the notes, Federal or State aid or other sources relative to the purpose of the issuance. Revenue bonds, except as disclosed, are not obligations of the State of New Jersey. The State of New Jersey has entered into an agreement with the New Jersey Economic Development Authority whereby the State has agreed to annually pay to the Economic Recovery Fund, maintained by the Authority, an amount equivalent to the amount due to the State each year by the Port Authority of New York and New Jersey pursuant to the regional economic development agreement subject to and dependent upon appropriations being made for such purposes by the State Legislature.

H. Description of Authorities

Casino Reinvestment Development Authority (N.J.S.A. 5:12-153) 1014 Atlantic Avenue Atlantic City, New Jersey 08401 Fiscal Year Ending December 31, 1995

The Authority was created in 1984 to maintain public confidence in the casino gaming industry as a tool of urban redevelopment throughout New Jersey and to directly facilitate the redevelopment of blighted areas by providing eligible projects in which licensees (Casinos) can invest. NOTE 19 - COMPONENT UNITS - COLLEGE AND UNIVERSITY FUNDS

Effective July 1, 1987, nine State colleges whose revenues and expenditures were previously accounted for in the General Fund of the State of New Jersey, were given autonomous status as a result of Chapters 42 and 88 of Public Law of 1988.

The financial statements of the colleges and universities have been prepared in accordance with the American Institute of Certified Public Accountants' "Industry Audit Guide - Audits of Colleges and Universities" and Governmental Accounting Standards Board (GASB) Statement 14, "The Financial Reporting Entity." Accordingly, the statements of these funds have been discretely presented in a separate column in the combined balance sheet. Additionally, the statement of changes in fund balances and statement of current funds, revenues, expenditures, and other changes have been presented in separate statements. The financial statements do not include the financial activity related to foundations and similar organizations within the colleges and universities.

Descriptions of the colleges and universities as well as addresses from which audit reports of the individual college and universities can be obtained is provided at the conclusion of this note.

A. Fund Accounting

The financial activities of the colleges and universities are recorded in funds which classify the various transactions by specified activities or objectives. Fund balances of such funds are reported as reserved for higher education programs and higher education general endowment and similar funds. The financial statements presented here are an aggregation of these fund types. Data regarding these funds can be obtained in the audit reports of the individual college and university funds for the year ended June 30, 1996.

B. Restatements

The beginning balances for the following funds were changed as follows:

Unrestricted Fund - There was a net increase of \$12,884 from changes in Rutger's and Montclair's beginning balances.

Restricted Fund - Rutgers increased the beginning balance in the amount of \$8.9 million.

Plant Fund - Changes for Rutgers and Ramapo resulted in an \$8.1 million increase in the beginning balance.

Endowment Fund - Rutgers increased the beginning balance in the amount of \$11.9 million.

C. Cash and Cash Equivalents

Governmental Accounting Standards Board Statement 3 requires the bank balances of deposits to be categorized to indicate the level of risk assumed by the entity. Category 1 consists of deposits that are insured or collateralized with securities held by the entity or by its agent in the entity's name. Category 2 consists of deposits collateralized with securities held by the pledging financial institutions trust department or agent in the entity's name. Category 3 consists of deposits which are uncollateralized.

Cash and cash equivalents are categorized below for all college and university funds (expressed in millions):

	Cat	egory I	Cat	egory 2	Cat	tegory 3]	Fotal Bank alance	С	Total arrying Balance

Negative cash balances in the Current Unrestricted Funds of The William Paterson College of New Jersey, The Richard Stockton College of New Jersey, and The University of Medicine and Dentistry of New Jersey in the respective amounts of \$1.2, \$10.9 and \$27.4 million have been reclassified to accounts payable. In addition, a negative cash balance in the Current Restricted Fund of the University of Medicine and Dentistry in the amount of \$17.6 million as well as minor negative cash balances in the Restricted, Loan and Endowment Funds of the William Paterson College of New Jersey aggregating \$.2 million were also reclassified to accounts payable.

D. Investments

Investments of the colleges and universities are stated at cost, adjusted for amortization of premiums and accretion of discounts. Donated securities are carried at market value at the date of gift. Governmental Accounting Standards Board Statement 3 requires investments to be categorized to indicate the level of risk assumed by the entity. Category 1 consists of investments that are insured or registered or for which the securities are held by the entity or its agent in the entity's name. Category 2 consists of uninsured and unregistered investments for which the securities are held by counterparties' trust department or agent in the entity's name. Category 3 includes uninsured and unregistered investments for which the securities are held by the counterparties' trust department or agent but not in the entity's name. Investments of the colleges and universities are in accordance with the statutes of the State of New Jersey (see Note 4), regulations of governing boards or applicable limitations set forth in gift instruments. Investments for all colleges and universities are detailed below (expressed in millions):

Rutgers, the State University entered into an open-ended indenture dated May 1, 1967 to provide a means of financing construction of auxiliary enterprise facilities and to consolidate previously outstanding bond indebtedness. This was accomplished through the issuance of Revenue Refunding Bonds, Series A-D and Q-T and the Revenue Bonds, Series E, H, J and P. Under the terms of the indenture, all bonds issued are direct and general obligations of the University and are in no way an obligation of the State of New Jersey. All revenues from auxiliary enterprise facilities constructed from the proceeds of the bonds together with revenues from certain other such facilities are pledged to secure the indebtedness and must be applied to (1) annual interest and amortization payments, (2) debt service reserve deficiency, if any, (3) operating and maintenance expenses, and (4) the funding of repair and replacement reserves. The excess of funds, after satisfying these

requirements, is available to the University. The University has covenanted that so long as the bonds are outstanding, it will not incur any other indebtedness secured by a pledge of the facility revenues, nor sell, mortgage or otherwise dispose of such facilities.

The General Obligation Refunding Bonds, 1992 and 1993 Series A, and General Obligation Bonds, 1993 Series B, were issued under an open-ended indenture of trust, dated May 1, 1987, as supplemented; the General Obligation Refunding Bonds, 1993 Series 1, were issued under an indenture of trust, dated May 1, 1986. These bonds were issued to finance a portion of the cost of the renovation, construction and equipping of certain academic, research, support and other facilities, as well as infrastructure development and land acquisitions of the University. Under the terms of the indentures, all bonds issued are direct and general obligations of the University and are in no way an obligation of the State of New Jersey.

The agreement with NJEFA requires the pledging of certain revenues to meet the sinking fund requirements of the issue. Deposits held with the trustees represent restricted funds held by the First Fidelity Bank, National Association, New Jersey under terms of the agreement with NJEFA. The funds consist principally of cash and U.S. Government securities. Of the total deposits held at June 30, 1996, approximately \$4.3 million is required to be maintained in accordance with mortgage bond indenture agreements. In August 1995 the final payment was made to the Internal Revenue Service for arbitrage rebate in the amount of \$.2 million by the bond trustee.

Remaining aggregate principal repayments required under the term of the mortgage bond are:

On August 1, 1994, the University, along with other colleges and universities, entered into a lease agreement with the NJEFA whereby NJEFA issued bonds to purchase equipment and each college and university pays rental payments to service its portion of the debt service. At the end of the lease, the equipment title will transfer to the University. The University acquired equipment in the amount of \$1.2 million during fiscal year 1996 under the Equipment Leasing Fund ("ELF") program. At June 30, 1996 future principal and interest commitments under the ELF program are \$1.4 and \$.2 million respectively.

At June 30, 1996, long-term debt of University of Medicine and Dentistry of New Jersey consisted of the following (excluding debt relating to Raritan Valley Hospital):

University of Medicine and Dentistry of New Jersey, Series A Tax Exempt Revenue Bonds of December 1995 issued in the amount of \$12,335,000. In November 1989, the University entered into a Master Lease Agreement whereby the University may borrow up to \$26.3 million under Series B, C and D Certificates of Participation ("the Certificates") for equipment and facilities acquisition and renovation. These certificates bear interest at 6.5-6.8 percent and, at June 30, 1996, are due serially from December 1996 to December 1999; \$9.6 million of term certificates bearing interest at 6.75 percent are due December 2009. The recognition of debt occurs upon reimbursement to the University. Title to all equipment and facilities purchased under these lease agreements vests with the University and the leases are secured by the assets acquired.

In August 1994, the University participated in the Equipment Leasing Fund Program with the New Jersey Educational Facilities Authority to fund specific equipment needs. The University's allocation was \$10.1 million of which 25 percent (\$2.5 million), bearing an interest rate of 5 percent, is the obligation of the University and the remaining 75 percent is the obligation of the State of New Jersey. Lease payments will be made through August 2000 at approximately \$.5 million per year, at which time title to the equipment passes to the University.

Repayments of principal amounts of long-term debt exclusive of the debt related to Raritan Valley Hospital for the next five years and thereafter are as follows:

Pursuant to the terms of a lease and agreement dated September 1, 1971 between the University and the New Jersey Educational Facilities Authority ("Authority"), the University transferred to the Authority title to certain land, upon which dormitories have been constructed. In 1974, the Authority issued bonds in the aggregate amount of \$6.7 million at an effective interest cost of 5.95% per annum, for the purpose of providing long-term financing for the aforementioned facilities. Such bonds mature serially through 2008. In accordance with the agreement, the University is required to pay an annual rental to the Authority over the life of the agreement in amounts necessary to retire the bonds, including interest, provide sinking fund and reserve account requirements and reimburse the Authority for its administrative costs. As security for its obligation under the agreement, the University has pledged the revenues arising from the financed facilities. Upon retirement of the bonds, title to the land and facilities will revert to the University; accordingly, the land and facilities have been capitalized with a corresponding liability classified as a capitalized lease obligation. At June 30, 1996, this liability is \$3.9 million (\$4.1 million in 1995).

In accordance with the Higher Education Equipment Leasing Fund Act of 1993, the University entered into a capital lease agreement with the Facilities Authority, dated August 1, 1994, for equipment purchases required for the University's laboratory and instructional facilities. The capital lease agreement was financed through the issuance of Facilities Authority bonds, the University's portion of which amounted to \$19.6 million. The bonds were issued on August 17, 1994 and bear interest at a rate of 5.00 percent annum and mature on September 1, 2000. In accordance with the agreement, the University is required to make annual lease payments to retire 25 percent of the bonds, representing the University's portion, including interest. The State of New Jersey is obligated to pay the remaining 75 percent of the annual debt service. Title to all equipment purchased under this lease agreement will be transferred to the University at the conclusion of the lease. At June 30, 1996, the University had a capital lease obligation of \$4.2 million (\$2.4 million in 1995) for equipment purchased under the terms of this agreement.

In connection with a redevelopment project undertaken by the Housing and Urban Development Authority of the City of New Brunswick (the "Housing Authority"), a series of agreements were entered into by the University, the Housing Authority and Robert Wood Johnson University Hospital, Inc., the outcome of which was the construction of a student apartment complex, parking deck, health club facility and multi-unit retail center. Pursuant to the terms of the capital lease and agreement dated July 1, 1992 between the University and the Housing Authority, the Housing Authority issued bonds in the aggregate amount of \$55.3 million on July 23, 1992, at an effective interest rate of 6.23% per annum, for the purpose of providing long-term financing for the project. Such bonds mature serially through 2024. In accordance with the agreement, the University's portion of the bonds, including interest, to provide for sinking fund and reserve account requirements and to reimburse the Housing Authority for its administrative costs. Upon retirement of the bonds, title to the student apartment complex, parking deck, health club facility and the related common space will be transferred to the University; accordingly, the land and facilities have been capitalized with a corresponding liability classified as a capital lease obligation. At June 30, 1996, this liability (net of the present value of the hospital sublease payments discussed below) was \$39.6 million

In conjunction with the Housing Authority capital lease and agreement, the University simultaneously entered into a sublease and agreement with the Robert Wood Johnson University Hospital, Inc. (the "Hospital"), dated July 1, 1992, whereby the Hospital agreed to lease a portion of the parking facility from the University. The sublease provides for an initial term of two years which commenced July 1992, renewable in six consecutive five year terms. In accordance with the sublease, the Hospital is required to pay an annual rental to the University over the life of the agreement, subject to termination payments to the University should the options to renew not be exercised. The payments received under this sublease will be used by the University to cover a proportional amount of the lease payments due to the Housing Authority. Upon retirement of the bonds, title to the Hospital's portion of the parking deck will be transferred to the Hospital. At June 30, 1996, the estimated present value of the Hospital lease over the full lease term, including renewal periods, amounted to \$8.6 million (\$8.7 million in 1995). Payments required under the lease and agreement between the University and the Housing Authority are in no way conditional upon the receipt of payments from the Hospital under the sublease and agreement.

The University has entered into certain lease-purchase agreements for equipment which are principally for a duration of one to five years depending on the application and financial advantage to the University. Such agreements are essential to the normal operation of the University and it is expected that these arrangements, where applicable, would be renegotiated when financially advantageous. The payments of these agreements include a charge for interest at various rates depending on each agreement. At June 30, 1996, the aggregate capitalized lease obligation associated with these agreements, which excludes future interest payments, is approximately \$2.7 million, (\$2.9 in 1995). The annual rentals for these capitalized lease obligations are provided for in the University's operating budget and in the aggregate are not considered material.

The Plant Funds of the University of Medicine and Dentistry include the assets, liabilities and fund balance related to Raritan Valley Hospital (RVH). From August 1975 until May 1981, the University leased RVH from the New Jersey Health Care Facilities Financing Authority (Authority) and operated the facility as an acute care hospital and ambulatory care center. Effective May 1, 1981, the University was discharged from its obligations under the Authority lease and possession of RVH was transferred to the Division of Mental Retardation (DMR). The RVH accounts will be formally transferred to DMR when the appropriate authorizing legislation is enacted. At June 30, 1996, RVH assets and long-term debt are \$9.0 million and \$1.1 million, respectively, and are reflected in the Plant Fund balance sheet.

L. Self Insurance Reserve Fund

The University of Medicine and Dentistry of New Jersey Self Insurance Reserve Fund is accounted for within a trust fund maintained by the State of New Jersey.

M. Commitments and Contingencies

The University is a party to various legal actions arising in the ordinary course of its operations. While it is not feasible to predict the ultimate outcome of these actions, it is the opinion of management that the resolution of these matters will not have a material adverse effect on the University's financial statements.

N. Description of Colleges and Universities

The College of New Jersey (N.J.S.A. 18A:62-1) Hillwood Lakes Trenton, New Jersey 08625

The College of New Jersey (formerly Trenton State College), founded in 1855, came under the general policy control of the State Board of Higher Education effective July 1, 1967. Operation and management are vested in a nine-member Board of Trustees appointed by the State Board of Higher Education, subject to the approval of the Governor.

The College offers over 60 undergraduate degrees and more than 20 graduate degree and certification programs through five schools: Arts and Sciences, Business, Education, Nursing and Technology. Other programs offered are the cooperative education program, international/national study options, continuing education and the Institute for Public and Private Service.

The College is located in Ewing Township, Mercer County, on 255 acres. Its 36 buildings include the 550,000 volume Roscoe L. West Library, the Holman Hall Art Gallery, the Brower Student Center, 13 academic computer laboratories, and the collegiate recreation and athletic facilities complex.

Thomas A. Edison State College (N.J.S.A. 18A:62-1) 101 West State Street Trenton, New Jersev 08625

Thomas A. Edison State College was founded by the State Board of Higher Education on July 1, 1972, and was officially established as the ninth State college under the terms of the State College Law (N.J.S.A. 18A:62-1 et seq.) on May 18, 1973. The operations and management of the College were vested in its Board of Trustees, appointed by the State Board of Higher Education, with the approval of the Governor.

The mission of the College is to evaluate college-level learning, regardless of its source. To achieve this mission, the College has been authorized:

- 1. To award college credit through college proficiency examinations, the assessment of prior learning and/or the evaluation of transfer credits and special credentials, and to award associate and baccalaureate degrees to individuals who have met the degree requirements as established by the Academic Council of the College.
- 2. To develop and administer the Thomas A. Edison State College examination and Portfolio Assessment Programs as basic means through which Edison students may satisfy degree requirements.
- 3. To encourage the availability of college-level learning opportunities through cooperation with all types of institutions that are now providing, or have the potential to provide, college-level learning experiences outside the traditional modes of higher education. In developing these cooperative arrangements, the College will not provide instruction directly but will award credit for such educational experiences either through the evaluation of noncollegiate programs or the direct testing of student learning outcomes.
- 4. To develop linkages with or create educational delivery systems built around contemporary telecommunications technology which will provide the distant learner with information and guidance on educational opportunities, modes of support for independent study and assessment, and access to media-based instruction and testing.

The College maintains three permanent educational counseling centers in East Orange, Trenton, and Cherry Hill which are open to all residents who wish information and advice concerning educational opportunities available to them within the State system of higher education.

Jersey City State College (N.J.S.A. 18A:62-1) 2039 Kennedy Boulevard Jersey City, New Jersey 07305

Jersey City State College, located in Hudson County, is dedicated to urban programs designed to meet the complex economic, social and educational problems of the "inner" cities of metropolitan New Jersey. The urban mission is unique among the State colleges, and in order to strengthen this mission, the College has embarked on a three-year plan designed to make it the premier Cooperative Education College in the State. The College serves thousands of residents of the northeast corner of the State. Ten percent of the student population is comprised of men and women from the other areas of New Jersey, adjacent states and foreign countries. The operation and management of the College is vested in its nine-member Board of Trustees appointed by the State Board of Higher Education, subject to the approval of the Governor.

Special features of the campus include the A. Harry Moore Laboratory School for Special Education, the Peter W. Rodino, Jr. Institute of Criminal Justice, the Center for the Advancement of Teaching and Learning (CATALYST), the Center for Occupational Education, the Adult Education Center, the Media Arts Center, and the Margaret Williams Theater for the Performing Arts. The College has 15 acres of athletic fields, three gymnasiums, a swimming pool, a modern dance studio and three auditoriums, in addition to its 110 classrooms and laboratories.

Kean College Of New Jersey (N.J.S.A. 18A:62-1) Morris Avenue Union, New Jersey 07083

Kean College of New Jersey is a public, State-supported, four-year, co-educational institution of higher education. It is located in Union Township, and is situated on a 120-acre campus, which includes a six-acre woodlands preserve. The College traces its history to 1855 when it was founded by and in the City of Newark. For more than a century, its accomplishments and reputation were primarily associated with contributions made in the area of teacher education. In 1913 the College became a State institution, and in 1958 moved to its present location on property which had been a part of the Kean Estate. The operation and management of the College is vested in its nine-member Board of Trustees appointed by the State Board of Higher Education, subject to the approval of the Governor.

The campus currently contains 26 structures, including modern classroom buildings, a science complex, a 1,000-seat theatre for the performing arts, a library, a child study institute, athletic and recreational facilities, student apartments, and a student center. The 28-acre east campus, one quarter mile from the main campus, includes athletic fields, recreation facilities, and certain student and academic support programs.

Montclair State University (N.J.S.A. 18A:62-1) Valley Road Upper Montclair, New Jersey 07043

Montclair State University (the University) is recognized as a public institution of higher education by the State of New Jersey (the "State"). This recognition is supported by annual appropriations from the State to support the University. On April 27, 1994 the institution obtained university status.

The University, which began in 1908 as a two-year Normal School, came under the general policy control of the State Board of Higher Education on July 1, 1967. The operation and management of the University is vested in its own nine-member Board of Trustees appointed by the State Board of Higher Education, subject to the approval of the Governor. The University offers a broad spectrum of general liberal arts education and professional studies for more than 12,000 students for both full-time and part-time undergraduate and graduate programs.

The main campus of the University has 202 acres divided between the town of Montclair in Essex County and the municipalities of Little Falls and Clifton in Passaic County. Presently over 40 buildings comprise the physical plant, including campus housing for nearly 2,000 students, and a Student Center Annex.

The University also operates a 30-acre nature preserve at Lake Valhalla (Morris County) and, as part of the University's School of Conservation, a 240-acre environmental education center in Stokes State Forest (Sussex County).

New Jersey Institute Of Technology (N.J.S.A. 18A:64E-4) 323 Dr. Martin Luther King Jr. Boulevard Suite 22E Newark, New Jersey 07102

The Institute is recognized as a public institution of higher education by the State of New Jersey. The recognition is supported by an annual contract between the Institute and the State whereby the Institute agrees to render services of public higher education for the State of New Jersey. In return, the State appropriates funds to support the Institute.

The Institute was founded in 1881 (N.J.S.A. 18A:64E-1 et seq.). For more than three decades, the State Board of Education contracted annually with the New Jersey Institute of Technology, formerly Newark College of Engineering, for services in public higher education. Effective July 1, 1967, the contractual relationship is with the State Board of Higher Education (N.J.S.A. 18A:3-14).

The physical plant is located in Newark on 34 acres and is comprised of 16 buildings, including classroom-laboratory buildings, gymnasium, library, theatre, residence hall, maintenance building, parking lots and playing fields.

The William Paterson College Of New Jersey (N.J.S.A. 18A:62-1) 300 Pompton Road Wayne, New Jersey 07470

The William Paterson College of New Jersey, founded in Paterson in 1855, was relocated in 1951 to the Boroughs of Wayne, Haledon and North Haledon, Passaic County. Effective July 1, 1967, the State Board of Higher Education became responsible for general oversight of the College, but the operation and management of the College is vested in its own nine-member Board of Trustees appointed by the State Board of Higher Education, subject to the approval of the Governor.

The College offers 33 baccalaureate and 13 master's degree programs through seven schools: The Arts and Communication, Education and Community Services, Health Professions and Nursing, Humanities, Management, Science and Social Science.

The College is located on 250 acres and has 20 major buildings. Academic buildings include color television studios, modern facilities and science laboratories, fine arts studios, a 1,000-seat theatre, classrooms, and academic/administrative computer center, a gymnasium and pool, and a library. Other facilities include a student center, a multipurpose recreation center, athletic fields, dormitory and apartments for 1,551 students.

Ramapo College Of New Jersey (N.J.S.A. 18A:62-1) 505 Ramapo Valley Road Mahwah, New Jersey 07430

Ramapo College of New Jersey was established by the Legislature in 1968 and opened in September, 1971. Responsibility for the operation and management of the College is vested in its own nine-member Board of Trustees appointed by the State Board of Higher Education, subject to the approval of the Governor. The College is located in the foothills of the Ramapo Mountains in Northwest Bergen County, close to the New York State border. The wooded, almost rural setting is enhanced by the award winning barrier-free modern buildings and the student apartments. Facilities include modern academic buildings, library, science building, student center, and an athletic complex which includes a gymnasium, an NCAA-size swimming pool, tennis courts and a variety of playing fields.

Rowan College of New Jersey (N.J.S.A. 18A:62-1) Linden Hall Glassboro, New Jersey 08028

Rowan College of New Jersey was founded in 1923 and effective July 1, 1967, came under the general policy control of the State Board of Higher Education. Under the Higher Education Act of 1966, the College and all the other State colleges became multipurpose institutions with emphasis on the liberal arts and sciences and various professional areas. The College offers a full range of baccalaureate degree programs and selected master's degree programs through its Schools of Liberal Arts and Sciences, Business Administration, Fine and Performing Arts and Professional Studies. The operation and management of the College is vested in the College Board of Trustees (N.J.S.A. 18A:64-1 et seq.). The work of the College is centered on the main campus in Glassboro and the branch campus in Camden; courses are offered at several off-campus locations.

The College is located in Glassboro, Gloucester County, on 200 acres and in 1987 included 48 buildings comprised of administrative offices, library, dormitories, apartments, classrooms, gymnasium, athletic team house, theatre/auditorium, maintenance shop, heating plant, student center, bookstore, and Holly Bush (the Whitney Mansion that was the site of the Johnson-Kosygin Summit Conference in 1967).

Rutgers, The State University (N.J.S.A. 18A:65-12) Administration Building -- Room 308 Davidson Road Piscataway, New Jersey 08855

Founded in 1766 as one of the colonial colleges, Rutgers became The State University in 1956 (N.J.S.A. 18A:65-1 et seq. as amended) with a reorganized Board of Trustees and a newly created Board of Governors. The membership of the Board of Governors consists of ex-officio members, the Chancellor of the Department of Higher Education of New Jersey, the President of the Corporation and 11 voting members, six of whom are appointed by the Governor of the State with the advice and consent of the Senate, and five of whom are appointed by the Board of Trustees from among its members. The Board of Governors has general supervision over the University's operations. The Board of Trustees acts in overall advisory capacity and controls certain properties, funds and trusts. The State Board of Higher Education (N.J.S.A. 18A:62-1 et seq.) is responsible for the coordination and general financial oversight of Rutgers as a part of the State's system of higher education.

The University provides instruction to approximately 90,000 full and part-time students enrolled in instructional programs in its graduate and undergraduate colleges, schools, summer session, and continuing education programs.

Research, the second major area of University responsibility, has earned the support of commerce, industry, State and Federal governments, societies, and philanthropic organizations, as well as financing from the University's funds.

Extension services, designed to take the University's teaching function directly to the people of the State, is a major responsibility. Such services range from the work of the county agricultural, home economics and 4-H Club agents to non-credit courses, including postgraduate work in technical and professional fields.

Richard Stockton College of New Jersey (N.J.S.A. 18A:62-1) Administration and Finance Building Pomona, New Jersey 08240

Richard Stockton College of New Jersey was authorized in the 1968 Bond Referendum and admitted its first students in September, 1971. The operation and management of the College are vested in a ten-member Board of Trustees appointed by the State Board of Higher Education, subject to the approval of the Governor. The College is under the general policy direction of the State Board of Higher Education.

The College is located on a 1,600-acre campus in Galloway Township in the pine barrens of New Jersey. Academic facilities accommodate approximately 4,000 full-time equivalent students. Campus housing is available for 1,830 students, with both apartment and dormitory style living arrangements. The College is the only four-year academic institution in the rapidly developing region of South Jersey.

University Of Medicine And Dentistry Of New Jersey (N.J.S.A. 18A:64G-4) 30 Bergen Street Newark, New Jersey 07107

The University of Medicine and Dentistry of New Jersey is governed and managed by a Board of Trustees appointed by the Governor with Senate confirmation and administered by a President as the Chief Executive Officer. The primary purposes of the institution are the education of health care personnel including physicians, dentists and allied health professionals, medical and dental research, and the provision of health care to the people of New Jersey.

The University is composed of three medical schools (two Allopathic and one Osteopathic), a dental school, a graduate school of biomedical sciences and a school of allied health professions. Its medical programs are centered in Newark, Piscataway and Camden. It operates a hospital and two community mental health care centers which serve as both health care and teaching facilities.

In addition to its wholly owned facilities, the University is affiliated for teaching purposes at either, or both, the undergraduate and graduate level with 54 community hospitals and health care agencies, five community colleges, five State colleges, Rutgers University, New Jersey Institute of Technology and three independent universities.

NOTE 20 - CONTINGENT LIABILITIES

General Fund

The State is involved in a number of legal actions wherein the State of New Jersey has the potential for either loss of revenue or unanticipated expenditure. As of June 30, 1996, the exact amount involved in these legal proceedings is not fully determinable.

Special Revenue Funds

New Jersey Automobile Insurance Guaranty Fund

The Medical Inter-Insurance Exchange of New Jersey (MIIX) brought suit against the Commissioner of Insurance, the Director of the Division of Taxation, as well as others, alleging that it was entitled to interest on monies refunded to it following the enactment of P.L. 1992, c. 191 which eliminated MIIX's assessment under the New Jersey Automobile Insurance Reform Act (FAIR Act). A final decision is still pending.

Additionally, various insurers licensed to write property and casualty insurance in the State have filed suit against the State contending that their assessments are being used to retire debt of the Market Transition Fund (MTF). The plaintiffs contend that assessments dating back to 1990 are in dispute and challenge the constitutionality of the assessments and legislation which allow the assessment and request that the monies assessed since 1990 be returned. The ultimate disposition of this suit is not determinable at this time.

New Jersey Spill Compensation Fund

As of June 30, 1996, claims totaling \$22.8 million have been filed against the Fund by third parties for damages caused by spills. These claims have not reached the stage in the judicial process where reasonable amounts have been established, and therefore, are not classified as liabilities under generally accepted accounting principles.

Sanitary Landfill Facility Contingency Fund

Various claims totaling approximately \$15.0 million have been filed against this fund by individuals, local municipalities, and school districts. In addition, there are a number of similar claims for unspecified dollar amounts which are pending. The ultimate disposition of these claims is not determinable at this time.

Capital Project and Special Revenue Funds

Due to delays in construction and design problems, various claims for damages have been filed with respect to the following funds (expressed in millions):

Clean Waters Fund	\$ 0.5
Correctional Facilities Construction Fund of 1987	2.7
Public Purpose Buildings Construction Fund	3.4
Special Transportation Fund	8.7
State Recreation and Conservation Land Acquisition	
and Development Fund of 1974	0.1

Fund management is presently evaluating the claims. There has been no determination as to the ultimate amount for which these funds will be liable.

Trust Funds

New Home Warranty Security Fund

Due to deficiencies in fire retardant plywood, homeowners faced with emergent needs may file claims against the Fund as a means of immediate remediation. The amount of these claims is not determinable at this time. The law also allows the State to pursue claims against any party responsible for the defective plywood in order to recover costs of remediation.

Real Estate Guaranty Fund

Claim payments, as certified by court orders, are made to persons aggrieved by the unlawful practices of real estate brokers or salesmen. As of June 30, 1996, there were various cases pending with a maximum possible exposure to the Fund of approximately \$.6 million. The ultimate disposition of these claims is not determinable at this time.

University of Medicine and Dentistry of New Jersey Self Insurance Reserve Fund

As of June 30, 1996, an independent study was performed which estimated an aggregate potential exposure for tort and medical malpractice claims of approximately \$86.8 million. The State has the ultimate liability for any claims in excess of the resources of the fund.

Federal Programs

Under the terms of various grant awards, expenditures from Federal funds are subject to audit. As of June 30, 1996, audits of expenditures for fiscal year 1996 and prior years may not be completed. Disallowances which may result from these audits are not determinable at this time. As of June 30, 1996, it is management's opinion that disallowances, if any, would not be material.

Pension Funds

New Jersey Education Association et al. v. State of New Jersey et al. This case represents a challenge to amendments to the pension laws enacted on June 30, 1994 (P.L. 1994, Chapter 62), which concerned the funding of various pension funds. The statute, P.L. 1994, Chapter 62, as enacted, made several changes affecting these retirement systems. Plaintiffs seek to permanently enjoin the State from administering, enforcing, or otherwise implementing Chapter 62. The ultimate disposition of this suit is not determinable at this time.

Teaneck Board of Education has filed an action against the Teachers Pension and Annuity Fund (TPAF) seeking compensatory damages as well as declaratory relief. The basis for the lawsuit is Teaneck's contention that its initial per annum cost for participating in an early retirement incentive program for teachers should be approximately \$210,000 less than was actually calculated. Teaneck alleges a violation of due process, breach of contract, and three counts of negligence against the State. If Teaneck prevails, the impact could approach \$3.5 million in reduced employer contributions over the twenty-eight year period of the retirement program. Further, if Teaneck prevails and similarly situated school boards file like claims for relief, the impact could well exceed tens of millions of dollars over the period at issue. The ultimate disposition of this suit is not determinable at this time.

NOTE 21 - SUBSEQUENT EVENTS

Subsequent to June 30, 1996, the State issued \$550 million of short term notes in the form of commercial paper. Final maturity of the notes is June 13, 1997.

This Fund accounts for monies representing deposits made in court as a result of litigation, including foreclosures, condemnations, liquidations, dissolutions, good faith deposits by liability insurers, sale of infants' lands, insolvencies, receiverships and interpleaders.

Trial Attorney Certification Program (R. 1:39-1(h))

The Fund was established to assist the Supreme Court of New Jersey in the administration of the certification function for civil or criminal trial attorneys. The rules and regulations by which the Board is administered have been approved by the Supreme Court of New Jersey.

Unemployment Compensation Auxiliary Fund (N.J.S.A. 43:21-14g)

Amounts collected as penalties and interest assessed against employers who have failed to make payment of contributions required under the Unemployment Compensation Law to the State on a timely basis are deposited in this Fund.

Payments from the Fund are authorized for the refund of any interest and/or penalty credited hereto, determined to have been collected or remitted by mistake. The remaining amounts may be expended by appropriations for administrative costs of the Unemployment Compensation Law and for costs of programs which generate employment, such as the Work Incentive Program (WIN), authorized training programs, and economic development activities.

Vietnam Veterans' Memorial Fund (P.L. 1985, c.494)

This Fund receives monies from donations and appropriations to fund the Vietnam Veterans' Memorial honoring New Jersey veterans of the Vietnam conflict.

Volunteer Emergency Service Organizations Loan Fund (P.L. 1987, c.8)

The purpose of this Fund is to provide low-interest loans to volunteer emergency service organizations for the purpose of modernizing or replacing outmoded or unsafe emergency vehicles, apparatus, equipment or facilities, or to establish facilities to meet an increasing demand for a higher level of service in the communities in which they serve.

Wastewater Treatment Fund (P.L. 1985, c.329)

An amount of \$190 million was authorized for the purpose of financing the cost of construction of wastewater treatment systems. Of the total amount authorized, \$150 million is allocated for the purpose of making grants and low or zero interest loans to local government units for financing the cost of the construction of wastewater treatment systems.

Water Conservation Fund (P.L. 1969, c.127)

An amount of \$271 million was authorized to conduct research, plan, acquire, develop, construct, and maintain water supply and wastewater treatment facilities for the preservation, sale, or exchange of water for potable, industrial, commercial, irrigational, recreational, and other public purposes.

Water Supply Fund (P.L. 1981, c.261)

An amount of \$350 million was authorized to provide loans for state or local projects for the rehabilitation, repair or consolidation of antiquated, damaged or inadequately operating water supply facilities, as recommended by the New Jersey Water Supply Master Plan. Earnings from investments shall be paid into the General Fund.

Water Supply Replacement Trust Fund (P.L. 1988, c.106)

This Fund provides loans to municipalities or municipally-owned public water systems for the purpose of providing a permanent alternate water supply to persons whose principal source of potable water is contaminated or is threatened with contamination by hazardous substances.

Worker And Community Right To Know Fund (N.J.S.A. 34:5A-1)

This Fund was established to account for all fees collected from employers pursuant to the Worker and Community Right to Know Act. Monies in the Fund are to be allocated on a percentage basis for expenses incurred in connection with the Act's provisions by the Department of Health, Department of Environmental Protection, Department of Labor and the Department of the Treasury.

STATE OF NEW JERSEY TRUST AND AGENCY FUNDS DESCRIPTION OF FUNDS

EXPENDABLE TRUST FUNDS

Alternate Benefit Long-Term Disability Fund

This Fund was established on October 1, 1986. It is an employer-funded, expendable trust fund for long-term disability. Benefits will be paid to those members of the Alternate Benefit Programs Fund who have been disabled for two years or more since October 1, 1986.

Community Development Bond Fund (P.L. 1981, c.486)

An amount of \$85 million was authorized to capitalize the New Jersey Local Development Financing Fund and to provide support for the revitalization, development and creation of urban industrial parks in the communities. \$45 million is allocated to capitalize the New Jersey Local Development Financing Fund; \$30 million is allocated for low-interest loans and grants to counties, municipalities, and other entities for assisting capital construction projects which will aid in the revitalization of distressed urban areas and in the promotion of the economic and social development of older central commercial districts of rural and developing communities. The remaining \$10 million is allocated to provide financial assistance for the creation and development of urban industrial parks.

Dental Expense Program Fund (N.J.S.A. 52:14-17.29)

This program is available to most State employees who are eligible to participate in the State health benefits program for themselves and their dependents. The cost is borne jointly by the State and the employee. The employee may select either the traditional insurance coverage with an insurance carrier or enrollment in one of the participating dental plan organizations. Under the traditional insurance coverage, each year the covered employee and dependents must satisfy the specified deductible, after which the insurance will pay 80 percent of the additional eligible charges incurred during that particular year. The dental plan organizations provide prepaid plans where the payroll deductions cover all eligible services except for specified co-payments.

Emergency Services Fund (N.J.S.A. 52:14E-5)

This Fund was established in 1972 to reimburse municipalities or counties for damage or excess costs as a result of an emergency. Payments must be certified by the Governor's Advisory Council and approved by the Governor.

Fund For Support Of Free Public Schools (N.J.S.A. 18A:56-1)

This Fund was formerly known as "The School Fund." The constitution of 1844 provided that such funds for the support of free schools remain a perpetual fund (Article VII, Section IV, Paragraph 2).

The Fund consists of proceeds from the sale of riparian lands, rents received on leased riparian lands of the State, licenses, and fees related to such lands, and the income from earnings on investment. The income is appropriated by the Annual Appropriations Act for the support of free public schools. The income of the Fund is then transferred to the General Fund in support of such appropriations.

P.L. 1980, c.72, enacted on July 16, 1980, known as the "New Jersey School Bond Reserve Act," provides for the establishment of a School Bond Reserve within the School Fund, in an amount equal to at least 1 1/2 percent of the aggregate issued and outstanding bonded indebtedness of counties, municipalities or school districts for school purposes, exclusive of bonds the debt service for which is provided by state appropriations.

Health Benefits Program Fund (N.J.S.A. 52:14-17.25 et seq.)

This program provides basic health services for employees of State and local governments. Employees may enroll in either a traditional plan with the insurance carrier or a health maintenance organization (HMO) plan. The traditional coverage includes basic and extended hospital benefits, basic and extended medical-surgical benefits, major medical benefits, and for employees between the ages of 65 and 69, the option to select from the traditional program for coverage or the Federal Medicare Program. An HMO provides employees with a wider range of preventive health care. It contemplates less hospitalization and greater use of outpatient facilities. In addition to a prepaid fixed monthly premium, the employee or dependent may be required to pay a small charge when visiting the HMO facility. This plan also provides for hospital services, skilled nursing and home health care treatment.

Higher Education Assistance Fund (N.J.S.A. 18A:72-8)

This Fund accounts for the guaranteed loans made by financial institutions to assist qualified persons in meeting the costs of higher education in certain educational institutions. Defaulted loans are purchased from the financial institutions. A direct loan program was subsequently added to the Fund activities.

Insurance Annuity Trust Fund (Superior Court of New Jersey, Law Division, Morris County, Docket No. L-081390-83)

This Fund has been established to account for deposits made by Western National Life Insurance Company or its assignees on behalf of the State of New Jersey resulting from a lawsuit filed against the State.

Motor Vehicle Security Responsibility Fund (N.J.S.A. 39:6-30.1)

Security deposits made by motorists not having the required minimum motor vehicle insurance coverage in the State, who have been involved in a motor vehicle accident resulting in bodily injury or death and/or property damage, are recorded in this Fund. The deposits may be disbursed in satisfaction of judgments rendered and/or the return to motorist of such unused portion upon release of liability.

Mutual Workers' Compensation Security Fund (N.J.S.A. 34:15-112)

Monies received from assessments levied against mutual and stock insurance carriers writing workers' compensation insurance in the State are deposited in this Fund. Payments from the Mutual or Stock Workers' Compensation Fund are made to persons entitled to receive workers' compensation when a mutual or stock carrier is determined to be insolvent.

New Home Warranty Security Fund (N.J.S.A. 46:3B-7)

Monies received from participating builders of dwellings not previously occupied, excluding those constructed solely for lease, are deposited in this Fund. Payments are authorized by approved claims of owners for defects in new homes covered by the new home warranty.

New Jersey Federal-State Rural Rehabilitation Fund (N.J.S.A. 52:18A-1 et seq.)

This Fund was established to receive monies from the Federal government previously accounted for by the Department of Agriculture. The monies are available for loans to farmers in New Jersey.

New Jersey Insurance Development Fund (N.J.S.A. 17:37A-18)

Receipts derived from a surcharge on all basic property insurance premiums paid for insurance policies written in the State, collected by the insurer, and remitted to the State are deposited in this Fund. Payments from the Fund reimburse any insurer or the New Jersey Insurance Underwriting Association for losses sustained. The reimbursement in any given calendar year shall not, however, exceed 5 percent of the insurance premiums written on essential property insurance in the State in the most recent full calendar year.

Prescription Drug Program Fund (N.J.S.A. 52:14-17.29)

This program helps meet the cost of drugs prescribed for eligible employees and their dependents for use outside of hospitals, nursing homes or other institutions. Included are those drugs which, as required by Federal law, can be dispensed only upon a written prescription order by a physician. The program covers the full cost of a prescription item dispensed by a licensed participating pharmacy, less a co-payment charge for each eligible prescription and prescription refill. All full-time State employees are eligible to enroll for coverage in the program without cost to the employee.

Real Estate Guaranty Fund (N.J.S.A. 45:15-34)

Monies received from additional fees on annual licenses of real estate brokers and real estate salesmen are deposited in this Fund. Claim payments, as certified by court orders, are made to persons aggrieved by the embezzlement, conversion, or unlawful obtaining of money or property by a licensed real estate broker or a real estate salesman, or an unlicensed employee of a real estate broker.

State Disability Benefit Fund (N.J.S.A. 43:21-46a)

Deposits from contributions of workers and employers who are subject to the contribution section on taxable wages under the unemployment compensation law of the State; and from special assessments, fines, penalties, and investment earnings are recorded in the Fund. Payments from the Fund may be made to persons entitled to disability benefits and benefits not covered by the Workers' Compensation Law, for authorized refunds of contributions and for administrative expenses.

Stock Workers' Compensation Security Fund (N.J.S.A. 34:15-105)

See Mutual Workers' Compensation Security Fund.

Unclaimed Child Support Trust Fund (P.L. 1995, c.115)

All monies received as abandoned child support shall be deposited into this fund. Each year payments shall be made to the Judiciary consisting of the Federal Government's Title IV-D share, within 45 days of the receipt of such funds. The remaining portions shall be used to pay claims duly presented and allowed and all expenses and costs incurred by the State of New Jersey.

Unclaimed County Deposits Trust Fund (P.L. 1992, c.173)

All monies received as unclaimed county deposits shall be deposited in the Fund. Each year 75% of the deposits received from a respective county shall be paid to that county. The remaining portion shall be retained in the Fund and used to pay claims duly presented and allowed and all expenses and costs incurred by the State of New Jersey.

Unclaimed Personal Property Trust Fund (P.L. 1989, c.58)

Amounts received by the State from holders of personal property, presumed abandoned, due and payable to owners of last known address but unclaimed by the owner for more than five years are received into this Fund. Also, any demand, savings, or matured time deposit with a banking or financial organization presumed abandoned for ten years will be received by this Fund. Additionally, this Fund accounts for any unclaimed monies received from insurance companies authorized to write life insurance in the State, due and payable to any person entitled and which has remained unclaimed for a period of five years.

Unless the administrator of the Fund deems it prudent and advisable to do otherwise, 75 percent of all funds received shall be transferred to the General Fund. The remaining portion shall be retained in the Fund and used to pay claims duly presented and allowed.

Unemployment Compensation Fund (N.J.S.A. 43:21-9a)

This Fund accounts for monies deposited from contributions of employers and employees for unemployment compensation, amounts credited or advances made by the Federal government and amounts received herein from any other source.

After consideration is given to any claim for refund of overpayment of contributions, the remainder is transferred by the Division of Employment Security to the Treasurer of the United States for credit to the State of New Jersey Unemployment Compensation Fund and held by the Treasurer of the United States in the State of New Jersey Unemployment Trust Fund. Drawdowns against the State of New Jersey Unemployment Trust Fund are made by requests submitted to the Treasurer of the United States by the Division of Employment Security on an as-need basis, which amounts are transferred back to the Unemployment Compensation Fund and are then disbursed by the Division of Employment Security to persons entitled to receive unemployment benefits.

Any shortfall in the Unemployment Compensation Fund needed to pay benefits is covered by Federal statutes which authorize advances from the Federal government for unemployment benefits. Such advances are repayable by increased rates on federally taxable wages reported by New Jersey employers, or the advances may be repaid out of the Fund assets at any time by the Governor.

University Of Medicine And Dentistry Of New Jersey--Self-Insurance Reserve Fund (N.J.S.A. 52:18A-1 et seq.)

This Fund is established by a trust agreement between the State and the University of Medicine and Dentistry to cover malpractice claims against the hospitals and the University. Fund deposits are managed by the Division of Investment with earnings increasing the Fund. This insurance is required by the New Jersey Health Care Facilities Financing Authority for protection of the Authority's bondholders.

Unsatisfied Claim And Judgment Fund (N.J.S.A. 39:6-61)

Receipts from insurance companies, recoveries of judgments entered against uninsured motorists, and amounts credited from earnings on investments are deposited in this Fund.

Payments are authorized for approved claims to entitled persons resulting from bodily injury, death, and/or damage to property up to specified maximum amounts, exclusive of interest and costs. In addition, payments of no-fault benefits on hit and run and non-insured cases resulting in bodily injury caused by an accident involving a motor vehicle are likewise authorized. Payments are made for amounts of medical expense benefits which exceed the maximum allowable amount payable for medical expense coverage under the no-fault provision of the New Jersey Automobile Reparation Reform Act. Administrative expenses are also payable as are approved refunds of excess recoveries on judgments.

PENSION TRUST FUNDS

Central Pension Fund

This Fund administers a series of noncontributory pension acts. No reserves are established for the payment of retirement benefits. These benefits are funded on a pay-as-you-go basis in accordance with the governing statute and the rules and regulations of the State House Commission. The unfunded actuarial liability has not been determined.

Consolidated Police And Firemen's Pension Fund (N.J.S.A. 43:16)

This Fund was established to place 212 local police and firemen pension funds on an actuarial basis. The membership consists of policemen and firemen appointed prior to July 1, 1944. The liabilities of these local funds were shared: two-thirds by the participating counties and municipalities and one-third by the State.

Judicial Retirement System (N.J.S.A. 43:6A)

This system provides pension benefits to members of the State judiciary. The system is maintained on an actuarial reserve basis.

Police And Firemen's Retirement System (N.J.S.A. 43:16A)

All police and firemen, appointed after June 1944 in municipalities where local police and firemen pension funds existed or where this system was adopted by referendum or resolution, are required to become members of this system. Certain state and county employees are also covered. Employer obligations are paid by the local employers and the State. This Fund is maintained on an actuarial reserve basis.

Prison Officers' Pension Fund (N.J.S.A. 43:7)

This is a closed system for certain employees of State penal institutions and is funded on a pay-as-you-go basis.

Public Employees' Retirement System (N.J.S.A. 43:15A)

Most public employees in New Jersey, not required to become members of another contributory retirement program, are required to enroll in this system. The retirement benefits of this system are coordinated, but not integrated, with social security. This Fund is maintained on an actuarial reserve basis.

State Police Retirement System (N.J.S.A. 53:5A)

This system was created in July 1965 as successor to the State Police Retirement and Benevolent Fund. All uniformed officers and troopers of the Division of State Police in the New Jersey Department of Law and Public Safety are required to enroll. This system is maintained on an actuarial reserve basis.

Supplemental Annuity Collective Trust (N.J.S.A. 52:18A-110)

Any active, contributing member of the several State-administered retirement systems may enroll in this program. Members agree to make voluntary additional contributions through their pension funds to purchase variable retirement annuities in order to supplement the benefits provided by their basic system. Some employers agree to purchase tax-sheltered annuities for the same purpose for certain eligible public employees.

Teachers' Pension And Annuity Fund (N.J.S.A. 18A:66)

Most employees in every school district in the State and in the county vocational schools, as well as certain employees in the State Department of Education, are members of this Fund. The system of retirement benefits is coordinated, but not integrated, with social security. The Fund is maintained on an actuarial reserve basis.

NON-EXPENDABLE TRUST FUND

State Of New Jersey--Tischler Memorial Fund (N.J.S.A. 52:18A-1 et seq.)

This Fund was established under the authority of the State Treasurer in accordance with the terms of a bequest to the State of New Jersey; the principal amount of the Fund is to be invested in a prudent manner and the income from such investment is to be used for library materials.

AGENCY FUNDS

Alternate Benefit Program Fund (N.J.S.A. 18A:66-167 et seq.)

The Alternate Benefit Programs were established for full-time faculty members of public institutions of higher education. All eligible faculty members were permitted to transfer their interests in State retirement systems to these programs. Participants have the option to provide for their pensions through fixed or variable annuities

purchased through various carriers as provided for in Chapter 92, P.L. 1995. The minimum contribution by employees is 5 percent of their base salary, and the State will contribute a flat rate of 8 percent of base salary. Almost immediate vesting is available to those participating in the Alternate Benefit Programs.

Atlantic City Parking Fee Fund (P.L. 1993, c.159)

An act regarding the redevelopment of Atlantic City, establishing minimum charges and imposing fees on casino parking facilities therein, providing for the development of hotel rooms therein amending and supplementing P.L. 1984, c.218 and amending P.L.1977, c.110.

Atlantic City Tourism Promotion Fund (P.L. 1991, c.376)

This Fund accounts for revenues collected for fees of \$2 per day for each occupied room in any hotels providing casino gaming and \$1 per day for each occupied room in any other hotels in the eligible municipality. The revenues are collected, certified, and distributed on a monthly basis to the convention center operating authority. Amounts expended by the convention center operating authority are solely for the purpose of promoting tourism, conventions, resorts and casino gaming.

Capital City Redevelopment Loan And Grant Fund (P.L. 1987, c.58)

This Fund has been established for the redevelopment and revitalization of the City of Trenton. The State has established a redevelopment corporation operating within the boundaries of the Trenton district, which will plan, coordinate and promote the public and private development of that district in a manner which enhances the vitality of the Trenton area as a place of commerce, recreation and culture and as an area in which to conduct public business and visit historic sites.

Common Pension Fund "A" (N.J.S.A. 52:18A-90.1) Common Pension Fund "B" (N.J.S.A. 52:18A-90.1) Common Pension Fund "D" (N.J.S.A. 52:18A-90.1)

The Division of Investment is authorized to establish, maintain and operate common trust funds. Pension deposits from various funds are transferred for investment purposes to these common pension funds. Funds representing original sums plus accumulated earnings are then returned to the Division of Pensions and credited to the respective pension funds.

General Trust Fund (N.J.S.A. 52:18-25.2b)

The principal amount of bonds and coupons unredeemed over two years are withdrawn from bank accounts and deposited in this Fund for investment. When presented for payment, these overdue bonds and coupons are redeemed from this Fund.

Judiciary Bail Fund (R.3:26.)

The purpose of this fund is to serve as a repository for the collection of bail, the return of bail to the surety, and the remittance of associated revenues to the proper governmental agency.

Judiciary Child Support and Paternity Fund (Social Security Act, Title IV-D, as amended)

The purpose of this fund is to serve as a repository for the collection of support obligations and subsequent remittance to the proper recipients.

Judiciary Probation Fund (N.J.S.A. 2C:46-4)

The purpose of this fund is to serve as a repository for the collection and disbursement of court imposed financial obligations associated with the statewide probation function.

Judiciary Special Civil Fund (R.6.)

The purpose of this fund is to serve as a repository for the collection and disbursement of funds collected by the Special Civil Part of the Superior Court of New Jersey.

Judiciary Superior Court-Miscellaneous Fund (N.J. Court Rules, Parts II, IV, V, VI, & VIII)

The purpose of this fund is to serve as a repository for the collection and disbursement of various fees, fines, and costs collected by court divisions of the Superior Court of New Jersey. These monies are separate and distinct from those included under the Superior Court of New Jersey Trust Fund.

Luxury Tax Development Fund (N.J.S.A. 40:48-8.30a(B))

The Fund was established for the deposit of Luxury Tax revenues in excess of statutory requirements. Development funds are dedicated for various housing projects in Atlantic City.

Luxury Tax Fund (N.J.S.A. 40:48-8.30a(B)), (P.L. 1991, c.375)

This Fund accounts for revenues collected under the provisions of the Luxury Tax Fund Act. The Act amends existing statutes wherein Atlantic City imposes a tax on certain sales and services. A portion of these tax revenues are dedicated to the payment of debt service on bonds issued for construction of Convention Hall facilities, subsidization of Convention Center operating budget deficits and providing housing opportunities for low and moderate income families.

New Jersey Medical Malpractice Reinsurance Recovery Fund (N.J.S.A. 17:30D-9)

The purpose of the Fund is to provide a financial backup for the plan of operation of the New Jersey Medical Malpractice Reinsurance Association and shall be used to reimburse the Association for any deficit sustained in the operation of the Association.

New Jersey State Employees' Deferred Compensation Plan (N.J.S.A. 52:18A-164)

This Fund represents the activity of the deferred compensation plan by which amounts contributed by participating employees are invested through various investment options. Included in the Fund are those amounts contributed by participants through payroll withholding, plus investment earnings and appreciation in asset values related to those monies.

Pension Adjustment Fund (N.J.S.A. 43:3B)

This Fund covers all eligible pensioners of the State-administered retirement systems. This Fund provides cost-of-living allowances for retirees of the pension trust funds. The statutes provide that payments are contingent upon annual appropriation by the Legislature. This Fund is funded on a pay-as-you-go basis.

Resource Recovery Investment Tax Fund (P.L. 1985, c.38)

Receipts generated by the investment tax and waste importation tax plus any interest earned thereon, levied upon all owners or operators of sanitary landfill facilities who accept solid waste for disposal, are deposited in this Fund. The revenues are then allocated to counties based on statutory regulations.

Safe Neighborhoods Services Fund (P.L. 1993, c.220)

An Act combining State, Federal and local resources to rapidly place 2,000 police officers in communities throughout the State. The Fund will also provide hard-pressed municipalities with funding to purchase equipment vital to effective police operations.

Solid Waste Service Tax Fund (P.L. 1985, c.38)

Receipts generated by the solid waste services tax plus any interest earned thereon, levied upon all owners or operators of sanitary landfill facilities who accept solid waste for disposal, are deposited in this Fund. The revenues are then allocated to provide state aid to counties.

State Lottery Agency Fund (N.J.S.A. 5:9-21)

The present value of obligations for future installment payments of lottery prizes funded by the purchase of deposit fund contracts are accounted for in this Fund.

State Of New Jersey Cash Management Fund (N.J.S.A. 52:18A-90.4)

This is a common trust fund to consolidate monies for investments. Various bond funds, trust funds, and agency funds are used to purchase units of value in the State of New Jersey Cash Management Fund. The law also permits participation in the Fund by municipalities, counties, school districts, or any other public body corporate and politic.

Tourism Improvement and Development Act (P.L. 1992, c.165)

An Act concerning the promotion of tourism improvement and development districts, authorizing the imposition of certain taxes on certain retail receipts therein and of certain municipal fees, creating certain tourism improvement and development authorities and authorizing certain projects thereof and supplementing Title 40 of the Revised Statutes.

Unclaimed Insurance Payments on Deposit Accounts Fund

The Unclaimed Deposits Amendment Act of 1993 (UDAA) controls the disposition of unclaimed insurance payments on deposit accounts for insured depository institutions which are placed into receivership after July 28, 1993. Pursuant to the UDAA, unclaimed insurance deposits are placed into this Fund and held for ten years. Payments will be made to the owner upon determining that such individual or entity is the rightful owner of such funds. At the end of the ten year period, any remaining deposits will be forwarded to the Federal Deposit Insurance Corporation (FDIC).

Wage And Hour Trust Fund (N.J.S.A. 34:11-57)

The Wage and Hour Trust Fund consists of four agency accounts which are used to collect wage settlements from employers who are deemed to have violated one, or more, of the various components of the New Jersey Wage and Hour Law; and, to disburse the funds collected to employees who are entitled to receive the wages.

Wastewater Treatment Trust Fund (P.L. 1985, c.329)

This program was enacted under the Wastewater Treatment Bond Act which authorized the sale of \$190 million in State bonds to provide financial assistance to local government units for the construction of wastewater treatment systems. Of the total amount authorized, \$40 million is to be deposited in the Wastewater Treatment Trust Fund and paid to the Wastewater Treatment Trust, an authority established pursuant to law. The Trust authorizes the use of these bond monies to secure local debt and to secure revenue bonds or other debt issued by the Trust, the proceeds of which will be used to make loans or provide loan guarantees to local government units for the construction of wastewater treatment systems.

CALCULATION OF LEGAL DEBT LIMITS

The State Constitution provides that the Legislature shall not create a debt or liability in any fiscal year which, together with any previous debts or liabilities, shall exceed one percent of total appropriations for that fiscal year unliess the same shall be authorized by a law for some single object or work distinctly specified therein. No such law may take effect until it has been submitted to the people at a general election and has been approved by a majority of voters. These Constitutional Provisions do not apply to the creation of debt for purposes of war or to repel invasion, suppress insurrection, or to meet emergencies caused by disaster or act of God (Article VIII, Section 2, par. 3).

All general obligation bonded debt in New Jersey is entered into as a result of successful referenda. As the table below illustrates, the debt margin as defined in the constitution would prohibit any other method of creating such debt and liability.

MISCELLANEOUS STATISTICAL DATA

In 1787, New Jersey became the third state to ratify the U.S. Constitution.

The State Constitution was adopted on July 2, 1776, subsequently superceded by the State Constitution of 1844 and the current Constitution which was ratified by the State's voters on November 4, 1947.

The State Constitution establishes a bicameral legislature which meets in annual sessions in Trenton, the State capital. Members of the State Senate are elected to terms of four years, except for the election following a decennial census, in which case the term is two years. The members of the General Assembly are elected to two-year terms. The Governor is elected to a term of four years.

The area of the State, 7,489.2 square miles, ranks it fifth smallest in size. The estimated population as of July 1, 1995 was 7,945,000 making New Jesey the ninth largest state in population, and the most populated of all the states, with an average of 1,061 people per square mile.

The higher education system in New Jersey includes 24 private colleges, 19 community colleges, as well as the following State institutions:

Rutgers, the State University University of Medicine and Dentistry of New Jersey New Jersey Institute of Technology Thomas A. Edison State College Jersey City State College Kean College of New Jersey Montclair State College The College of New Jersey William Paterson College of New Jersey Ramapo College of New Jersey Rowan College of New Jersey Richard Stockton State College
