

The seal of Pima County, Arizona, is a circular emblem. It features a central figure holding a staff, surrounded by various symbols including a cactus, a sheaf of wheat, and a plow. The words "SEAL OF PIMA COUNTY" are inscribed around the perimeter of the seal.

(520) 740-8661 FAX (520) 740-8171

C. H. HUCKELBERRY
County Administrator

December 3, 2004

The Honorable Board of Supervisors
Pima County, Arizona

We are pleased to submit, in accordance with state statutes, the Comprehensive Annual Financial Report (CAFR) of Pima County, prepared by the Finance Department, for the fiscal year ended June 30, 2004. This report presents comprehensive financial and operating information about the County's activities for the fiscal year that is useful to its property owners, businesses and other resource providers. Responsibility for both the accuracy of the presented data and the completeness and fairness of the presentation, including all disclosures, rests with the County.

This report is prepared in accordance with generally accepted accounting principles (GAAP) and in conformance with standards of financial reporting as established by the Governmental Accounting Standards Board (GASB) using the guidelines as recommended by the Government Finance Officers Association of the United States and Canada (GFOA). GAAP requires that management provide a narrative introduction, overview, and analysis to accompany the basic financial statements in the form of Management's Discussion and Analysis (MD&A). This letter of transmittal is designed to complement the MD&A and should be read in conjunction with it. The MD&A can be found immediately following the independent auditors' report.

We believe that the financial information, as presented, is accurate in all material aspects; that it is presented in a manner designed to openly disclose the financial position and results of operations of the County as measured by the financial activity of its various funds; and that all disclosures necessary to enable the reader to gain the maximum understanding of the County's financial affairs have been included.

The CAFR consists of three sections:

- The **INTRODUCTORY** section, which familiarizes the reader with the organizational structure of the County, the nature and scope of the services it provides, and the specifics of its legal operating environment.
- The **FINANCIAL** section, which includes the independent auditor's report, MD&A, audited basic financial statements and notes to the statements, required supplementary information, and supporting statements and schedules necessary to fairly present the financial position and results of operations of the County in conformity with generally accepted accounting principles.
- The **STATISTICAL** section, which contains comprehensive statistical data on the County's financial, physical, economic and demographic characteristics.

Pima County and its Services

Pima County is situated in the southern part of Arizona with a portion of its southern boundary bordering Mexico. The County was organized in 1864 under the Arizona Territorial Legislature as one of the State's four original counties.

A five-member Board of Supervisors is responsible for implementing the County's governmental and administrative affairs. Each member of the Board is elected from a designated district to serve a four-year term. The Chair is selected by the Board from among its members. The Board is also responsible for establishing the policies of the County, which provide guidance to the various County constitutional officers and departments. The Board appoints a County Administrator who is responsible for the general administrative and overall operations of the various departments of the County.

Pima County includes in its financial statements all funds, agencies, boards, commissions and authorities for which the Pima County Board of Supervisors is financially accountable. As the primary government, Pima County is financially accountable if it appoints a voting majority of an organization's governing body and either: 1) it is able to impose its will on that organization; or 2) a potential exists for that organization to provide specific benefits to, or impose specific financial burdens on, the primary government. Additionally, the primary government may be financially accountable if an organization is fiscally dependent on the primary government.

Pima County offers a wide variety of governmental services, including:

- *Justice and Law Enforcement:* Clerk of the Superior Court, Constables, County Attorney, Superior Court, Juvenile Court, Justice Court system, Sheriff's Department, Indigent Defense and Public Fiduciary
- *Medical Services:* Pima Health Care System, including Pima Health System, Kino Community Hospital (see page 4), Department of Institutional Health, Public Health Department (including Health & Animal Control) and Forensic Science Center
- *Community Resources:* Superintendent of Schools, Employment and Training, Community Services, Community Resources, County Free Library District, Southwestern Fair Commission and Stadium District
- *Public Works:* Flood Control District, Development Services (including Planning & Zoning), Transportation, Wastewater Management (including Solid Waste Management), Environmental Quality, Capital Projects, Fleet Services, Natural Resources, Parks & Recreation, and Graphics Services
- *County Administration:* Board of Supervisors, County Administrator, Assessor's Office, Clerk of the Board, Elections, Finance, Human Resources, Information Technology, Non-Departmental (including Contingency), Procurement, Recorder, Risk Management, Treasurer, Facilities Management, Communications and Parking Garages

Pima County is also responsible for reporting the financial activities of its component units. These units are either discretely presented or blended. Although they are separate legal entities, blended component units are substantially a part of the County's financial activities and are combined with data for the County. Blended and discrete component units include:

- *Metropolitan Domestic Water Improvement District, Marana Domestic Water Improvement District and Green Valley Domestic Water Improvement District.* Activities of the Districts are reported as discrete components of the County in the accompanying financial statements.

- *Southwestern Fair Commission.* Activities of the Commission are reported as a discrete component of the County in the accompanying financial statements.
- *Pima County Stadium District, Flood Control District, and Library District.* Activities are reported in special revenue funds as blended component units in the accompanying financial statements.
- *Municipal Property Corporation.* Activities of the corporation are reported as a special revenue fund as a blended component unit in the accompanying financial statements.
- *Special Districts.* Pima County includes the financial activities of various improvement districts in its financial statements. Improvement districts are established to pay for the construction of specific public works projects that benefit citizens of a limited geographical area. The County's currently active improvement districts include La Cholla Boulevard, Country Club Estates, Cimarron, Hayhook and Camino Ojo De Agua Improvement Districts.

The County also has various independently governed school, irrigation, fire, and street lighting districts, and a health district. In addition, there are other entities for which the County is not financially accountable. These entities include the Industrial Development Authority, Pima Association of Governments, Pima Council on Aging and the Private Industry Council. The financial statements of such districts and entities are not included in the accompanying financial statements except to reflect amounts held in a fiduciary capacity by the County Treasurer.

Economic Outlook

According to *Arizona's Economy*, a publication of the University of Arizona's Economic & Business Research Program, Pima County's population increased 2.3% to 929,000 persons for the year ended June 30, 2004. Over the same period, per capita income rose 1.7% to \$25,395. The County's population is expected to steadily increase over the next few years at a rate of about 2.5%. By 2010, the County's population is expected to reach one million.

For the Tucson metropolitan area, non-farm payrolls are expected to decrease 1.7% to 352,800 jobs during 2004. For all of 2004, per-capita wage income is forecast to rise 4.0% to \$32,566 and aggregate retail sales are forecast to rise 8.4% to \$9.975 billion. The number of residential permits is forecast to increase 7.1% to 8,903, signaling a boost in the housing sector.

The property tax base will grow due to an increase in residential construction. Rising personal income, incoming wealth, and continued low financing rates will substantially increase the value per residential parcel. The interest and penalties collection from delinquent property taxes will also grow due to the anticipated increase of valuation in future years.

The State Shared Sales Tax growth rate has increased over 6% for the past few years since a decline of almost 3.5% three years ago. The increase in growth rate is due to federal fiscal stimulus from lower, retroactive, income tax rates, business tax incentives for capital investments, and low long-term interest rates. The increase in growth rate is expected to slow in the near future due to the expected discontinuation of federal stimuli.

The growth rate of Vehicle License Tax (VLT) revenues has been declining since fiscal year 2001/02. This is attributed to slowing new car sales and the decreasing basis of revenue from the cars already registered in the County. VLT revenue is expected to grow again beginning in fiscal year 2007/08, based on the previous historical surge of VLT.

Expenditure Limitation

Arizona voters approved a proposition amending the state constitution in 1980 that established expenditure limitations for local governments, including Pima County.

Major Program Initiatives and Developments

Some of the major developments that occurred in Pima County during the fiscal year ended June 30, 2004 include:

Lease of property and Closure of Kino Community Hospital

To meet the healthcare needs of the County in a fiscally responsible manner, the Board of Supervisors approved a 25 year lease with an option to renew for an additional 25 years with University Physicians, Inc. (UPI), a non-profit organization affiliated with the University of Arizona School of Medicine. Under the terms of the lease, UPI will assume full responsibility for the operation of Kino Community Hospital and, over the next few years, expand and increase services as set forth in the lease. Pima County retains ownership of the land and buildings.

Capital Improvement Projects

In May 2004 Pima County voters approved a general obligation bond authorization of \$582.25 million and sewer revenue bonds of \$150 million. The County's progress in improvements of infrastructure, land, and buildings is continuing with a significant portion of the 1997 program completed.

During the fiscal year, the County issued \$65 million of general obligation bonds that was a combination of both the 1997 and 2004 authorization.

For the fiscal year ended June 30, 2004, major completed transportation projects included: Skyline Drive between Chula Vista and Campbell and Ajo Road between Country Club and Alvernon.

During the year, some of the more significant projects the County completed using general obligation bonds included the Kino Youth Library and Resource Center, Green Valley Performing Arts Center, Anamax Neighborhood Park Improvements, Marana Northwest Pool, Flowing Wells Park, Agua Caliente Regional Park, and Linda Vista Neighborhood Park.

Sonoran Desert Conservation Plan

Background and Purpose: The Pima County Board of Supervisors continues to support the Sonoran Desert Conservation Plan (SDCP). This comprehensive plan aims to: (1) prevent urban sprawl through the protection of natural and cultural resources; (2) provide a basis for natural resource protection; (3) lead to the recovery of the pygmy owl and other species protected under the Endangered Species Act (ESA); (4) stabilize the ecosystem and plant communities supporting indigenous plants and animals and mitigate a need for future endangered species listings; and (5) lead to the issuance of a regional conservation plan that

balances environmental and economic considerations. In 2001 and 2002, parts of the Plan were adopted into Pima County's Comprehensive Land Use Plan and updated in accordance with state law.

The SDCP is a countywide planning effort aimed at resolving compliance issues with the ESA and balancing the economic needs of the community. The 9,184-square-mile project area covers all of Pima County and encompasses federal, state and tribal reservation lands. The Plan's scope is roughly 10 times the area of San Diego County's multi-species effort. The Plan has received numerous state, regional and national awards, including the American Planning Association's Outstanding Planning Award for 2002, the Arizona Planning Association Award for Multi-Agency Coordination in 2001 and a number of awards for technical merit.

Recent Developments: During 2003, the SDCP's steering committee, comprised of over 70 community members, voted to support the Plan and asked the Board of Supervisors to pursue an open space bond initiative to fund the plan's efforts. In 2004 the community voted in support of a \$174.3 million open space bond. Another \$19.9 million was approved in support of cultural resource protection. Implementation of the ESA permit is scheduled for 2005.

Financial Information

Accounting System and Budgetary Control

In developing and evaluating the County's accounting system, consideration is given to the adequacy of internal control procedures. Internal controls for accounting purposes are designed to provide reasonable, but not absolute, assurance regarding: (1) safeguarding of assets against loss from unauthorized use or disposition, and (2) reliability of financial records for preparing financial statements and maintaining accountability of assets. The concept of reasonable assurance recognizes that: (1) costs of implementing controls should not exceed their likely derived benefits, and (2) evaluation of costs and benefits requires estimates and judgments by management.

All internal control evaluations occur within the above framework. We believe that the County's internal control structure adequately safeguards assets and provides reasonable assurance of proper recording of financial transactions.

Budgetary control is maintained at the elected official or department level and is aided during the fiscal year by the use of encumbrances of estimated purchases. Open encumbrances lapse at year-end and are budgeted again as needed in the next fiscal year.

Capital Assets System

The County has purchased a comprehensive asset management system and has begun the implementation process. The new asset management system will be used to interface with its existing financial management system. An important desired feature of the asset management system is that it will facilitate the County's compliance with the reporting requirements of Governmental Accounting Standards Board Statement 34, Basic Financial Statements-and Management's Discussion and Analysis-for State and Local Governments. GASB 34 requires disclosure and capitalization of infrastructure, such assets as roads, parks and bridges, which had previously not been required for governmental reporting.

Cash Management

Most cash, other than imprest accounts, is on deposit with the County Treasurer or the State Treasurer. Amounts temporarily available during the course of the fiscal year are invested on a short-term basis. To

address cash flow needs in the short term, the County instituted internal borrowings among funds that were recorded formally in its accounting records.

Risk Management

Pima County has established a Self Insurance Trust Fund to account for the risk management function of the County. The Fund is administered by an appointed Board of Trustees and provides self-insured coverage to the County for medical malpractice, workers' compensation, unemployment, general liability, property damage, environmental damage and employee dental benefits, as well as obtaining coverage for other risks. The Fund is financed by charges to other County funds.

Other Information

Independent Audit

Arizona Revised Statutes require an annual audit of the financial statements. The County is fully compliant with this legal requirement. An independent auditors' report is included in this CAFR.

Single Audit

As a recipient of federal and state financial assistance, the County is required to ensure adequate internal controls are in place to comply with applicable laws and regulations related to administration of these programs. This internal control structure is subject to periodic evaluation by management of Pima County.

As a part of the County's single audit, tests are made to determine 1) the adequacy of the internal control structure, including that portion related to federal financial assistance programs and 2) whether the County has complied with applicable laws and regulations.

The results of the County's single audit for the fiscal year ended June 30, 2003 included two reportable conditions. The first reportable condition cited inadequate policies and procedures for ensuring PILT monies received under 31 United States Code (U.S.C.) § 6904 and 16 U.S.C. § 715s were distributed to all affected local government units and school districts.

The second reportable condition cited inadequate policies and procedures over the Workforce Improvement Act federal programs. Specifically, the reportable condition pertained to a review of four of the State required monthly Contractor Requests for Funds and Disbursement Reports in which none of the reported amounts agreed to the financial records, nor could the County explain the differences. This reportable condition was also considered a material weakness. The County has since submitted a corrective plan of action.

The Single Audit for Pima County for the fiscal year ended June 30, 2004 was not complete at the time of publication of this Comprehensive Annual Financial Report.

As demonstrated by the statements and schedules included in the financial section of this report, Pima County continues to meet its responsibility for sound financial management.

Certificate of Achievement

The Government Finance Officers Association of the United States and Canada (GFOA) awarded a Certificate of Achievement for Excellence in Financial Reporting to Pima County, Arizona for its

comprehensive annual financial report for all fiscal years ended June 30, 1984 through 2003, except for fiscal years ended June 30, 1990 and June 30, 1999, due to missing the filing deadline.

In order to receive a Certificate of Achievement, a governmental unit must publish an easily readable and efficiently organized comprehensive annual financial report with contents that conform to program standards. Such reports must satisfy both generally accepted accounting principles and applicable legal requirements.

Acknowledgements

Preparation of this report could not be accomplished without the efficient and dedicated service of the staff of the County's Finance Department. We also wish to thank the Board of Supervisors for its continued support in planning and conducting the County's financial operations in a responsible fiduciary manner.

Respectfully submitted,

C. H. Huckelberry
County Administrator

WILLIAM THOMSON
DEPUTY AUDITOR GENERAL

Independent Auditors' Report

Members of the Arizona State Legislature

The Board of Supervisors of
Pima County, Arizona

We have audited the accompanying financial statements of the governmental activities, business-type activities, aggregate discretely presented component units, each major fund, and aggregate remaining fund information of Pima County as of and for the year ended June 30, 2004, which collectively comprise the County's basic financial statements as listed in the table of contents. These financial statements are the responsibility of the County's management. Our responsibility is to express opinions on these financial statements based on our audit. We did not audit the financial statements of the aggregate discretely presented component units of Pima County. Those financial statements were audited by other auditors whose reports thereon have been furnished to us, and our opinion, insofar as it relates to the amounts included for the aggregate discretely presented component units of Pima County, is based solely on the reports of the other auditors.

We conducted our audit in accordance with U.S. generally accepted auditing standards and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit and the reports of the other auditors provide a reasonable basis for our opinions.

In our opinion, based on our audit and the reports of the other auditors, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, business-type activities, aggregate discretely presented component units, each major fund, and aggregate remaining fund information of Pima County as of June 30, 2004, and the respective changes in financial position and cash flows, where applicable, thereof for the year then ended in conformity with U.S. generally accepted accounting principles.

The Management's Discussion and Analysis on pages 13 through 27, the Budgetary Comparison Schedule on pages 81 and 82, and the Schedule of Agent Retirement Plans' Funding Progress on page 83 are not a required part of the basic financial statements but are supplementary information required by the Governmental Accounting Standards Board. We have applied certain limited procedures, which consisted principally of inquiries of management regarding the methods of measurement and presentation of the required supplementary information. However, we did not audit the information and express no opinion on it.

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the County's basic financial statements. The combining and individual fund statements and schedules listed in the table of contents are presented for purposes of additional analysis and are not a required part of the basic financial statements. Such information has been subjected to the auditing procedures applied by us in the audit of the basic financial statements and, in our opinion, is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

The information included in the introductory and statistical sections listed in the table of contents has not been subjected to the auditing procedures applied in our audit of the basic financial statements and, accordingly, we express no opinion on such information.

In accordance with *Government Auditing Standards*, we will also issue our report on our consideration of the County's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters at a future date. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* and should be considered in assessing the results of our audit.

Debbie Davenport
Auditor General

Management's Discussion and Analysis

Management's Discussion & Analysis

This section of Pima County's comprehensive annual financial report presents a discussion and analysis of the County's financial performance during the year ended June 30, 2004 and should be read in conjunction with the County's basic financial statements in the following sections. All dollar amounts are expressed in thousands (000's) unless otherwise noted.

FINANCIAL HIGHLIGHTS

- At June 30, 2004, the County's combined assets exceeded combined liabilities (*net assets*) by \$962,641, an increase of 13.6% from the prior year. Of this amount, \$36,254 is available for general government expenditures (*unrestricted net assets*), \$83,711 is restricted for specific purposes (*restricted net assets*), and \$842,676 is invested in capital assets, net of related debt and accumulated depreciation.

- Of the total fund balances of the County's governmental funds, total fund balance increased \$17,499 to \$182,894, with \$166,344 of this amount available for expenditure. Within the general fund, capital projects fund and the County's other governmental funds, \$25,628, \$97,270 and \$43,446 are available for future expenditures, respectively.
- The general fund unreserved fund balance decreased \$5,371 from the previous year to \$25,628. This balance accounts for approximately 7.9% of the County's general fund expenditures and 3.9% of total governmental funds expenditures.
- Pima Health Care System increased its operating loss to \$38,953, an increase of \$17,926 from the prior year. A significant portion of the operating loss was attributed to Kino Community Hospital, which suffered an operating loss of \$30,767.
- Effective June 16, 2004, the County entered into a 25 year lease with University Physicians, Inc. (UPI), a non-profit organization. UPI has assumed full fiscal and operational responsibility of Kino

Community Hospital. Over the next 10 years, the County will pay UPI annual service fees, totaling a maximum amount of \$127,000.

OVERVIEW OF THE FINANCIAL STATEMENTS

This discussion and analysis is intended to serve as an introduction to the County's basic financial statements. The County's basic financial statements consist of four components: (1) Government-wide financial statements, (2) Fund financial statements, (3) Component unit financial statements, and (4) Notes to the basic financial statements. Required supplementary information is included in addition to the basic financial statements.

Government-wide Financial Statements are designed to provide readers with a broad overview of County finances, in a manner similar to a private-sector business.

The *statement of net assets* presents information on all County assets and liabilities, with the difference between the two reported as net assets. Over time, increases or decreases in net assets may serve as a useful indicator of whether the financial position of the County is improving or deteriorating.

The *statement of activities* presents information showing how net assets changed during the most recent fiscal year. All changes in net assets are reported as soon as the underlying event giving rise to the change occurs, regardless of the timing of related cash flows. Thus, revenues and expenses are reported in this statement for some items that will result in cash flows in future fiscal periods (e.g., uncollected taxes and earned but unused vacation or sick leave).

Both of these government-wide financial statements distinguish functions of the County that are principally supported by taxes and intergovernmental revenues (*governmental activities*) from other functions that are intended to recover all or in part a portion of their costs through user fees and charges (*business-type activities*). The governmental activities of the County include general government, public safety, highways and streets, health, welfare, culture and recreation, and education and economic opportunity. The business-type activities of the County include Pima Health Care System (PHCS), which includes Kino Community Hospital, Wastewater Management, Development Services and the County's downtown parking garages.

Discretely presented component units are included in the basic financial statements and consist of legally separate entities for which the County is financially accountable. The County's discretely presented component units are the Metropolitan Domestic Water Improvement District, the Marana Domestic Water Improvement District, the Green Valley Domestic Water Improvement District, and the Southwestern Fair Commission, which operates the County Fairgrounds and the annual Pima County Fair.

The government-wide financial statements can be found on pages 29-30 of this report.

Fund Financial Statements are groupings of related accounts that are used to maintain control over resources that have been segregated for specific activities or objectives. The County, like other state and local governments, uses fund accounting to ensure and demonstrate finance-related legal compliance with applicable State statutes and federal OMB budgeting guidelines. All of the funds of the County can be divided into three categories: (1) *governmental funds*, (2) *proprietary funds*, and (3) *fiduciary funds*.

Governmental funds are used to account for essentially the same functions reported as governmental activities in the government-wide financial statements. However, unlike the government-wide financial statements, governmental funds financial statements focus on *near-term inflows and outflows of expend-*

able resources, as well as on *balances of expendable resources* available at the end of the fiscal year. Such information may be useful in evaluating the County's near-term financing requirements.

Because the focus of governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for *governmental funds* with similar information presented for *governmental activities* in the government-wide financial statements. By doing so, readers may better understand the long-term impact of the government's near-term financing decisions. Both the governmental funds balance sheet and the governmental funds statement of revenues, expenditures, and changes in fund balances provide a reconciliation to facilitate this comparison between *governmental funds* and *governmental activities*.

The County maintains fourteen individual governmental funds. Information is presented separately in the governmental funds balance sheet and in the governmental funds statement of revenues, expenditures, and changes in fund balances for the General Fund and the Capital Projects fund. Data from the other governmental funds are combined into a single, aggregated presentation. Individual fund data for each of these non-major governmental funds is provided in the form of combining statements elsewhere in this report.

The governmental fund financial statements can be found on pages 31-34 of this report.

Proprietary funds are maintained in two ways. *Enterprise funds* are used to report the same functions presented as *business-type* activities in the government-wide financial statements. The County uses enterprise funds to account for certain health care services, including medical and long-term health care, sewer systems maintenance and operation, real estate-related development services, and parking garage operations. *Internal service funds* are an accounting device used to accumulate and allocate costs internally among the County's various functions. The County uses internal service funds to account for risk management, automotive fleet maintenance and operations, printing and communications. Because these services predominantly benefit governmental rather than business-type functions, most of the assets and liabilities of these services have been included within *governmental activities* in the government-wide financial statements.

Proprietary funds provide the same type of information as the government-wide financial statements, only in more detail. Wastewater Management and Pima Health Care System operations are considered to be major funds of the County. Data from the other enterprise funds are combined into a single, aggregated presentation. Similarly, the County's internal service funds are combined into a single, aggregated presentation in the proprietary funds financial statements. Individual fund data for the other enterprise and internal service funds are provided in the form of *combining statements* elsewhere in this report.

The proprietary fund financial statements can be found on pages 35-38 of this report.

Fiduciary funds are used to account for resources held for the benefit of parties outside the government. Fiduciary funds are not reflected in the government-wide financial statements because the resources of those funds are not available to support the County's programs.

The fiduciary fund financial statements can be found on pages 39-40 of this report.

Notes to the Financial Statements provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements. The notes can be found on pages 43-79 of this report.

Required Supplementary Information (RSI) is presented concerning the County General Fund budgetary schedule and the schedule of retirement plans' funding progress. Required supplementary information can be found on pages 81-83 of this report.

The combining and individual fund statements and schedules referred to earlier provide information for non-major governmental and enterprise funds and internal service funds and are presented immediately following the required supplementary information. Combining and individual fund statements and schedules can be found on pages 86-116 of this report.

GOVERNMENT-WIDE FINANCIAL ANALYSIS

As noted earlier, net assets may serve as a useful indicator of a government's financial position over time. In the case of the County, assets exceeded liabilities by \$962,641 at June 30, 2004. The following table shows condensed information for the Statement of Net Assets:

Table 1
Statement of Net Assets
At June 30, 2004

	Governmental Activities		Business-type Activities		Total	
	Fiscal Year		Fiscal Year		Fiscal Year

Total net assets	<u>\$ 507,951</u>	<u>\$ 422,455</u>	<u>\$ 454,690</u>	<u>\$ 440,985</u>	<u>\$ 962,641</u>	<u>\$ 863,440</u>

*As restated - See Note 2 of the financial statements

The largest portion of the County's net assets reflects its investment in capital assets (i.e. land, buildings, infrastructure, equipment), less any related outstanding debt used to acquire those assets. As of June 30, 2004, investment in capital assets totaled \$842,676, comprising approximately 87.5% of total net assets. The County uses a portion of these capital assets to provide services to its citizens, with the other portion available to its citizens for use; consequently, these assets are *not* available for future spending. The \$109,580 increase in capital assets, net of related debt, for fiscal year 2003-2004 is mostly due to the significant amount of capital project activity that has been completed and capitalized over the past year. Although the County's investments in capital assets are reported net of related debt, it should be noted that the resources needed to repay this debt must be provided from other sources, since the capital assets themselves cannot be used to liquidate these liabilities.

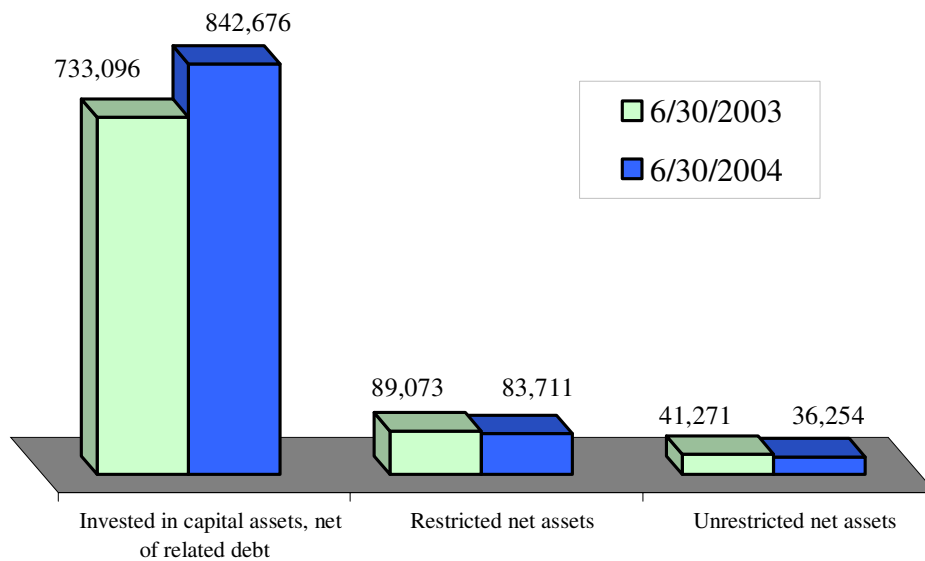

Restricted net assets represent resources that are subject to external restrictions on how they may be used. As of June 30, 2004, restricted net assets totaled \$83,711 and comprised approximately 8.7% of total net

assets. This represents a \$5,362 decrease in restricted net assets from the \$89,073 balance of fiscal year 2002-2003.

The remaining balance of the County’s net assets represents *unrestricted net assets*, which may be used to meet the County’s ongoing obligations to citizens and creditors. As of June 30, 2004, unrestricted net assets totaled \$36,254 and comprised approximately 3.8% of total net assets.

The following chart shows the composition and changes in net assets for the fiscal years ended June 30, 2004 and June 30, 2003:

Comparative Composition of Net Assets

Governmental activities

Governmental activities contributed \$85,496, or 86.2%, of the County’s \$99,201 increase in total net assets during fiscal year 2003-2004. The following table shows changes in net assets for governmental activities:

Table 2
Governmental Activities

Highways and streets	42,133	39,492	2,641	6.7%
Health	30,165	23,917	6,248	26.1%
Welfare	76,894	84,457	(7,563)	-9.0%
Culture and recreation	32,727	31,326	1,401	4.5%
Education and economic opportunity	33,093	35,033	(1,940)	-5.5%
Unallocated depreciation and amortization	1,772	1,474	298	20.2%
Interest on long-term debt	15,012	15,779	(767)	-4.9%
Total expenses	<u>524,483</u>	<u>496,342</u>	<u>28,141</u>	5.7%
Excess before transfers and extraordinary item	<u>98,692</u>	<u>69,738</u>	<u>28,954</u>	41.5%
Extraordinary Item:				
Loss from State Treasurer's				
Local Government Investment Pool	-	(7,447)	7,447	n/a
Transfers out	(13,196)	(17,980)	4,784	-26.6%
Change in net assets	<u>\$ 85,496</u>	<u>\$ 44,311</u>	<u>\$ 41,185</u>	92.9%

Key elements of the change in net assets from governmental activities are as follows:

- Program revenues increased \$34,692, reflecting an increase of \$11,748 in capital grants and contributions, specifically Surface Transportation Program monies from the Federal Highway Administration.
- General revenues increased by \$22,403, primarily due to increases in property tax revenues and state-shared tax revenues. Increases in real property assessed valuations and residential construction activity were the primary reasons property tax revenues increased by \$20,663.
- Investment earnings continued to decrease in fiscal year 2003-2004. The County invests a majority of its funds in the State Treasurer's Local Government Investment Pool. The interest rate for this pool has declined for a fourth consecutive year, resulting in less investment earnings.
- The increase of \$18,921 for Public Safety expenses resulted primarily from the Sheriff department due to increases in personnel costs, increases in state and federal Racketeering Influenced

Corrupted Organization expenditures and reclassification of inmate welfare and commissary costs from an Agency fund.

- General government expenses increased primarily because of the passage of State legislation creating the County Contribution Fund. This legislation required the County to pay \$3,828 during the course of the fiscal year. Additionally, a \$1,042 payment was made to University Physicians, Inc. as part of the Kino Community Hospital closure.
- Health expenses increased \$6,248 due to an expansion of the Health and Environmental Quality department programs in the course of the fiscal year. Increases in personnel costs, supplies and services for these new programs comprised most of the increase.
- Welfare expenses decreased by \$7,563 due to a decline in costs associated with Title 36 Psychiatric Services and reduced costs associated with ALTCS (Arizona Long-Term Care System).

Business-type activities

Business-type activities contributed \$13,705, or 13.8%, of the County's increase of \$99,201 in total net assets during the year ended June 30, 2004. The following table shows changes in revenues and expenses for business-type activities between the current and prior year:

Table 3
Business-type Activities
Comparative Statements of Activities
For the Years Ended June 30, 2004 and 2003

	Fiscal Year		Variance	
	2003-2004	2002-2003	Amount	Percent
Program revenues:				
Charges for services	\$ 320,542	\$ 277,375	\$ 43,167	15.6%
Operating grants and contributions	4,777	4,909	(132)	-2.7%
Total program revenues	<u>325,319</u>	<u>282,284</u>	<u>43,035</u>	15.2%
General revenues:				
Capital contributions	22,214	12,479	9,735	78.0%
Investment earnings	747	1,727	(980)	-56.7%
Other general revenues	3,896	6,787	(2,891)	42.6%
Total general revenues	<u>26,857</u>	<u>20,993</u>	<u>5,864</u>	27.9%
Total primary government revenues	<u>352,176</u>	<u>303,277</u>	<u>48,899</u>	16.1%
Expenses:				
Wastewater Management	71,804	74,816	(3,012)	-4.0%
Pima Health Care System	268,869	221,970	46,899	21.1%
Development Services	9,617	8,373	1,244	14.9%
Parking Garages	1,377	1,346	31	2.3%
Total expenses	<u>351,667</u>	<u>306,505</u>	<u>45,162</u>	14.7%
Excess before transfers and extraordinary item	509	(3,228)	3,737	-115.8%
Extraordinary item: Loss from State Treasurer's				
Local Government Investment Pool	-	(2,673)	2,673	n/a
Transfers in	13,196	17,980	(4,784)	-26.6%
Increase in net assets	<u>\$ 13,705</u>	<u>\$ 12,079</u>	<u>\$ 1,626</u>	13.5%

Key elements to the increase in net assets from business-type activities include:

- Charges for services increased by \$43,167 during the year primarily due to a \$28,948 increase in revenues for Pima Health Care System. This increase was driven by an increase in Capitation revenues, which comprises ambulatory and long-term care contracts with AHCCCS.
- Expenses for Pima Health Care System increased by \$46,899, or 21.1%, from the prior year. This change was driven primarily by a \$56,581 increase in medical claims and a \$12,713 increase in consultants and professional services that was offset by a \$23,160 decrease in employee compensation.

FINANCIAL ANALYSIS OF THE COUNTY'S FUNDS

As noted earlier, the County uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements.

Governmental funds

The County's general government functions are accounted for in the General, Special Revenue, Debt Service, and Capital Project funds. Included in these funds are special districts governed by the Board of Supervisors. The focus of the County's governmental funds is to provide information on near-term inflows, outflows, and balances of expendable resources. Such information is useful in assessing the County's financing requirements. In particular, unreserved fund balances may serve as a useful measure of a government's net resources available for spending at the end of the fiscal year.

At June 30, 2004, the County's governmental funds reported combined fund balances of \$182,894, an increase of \$17,499 in comparison with the prior year. Approximately 91% of the combined fund balances, or \$166,344, constitutes unreserved fund balance, which is available to meet the County's current and future needs. The remainder of fund balance is reserved to indicate that it is not available for new spending because it has been committed to the following:

- \$4,202 to pay debt service
- \$7,538 to reflect inventories and prepaid amounts
- \$2,073 for a loan receivable
- \$783 committed to specific programs
- \$75 reserved for capital repairs and refurbishments
- \$1,879 designated for debt payment

The General Fund is the chief operating fund of the County. At June 30, 2004, unreserved fund balance of the general fund was \$25,628 while total fund balance reached \$32,696. As a measure of the general fund's liquidity, it may be useful to compare both unreserved fund balance and total fund balance to total fund expenditures. Unreserved fund balance represents 7.9% of total general fund expenditures, while total fund balance represents 10.1% of that same amount.

Revenues for governmental functions totaled approximately \$622,912 in fiscal year 2003-2004, which represents an increase of \$56,773 (10%) from the previous year.

The following table presents the amount of revenues from various sources and increases or (decreases) from the prior year.

Table 4
Revenues Classified by Source
All Government Funds

	Fiscal Year					
	2003-2004		2002-2003		Increase (Decrease)	
	Amount	Percent	Amount	Percent	Amount	Percent
Revenues by source:						
Taxes	\$ 279,527	44.9%	\$ 258,375	45.7%	\$ 21,152	8.2%
Special assessments	505	0.1%	1,023	0.2%	(518)	-50.6%
Licenses and permits	6,566	1.0%	6,087	1.1%	479	7.9%
Intergovernmental	273,225	43.9%	245,378	43.3%	27,847	11.3%
Charges for services	43,505	7.0%	35,721	6.3%	7,784	21.8%
Fines and forfeits	5,010	0.8%	5,047	0.9%	(37)	-0.7%
Interest	2,656	0.4%	4,152	0.7%	(1,496)	-36.0%
Miscellaneous	11,918	1.9%	10,356	1.8%	1,562	15.1%
Total revenues	<u>\$ 622,912</u>	<u>100.0%</u>	<u>\$ 566,139</u>	<u>100.0%</u>	<u>\$ 56,773</u>	<u>10.0%</u>

The following provides an explanation of revenues by source that changed significantly over the prior year:

- Property taxes. Revenues from property taxes increased \$21,152. This was a result of growth in construction activity within the County over the past year, as well as continued increases in assessed property valuations and greater real estate market values.
- Intergovernmental revenue. The \$27,847 increase in intergovernmental revenue is due primarily to a \$12,213 increase observed for Capital Projects. The following monies were received for construction projects: \$2.47 million in State funding for the Old Nogales Highway project; \$2.2 million in federal funding for the Veteran's Memorial Overpass project; \$4 million in federal funding for the General Hitchcock Highway project; and \$5.01 million in federal funding for the Wetmore/Ruthrauff project.
- Charges for services. The \$7,784 increase in charges for services revenue is due primarily to a \$5,854 increase observed in Capital Projects. The Board of Supervisors approved an increase in Impact Fee Charges and the addition of ten new benefit areas to which the charges will also be applied.
- Interest revenue. As previously mentioned, the County invests a majority of its funds in the State Treasurer's Local Government Investment Pool. Interest rates are down again for fiscal year 2003-2004 due to a continued decline in the investment pool's interest rate, resulting in decreased interest revenue.

The following table presents expenditures by function compared to prior year amounts:

Table 5
Expenditures by Function
All Governmental Funds

Government Function	Fiscal Year					
	2003-2004		2002-2003		Increase (Decrease)	
	Amount	Percent	Amount	Percent	Amount	Percent
General government	\$ 140,319	21.6%	\$ 132,416	21.6%	\$7,903	6.0%
Public safety	146,275	22.5%	127,155	20.7%	19,120	15.0%
Highways and streets	29,170	4.5%	26,741	4.4%	2,429	9.1%
Health	30,322	4.7%	24,029	3.9%	6,293	26.2%
Welfare	76,725	11.8%	84,238	13.7%	(7,513)	-8.9%
Culture and recreation	27,141	4.2%	25,214	4.1%	1,927	7.6%
Education and economic opportunity	32,146	5.0%	35,057	5.7%	(2,911)	-8.3%
Capital outlay	103,167	15.9%	97,147	15.9%	6,020	6.2%
<u>Debt service:</u>						
- Principal	49,025	7.5%	45,544	7.4%	3,481	7.6%
- Interest	14,851	2.3%	15,695	2.6%	(844)	-5.4%
- Miscellaneous	161	0.0%	24	0.0%	137	570.8%
Total expenditures	<u>\$ 649,302</u>	<u>100.0%</u>	<u>\$ 613,260</u>	<u>100.0%</u>	<u>\$36,042</u>	<u>5.9%</u>

Total expenditures in governmental funds increased during fiscal year 2003-2004 by \$36,042 (See related discussion on page 19).

Capital outlay increased by \$6,020 this year and was due to the following factors:

- Expenditures for land and right of way/easements increased \$23,389 and \$2,064, respectively. The largest land purchases were \$11,741 for Tucson Mountain Park Sweetwater (Open Space – Bonded) and \$10,534 for Flood Prone Land Acquisition Program (due to Aspen Fire damage). The largest rights of way/easements expenditures were \$1,291 for River Road: Campbell to Alvernon Way and \$1,072 for La Cholla Boulevard: Omar Drive to Magee Road.
- Expenditures for buildings increased \$831. The breakdown for this increase is \$584 for the new jail and \$247 for the new forensics science center under the Sheriff’s department.

The \$3,481 increase for debt service principal payments was due to the issuance and payment of the short-term 2004 General Obligation (GO) Bonds in the amount of \$6,880. In addition, initial payments were made in the amount of \$1,500 for the 2003 Series of Transportation Bonds.

Budget to Actual Comparison for the General Fund

Overall, budgeted revenues and expenditures for the General Fund were generally consistent with actual fund activity. Actual revenues exceeded budgeted revenues by \$10,152 and actual expenditures were less than budgeted by \$8,503. No variances between the budget to actual amounts were significant enough to affect the County’s ability to provide future services.

Proprietary funds

The County’s proprietary fund functions are contained in the Enterprise and Internal Service funds. The enterprise funds of the County are Pima Health Care System, Wastewater Management, Development

Services, and Parking Garages. These business-type activities are accounted for in a similar fashion to private-sector businesses, and the costs for services provided are expected to be covered either fully or in part by current revenues generated, which include fees charged to external users.

The following table presents a comparison of this year's enterprise fund activities with the prior year:

Table 6
Summary Statement of Revenues, Expenses and Changes in Fund Net Assets
Total Enterprise Funds
For the Fiscal Years ended June 30, 2004 and 2003

	Fiscal Year		Variance	
	2003-2004	2002-2003	Amount	Percent

Change in net assets	\$ 13,462	\$ 11,958	\$ 1,504	12.6%

Key activity within the enterprise funds for fiscal year 2003-2004 include the following:

- While net operating revenues for the County's enterprise funds increased \$30,908 (11.8%), operating expenses also increased \$43,059 (14.3%), resulting in an operating loss of \$49,993, an increase of \$12,151, or 32.1%. The increase in operating losses was due to increased health care service costs for PHCS.
- Net Patient Services revenues increased by \$27,046 from fiscal year 2002-2003. This is attributable to increased membership enrollment for Pima Health System services, which generated increases in capitation revenues and reinsurance claim revenues.
- Other revenues decreased \$26,137 primarily due to the closure of Kino Community Hospital. In fiscal year 2002-03, state laws required Pima Health Care System and its subfund, Kino Community Hospital, to return disproportionate share revenue received. The closure of Kino Community Hospital in fiscal year 2003-04, discontinued the receipt of disproportionate share revenues previously reported as other revenues.
- Employee compensation decreased as the result of the closing of Kino Hospital and the subsequent reassignment of hospital employees.
- Medical claims continued to increase this year as a result of the passage of Proposition 204 in the prior fiscal year, which expanded the eligibility for medical care within the Arizona Health Care Cost Containment System (AHCCCS), resulting in higher enrollment for Pima Health Care System. An increase in doctor fees is also responsible for a portion of the rise in medical claims expenditures.
- Consultants and professional services increased due to a rise in costs associated with ancillary and administrative services for Kino Hospital.
- Sewer connection fees charged by Wastewater Management increased by \$9,124 due to increased connection fees.

Capital Assets and Debt Administration

Capital Assets

The County's investment in capital for its governmental and business-type activities as of June 30, 2004 amounted to \$1,270,352 (net of accumulated depreciation), an increase of 10.9%. The County's investment in capital assets consists of land, buildings, sewage conveyance systems, infrastructure, equipment and construction in progress.

Major capital asset events during the current fiscal year included the following:

- Land increased by \$32,880 due mainly to open space acquisitions.
- A number of roads and flood control projects were completed and capitalized in fiscal year 2003-2004, increasing infrastructure by \$61,956.

- Construction in Progress decreased by \$19,365 since the number of projects completed was greater than the number of new projects initiated during the year.

Capital assets for the governmental and business-type activities are presented below to illustrate changes from the prior year:

Table 7
Capital Assets
Governmental and Business-type Activities

	Governmental Activities		Business-type Activities		Total	
	Fiscal Year		Fiscal Year		Fiscal Year	
	2003-2004	2002-2003*	2003-2004	2002-2003	2003-2004	2002-2003*
Land	\$ 160,586	\$ 127,895	\$ 13,054	\$ 12,865	\$ 173,640	\$ 140,760

Infrastructure	155,147	93,191	-	-	155,147	93,191
Construction in progress	97,570	133,185	152,421	136,171	249,991	269,356
Total	<u>\$ 676,131</u>	<u>\$ 590,509</u>	<u>\$ 594,221</u>	<u>\$ 570,391</u>	<u>\$ 1,270,352</u>	<u>\$ 1,160,900</u>

*As restated - See Note 2 of the financial statements

The County's infrastructure assets are recorded at historical cost in the government-wide financial statements. Additional information regarding the County's capital assets can be found in Note 5 of the financial statements on pages 53 –56 of this report.

Long-term Debt

Significant, comparative long-term debt data is presented below:

Table 8
Long-Term Debt
Governmental Funds

	Fiscal Year	
	2003-2004	2002-2003
Bonds issued (at face value):		
General obligation refunding	\$ -	\$ -
General obligation	65,000	50,000
Transportation revenue	-	35,000
Flood control district refunding	-	-
Special assessment with government commitment	-	-
Sewer revenue refunding	-	-
Capital leases	2,680	177
Loan proceeds	-	-
Total	<u>\$ 67,680</u>	<u>\$ 85,177</u>

General obligation bonds issued in FY 2003-2004 amounted to \$65,000; the proceeds of this issue were allocated as follows:

- \$14,749 to Sonoran Desert Open Space and Habitat Protection,
- \$28,542 to Parks and Recreational Facilities,
- \$2,652 to River Parks and Flood Control Improvements,
- \$3,733 to Public Safety and Justice Facilities,
- \$14,561 to Public Health and Community Facilities,
- \$763 to improve solid waste disposal facilities.

The \$2,680 reported for capital leases represents the 2003 refinance of jail facilities being leased back by the County.

Pima County maintains an “A+” rating from Standard & Poor’s and an “A1” rating from Moody’s for general obligation bonds, street and highway revenue bonds, sewer revenue bonds, and flood control general obligation bonds, except for the General Obligation Bonds, Series 2004 which Standard & Poor’s upgraded to AA-.

State statutes limit the amount of general obligation debt a governmental entity may issue to 15% of its total asset valuation. The current debt limitation for Pima County is \$783,191, which is significantly in excess of Pima County’s outstanding general obligation debt.

Refunding of 1979 bonds

Pima County was advised that \$925 of bonds were not called as planned in 2002 and again in 2003. The Pima County Treasurer was named as paying agent for these bonds. We have evaluated the possibility of noncompliance with regard to this matter and have concluded that the funds received from the irrevocable trust for use in calling the bonds met the requirements for a sinking fund as defined by the bond covenants. On November 1, 2004, a redemption notice was issued to call the \$1,850 of bonds outstanding.

Additional information regarding the County’s debt can be found in Note 7 of the financial statements on pages 58-72 of this report.

Economic Factors and Next Year’s Budget

Pima County continues to record steady increases in various aspects of its economy. Increases in residential construction continue to contribute to increases in the real property taxes, along with increases in valuation. Increases in per-capita wage income and sales taxes have also provided indications of economic growth.

The budget for fiscal year 2004/05 has expenditures for the General Fund increasing by approximately \$40 million for the following reasons:

- \$25 million in expenditures for Kino Community Hospital. Prior to fiscal year 2004/05, operating transfers were used to subsidize this division of Pima Health Care System.
- \$5 million attributable to a 5% increase in employee salaries
- \$5 million for increased operating costs associated with the Adult Detention Facility

- \$3 million of funds were set aside to cover the salaries of former Kino Community Hospital employees as they transition to other jobs throughout the County.
- approximately \$2 million for other miscellaneous adjustments related to the Presidential election, increases in operations and maintenance costs, etc.

Request for Information

This financial report is designed to provide a general overview of the County's finances. Any questions concerning the information provided in this report or requests for additional financial information should be addressed to the Finance Department, 130 W. Congress, 7th Floor, Tucson, AZ, 85701.

PIMA COUNTY
RECONCILIATION OF THE STATEMENT OF REVENUES, EXPENDITURES
AND CHANGES IN FUND BALANCES OF GOVERNMENTAL FUNDS
TO THE STATEMENT OF ACTIVITIES
FOR THE YEAR ENDED JUNE 30, 2004
(in thousands)

Exhibit A-6

Net change in fund balances - total governmental funds \$ 17,865

Amounts reported for governmental activities in the statement of activities are different because:

Governmental funds report capital outlays as expenditures. However, in the statement of activities, the cost of those assets is depreciated over their estimated useful lives and reported as depreciation expense

Expenditures for capital assets	\$ 93,695		
Less current year depreciation	<u>(20,197)</u>	\$	73,498

Transfers of capital assets between governmental activities and proprietary funds are not reported in the governmental funds but are recognized in the statement of activities

Enterprise funds	\$ 8,278		
Internal service funds	<u>107</u>	\$	8,385

The issuance of long-term debt (e.g., bonds, leases) provides current financial resources to governmental funds, while the repayment of the principal of long-term debt consumes the current financial resources of governmental funds. Neither transaction, however, has any effect on net assets. Also, governmental funds report the effect of issuance costs, premiums, discounts and similar items when debt is first issued, whereas these amounts are deferred and amortized in the statement of activities. This amount is the net effect of these differences in the treatment of long-term debt and related items

Face amount of long-term debt	\$ (65,000)		
Debt service - principal payments	49,025		
Proceeds on refunding bonds	(6,880)		
Payments to escrow agent	6,846		
Premium on bonds	(148)		
Amortization expense	<u>(967)</u>	\$	(17,124)

Some revenues reported in the statement of activities do not represent the collection of current financial resources and therefore are not reported as revenues in the governmental funds. Also, collections of property taxes in the governmental funds exceeded revenues reported in the statement of activities

Donations of capital assets	\$ 5,441		
Property tax revenues	(1,499)		
Other	<u>2,066</u>	\$	6,008

Some expenses reported in the statement of activities do not require the use of current financial resources and therefore are not reported as expenditures in the governmental funds

Change in compensated absences	(1,204)		
Loss on disposal of capital assets	(1,740)		
Change in reservation of fund balances	<u>(366)</u>	\$	(3,310)

Internal service funds are used by management to charge the costs of certain activities to individual funds. A portion of the net revenue of the internal service funds is reported with governmental activities

Noncash investing, capital, and noncapital financing activities during the year ended June 30, 2004:

Wastewater Management Enterprise Fund retired assets with a net book value of \$4.

Wastewater Management Enterprise Fund received contributed developer-built conveyance systems with estimated fair values totaling \$22,214. These contributions were recorded as an increase in capital assets and capital contributions (a non-cash transaction).

Wastewater Management Enterprise Fund performed a physical inventory of capital assets during the year and increased the net book value of capital assets by \$41.

Wastewater Management Enterprise Fund issued \$25,770 of Sewer Revenue Refunding Bonds, Series 2004, at a premium of \$1,258 to refund sewer revenue bonds issued in 1994. Bond issuance costs totaling \$424 were deducted from the refunding bond proceeds and \$26,604 was deposited immediately to refund \$25,520 of 1994a sewer revenue bonds.

Pima Health Care System had unpaid transfers totaling \$1,600 at year end.

Pima Health Care System disposed of assets with a net book value of \$180.

Pima Health Care System sold assets to University Physicians, Inc. at a loss of \$139.

Pima Health Care System transferred assets to the County's general government with a net book value of \$13,489.

Pima Health Care System received capital assets with a net book value of \$19 from the County's general capital assets.

Other Enterprise Funds disposed of capital assets with a net book value of \$1.

Other Enterprise Funds had unpaid transfers totaling \$290 at year-end.

Other Enterprise Funds transferred \$7 of completely depreciated capital assets to the County's general capital assets.

Internal Service Funds transferred capital assets with a net book value of \$464 to the Wastewater Management Enterprise Fund.

Internal Service Funds transferred \$113 of capital assets to the County's general capital assets.

Internal Service Funds disposed of assets with a net book value of \$1,016.

Internal Service Funds received a capital asset with a value of \$6 from the County's general capital assets.

PIMA COUNTY

Notes to Financial Statements June 30, 2004 (in thousands)

NOTE 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The accounting policies of Pima County conform to generally accepted accounting principles applicable to governmental units adopted by the Governmental Accounting Standards Board (GASB).

A. Reporting Entity

The County is a general-purpose local government that is governed by a separately elected board of Pima County supervisors. The accompanying financial statements present the activities of the County (the primary government) and its component units.

Component units are legally separate entities for which the County is considered financially accountable. Blended component units, although legally separate entities, are in substance part of the County's operations. Therefore, data from these units is combined with data of the primary government. Discretely presented component units, on the other hand, are reported in a separate column in the combined financial statements to emphasize they are legally separate from the County. Each blended and discretely presented component unit discussed below has a June 30 year-end, except for the Green Valley Domestic Water Improvement District, which has a December 31 year-end.

The Municipal Property Corporation (MPC) is a nonprofit corporation created by the Pima County Board of Supervisors to assist in the development of the County, among other things, by acquiring, constructing and improving any facilities, including real property and improvements and personal property, entirely for use by the County. The MPC undertook its first bond issue in October, 1992. The MPC is governed by a five-member board elected by the Pima County Board of Supervisors to one-year terms. The MPC is reported as a special revenue fund (blended component unit) in these financial statements. Separate financial statements for the MPC are not available.

The Pima County Stadium District, a legally separate entity, was formed to promote and establish major league baseball spring training in Pima County. The Board of Directors of the District comprises the same individuals who constitute the Pima County Board of Supervisors. Acting in the capacity of the Board of Directors, the Pima County Board of Supervisors is able to impose its will on the District. The Board of Directors levies the car rental surcharge rates and the recreation vehicle (RV) park tax for the District. The District is reported as a special revenue fund (blended component unit) in these financial statements. Complete financial statements for the District can be obtained from the Pima County Finance Department located at 130 West Congress Street, Tucson, Arizona 85701.

The Pima County Library District was established in 1986 when legislation allowed full taxing authority and the ability to enter into agreements with other jurisdictions for the provision of library services. The Board of Directors is the Pima County Board of Supervisors. The Library District and the City of Tucson have had intergovernmental agreements to provide library services since 1986. The Library District is reported as a special revenue fund (blended component unit) in these financial statements. Separate financial statements for the District are not available.

The Pima County Flood Control District was established June 5, 1978, and became operational on July 1, 1978. To comply with federal law, the State of Arizona enacted the Floodplain Management Act of 1973. This act authorized the counties in Arizona to adopt rules and regulations concerning the management of floodplain areas. The State of Arizona subsequently authorized flood control districts to levy taxes on real property to finance district-operating expenses. The District is responsible for floodplain management activities for the unincorporated areas of Pima County (except national forests, parks, monuments and Indian Nations) the City of South Tucson, and the Town of Sahuarita. The Pima County Board of Supervisors is the Board of Directors for the Flood Control District. The Flood Control District is reported as a special revenue fund (blended component unit) in these financial statements. Separate financial statements for the District are not available.

PIMA COUNTY

Notes to Financial Statements June 30, 2004 (in thousands)

The Metropolitan Domestic Water Improvement District (MDWID) of Pima County, a legally separate entity, was formed by the Pima County Board of Supervisors on July 7, 1992. The initial Board of Directors of the District was comprised of five members appointed by the Pima County Board of Supervisors to varying terms. In November 1994, three members were elected to four-year terms. The Board of Directors of the District has all the powers and duties of the Board of Supervisors of Pima County sitting as the board of directors of a county improvement district that are not in conflict with the provisions of the law. The Pima County Board of Supervisors may review all financial transactions of the Board of Directors of the District. Additionally, the Pima County Board of Supervisors may revoke at any time the authority of the Board of Directors of the District in order to protect the residents of the District. If this should occur, the Pima County Board of Supervisors would govern the District. Based on these factors, and because the District does not provide services entirely, or almost entirely to the County, but rather to the general citizenry, the District is reported as a separate component unit (discrete presentation) in these financial statements. Complete financial statements of the District can be obtained from its administrative offices located at 6265 North La Canada Drive, Tucson, Arizona 85704.

The Southwestern Fair Commission, Inc. (SFC) is a nonprofit corporation, which manages and maintains the fairgrounds owned by the County and conducts an annual fair and other events at the fairgrounds. The Commission's members are appointed, and can be removed at any time, by the Pima County Board of Supervisors. Based on these factors, and because the District does not provide services entirely, or almost entirely to the County, but rather to the general citizenry, SFC is reported as a separate component unit (discrete presentation) in these financial statements. Complete financial statements for SFC can be obtained from the Pima County Finance Department located at 130 West Congress Street, Tucson, Arizona 85701.

The Marana Domestic Water Improvement District (MARANA) of Pima County is a municipal corporation organized in 1997 under the laws of Arizona. It is a public service corporation authorized to engage in the sale of water for commercial and domestic use. The Board of Directors of the District are appointed by the Pima County Board of Supervisors. The Board of Directors of the District has all the powers and duties of the Board of Supervisors of Pima County, as the board of directors of a County improvement district that are not in conflict with the provisions of the law. The Pima County Board of Supervisors may review and shall have veto authorization over all financial transactions of the Board of Directors of the District. Additionally, the Pima County Board of Supervisors may revoke at any time the authority of the Board of Directors of the District in order to protect the residents of the District. If this should occur, the Pima County Board of Supervisors would govern the District. Based on these factors, and because the District does not provide services entirely, or almost entirely to the County, but rather to the general citizenry, the District is reported as a separate component unit (discrete presentation) in these financial statements. Complete financial statements of the District can be obtained from its administrative offices located at 16560 W. El Tiro Road, P.O. Box 518, Marana, Arizona 85653-0518.

The Green Valley Domestic Water Improvement District (GVDWID) of Pima County, a legally separate entity, was formed on December 17, 2002, by the Pima County Board of Supervisors. It was formed for the purpose of purchasing a water system and operating the water system, with operations commencing on May 21, 2003. The initial nine members of the Board of Directors were appointed by the Pima County Board of Supervisors with five having four-year terms and four having two-year terms. The residents of the District will elect the succeeding Board of Directors, who will all have four-year terms. The Pima County Board of Supervisors may review all financial transactions of the Board of Directors of the District. Additionally, the Pima County Board of Supervisors may revoke at any time the authority of the Board of Directors of the District in order to protect the residents of the District. Based on these factors, and because the District does not provide services entirely, or almost entirely to the County, but rather to the general citizenry, the District is reported as a separate component unit (discrete presentation) in these financial statements. Complete financial statements of the District can be obtained from its administrative offices located at 3290 S. Camino Del Sol, Green Valley, Arizona 85614.

PIMA COUNTY

Notes to Financial Statements June 30, 2004 (in thousands)

B. Basis of Presentation

The basic financial statements include both government-wide statements and fund-based financial statements. The government-wide statements focus on the County as a whole, while the fund-based financial statements focus on major funds. Each presentation provides valuable information that can be analyzed and compared between years and between governments to enhance the usefulness of the information.

Government-wide statements - provide information about the primary government (Pima County) and its component units. The statements include a statement of net assets and a statement of activities. These statements report the financial activities of the overall government, except for fiduciary activities. They also distinguish between the governmental and business-type activities of the County and between the County and its discretely presented component units. Governmental activities are financed primarily through taxes and intergovernmental revenues. Business-type activities are financed in whole or in part by fees charged to external parties.

A statement of activities presents a comparison between direct expenses and program revenues for each function of the County's governmental activities and segment of its business-type activities. Direct expenses are those that are specifically associated with a program or function and, therefore, are clearly identifiable to a particular function. The County does not allocate indirect expenses to programs or functions. Program revenues include:

- Charges for services (fines and forfeitures, licenses and permits, and special assessments).
- Operating grants and contributions.
- Capital grants and contributions.

Revenues that are not classified as program revenues, including internally dedicated resources and all taxes, are reported as general revenues. The net effect of interfund activity has been eliminated from the government-wide financial statements to minimize the double counting of internal activities.

Fund-based financial statements – provide information about the County's funds, including fiduciary funds and blended component units. Separate statements are presented for the governmental, proprietary, and fiduciary fund categories. The emphasis of fund-based financial statements is on major governmental and enterprise funds, each displayed in a separate column. All remaining governmental and enterprise funds are aggregated and reported as nonmajor funds. Fiduciary funds are aggregated and reported by fund type.

Proprietary funds are financed mainly by fees and charges to users of the services provided by the funds' operations. Proprietary funds distinguish operating revenues and expenses from nonoperating items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with a proprietary fund's principal ongoing operations. All revenues and expenses not meeting this definition are reported as nonoperating revenues and expenses.

The County reports the following major governmental funds:

The General Fund – is the County's primary operating fund. It accounts for all financial resources of the general government, except those required to be accounted for in another fund.

The Capital Projects Fund – accounts for financial resources to be used for the acquisition or construction of major capital facilities, other than those financed by proprietary funds.

The County reports the following major enterprise funds:

PIMA COUNTY

Notes to Financial Statements June 30, 2004 (in thousands)

Pima Health Care System – provides health care services through Kino Hospital, Pima Health System, and Posada del Sol including inpatient hospital care and outpatient clinical care for medical and psychiatric problems, indigent health care under the Arizona Health Care Cost Containment System (AHCCCS), an alternative to Medicaid, home health services and long-term nursing care. Kino Hospital ceased operations on June 15, 2004 and no financial activity will be reported in future years (see Note 15 to the Financial Statements).

Wastewater Management Fund – accounts for the management and operation of wastewater treatment, water pollution control programs, and solid waste management throughout the County.

The County reports the following fund types:

Internal Service Funds – account for the financing of goods or services provided by one department or agency to other departments or agencies of the County, or to other governmental units, on a cost-reimbursement basis. These funds account for fleet maintenance and operation, insurance, graphics services, and communications services.

Investment Trust Funds – account for assets held by the County Treasurer in an external investment pool and individual investment accounts for the benefit of outside jurisdictions.

Agency Funds – account for the assets held by the County as an agent for individuals, private organizations or other governmental units. The agency fund is custodial in nature and does not present results of operations or have a measurement focus.

C. Basis of Accounting

The government-wide, proprietary funds and fiduciary funds financial statements are presented using the economic resources measurement focus and the accrual basis of accounting. Revenues are recorded when earned and expenses are recorded at the time liabilities are incurred, regardless of when the related cash flows take place. Property taxes are recognized as revenue in the year for which they are levied. Grants and donations are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met.

Governmental funds in the fund-based financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Under this method, revenues are recognized when measurable and available. The County considers all revenues reported in the governmental funds to be available if the revenues are collected within 30 days after year-end. Expenditures are recorded when the related fund liability is incurred, except for principal and interest on general long-term debt, claims and judgments and compensated absences, which are recognized as expenditures to the extent they are due and payable. General capital asset acquisitions are reported as expenditures in governmental funds. Proceeds of general long-term debt and acquisitions under capital lease agreements are reported as other financing sources.

Under the terms of grant agreements, the County funds certain programs by a combination of grants and general revenues. Therefore, when program expenses are incurred, there are both restricted and unrestricted net assets available to finance the program. The County applies grant resources to such programs before using general revenues.

The County's business-type activities and enterprise funds follow FASB Statements and Interpretations issued on or before November 30, 1989; Accounting Principles Board Opinions; and Accounting Research Bulletins, unless those pronouncements conflict with GASB pronouncements. The County has chosen the option not to follow FASB statements and interpretations issued after November 30, 1989.

PIMA COUNTY

Notes to Financial Statements June 30, 2004 (in thousands)

D. Cash and Investments

For purposes of its statement of cash flows, the County considers only those highly liquid investments with a maturity of 3 months or less when purchased to be cash equivalents. All other investments are stated at fair value.

If an individual fund has a deficit balance in the amount on deposit with the County Treasurer at year-end, that balance is reclassified as an amount due to other funds.

E. Inventories

Inventories of the governmental funds consist of expendable supplies held for consumption and are recorded as expenditures at the time of purchase. Amounts on hand at year-end are shown on the balance sheet as an asset for informational purposes only and are offset by a fund balance reserve to indicate that they do not constitute "available spendable resources." These inventories are stated at cost using the first-in, first-out method or average cost method.

Inventories of Pima Health Care System, an enterprise fund, are valued at the lower of cost or market, cost being determined on the first-in, first-out method.

Inventories of Wastewater Management, an enterprise fund, are valued at lower of cost or market, cost being determined using the moving average method.

Inventories of Fleet Services, an internal service fund, are valued at the lower of cost or market, cost being determined using the moving average method.

F. Property Tax Calendar

The County levies real and personal property taxes on or before the third Monday in August that become due and payable in two equal installments. The first installment is due on the first day of October and becomes delinquent after the first business day of November. The second installment is due on the first day of March of the next year and becomes delinquent after the first business day of May.

A lien assessed against real and personal property attaches on the first day of January preceding assessment and levy.

G. Capital Assets

Capital assets are reported at actual cost, or estimated historical cost if historical records are not available. Donated assets are reported at estimated fair value at the time received.

Excluding component units, capitalization thresholds, depreciation methods, and estimated useful lives of capital assets reported in the government-wide statements and proprietary funds are as follows:

PIMA COUNTY

Notes to Financial Statements
June 30, 2004
(in thousands)

	Capitalization Threshold	Depreciation Method	Estimated Useful Life
Land	All	N/A	N/A
Buildings and building improvements	All	Straight Line	7 to 40 Years
Equipment	\$ 5	Straight Line	4 to 25 Years
Fleet service vehicles	\$ 5	Units of Production Based on number of hours or miles	5 to 15 Years
Infrastructure	\$100	Straight Line	20 to 50 Years
Land improvements	All	Straight Line	20 to 25 Years
Wastewater sewer conveyance	\$ 20	Straight Line	20 to 50 Years
Wastewater treatment facilities, transfer stations and other property and equipment	\$ 20	Straight Line	50 Years

H. Investment Income

Investment income is composed of interest, dividends, and net changes in the fair value of applicable investments.

I. Compensated Absences

Compensated absences consist of vacation leave and a calculated amount of sick leave earned by employees based on services already rendered.

Employees may accumulate up to 240 hours of vacation depending upon years of service, but any vacation hours in excess of the maximum amount that are unused at year-end are forfeited. Upon termination of employment, all unused and unforfeited vacation benefits are paid to employees. Accordingly, vacation benefits are accrued as a liability in the financial statements.

Employees may accumulate an unlimited number of sick leave hours. Generally, sick leave benefits provide for ordinary sick pay and are cumulative but are forfeited upon termination of employment. Sick leave benefits do not vest with employees, however an estimate is made for non-vested sick leave. Employees who are eligible to retire from County service into the Arizona State Retirement System, Public Safety Personnel Retirement System, or Corrections Officer Retirement Plan may request sick leave to be converted to annual leave, on a predetermined conversion basis. An estimate of those retirement payouts are accrued.

NOTE 2: NET ASSET BEGINNING BALANCES RESTATED

The beginning governmental activities net asset balance was restated to correct errors in reporting capital assets acquired in prior years.

	Governmental Activities
Net assets, June 30, 2003, as previously reported	\$ 406,079
Correction of error	16,376
Net assets, July 1, 2003, as restated	<u>\$ 422,455</u>

NOTE 3: CASH AND INVESTMENTS

PRIMARY GOVERNMENT

The County's cash and investment policies are governed by State statutes and by bond covenants. The County Treasurer is authorized to invest public monies in the State Treasurer's Investment Pool; interest bearing savings accounts, certificates of deposit and repurchase agreements in eligible depositories; bonds or other obligations issued or guaranteed by the United States government; and bonds of the State of Arizona or any of its counties, cities, towns, school districts as specified by statute. State statutes also require collateral for demand deposits, certificates of deposit and repurchase agreements at 101 percent of all deposits not covered by Federal depository insurance. Obligations that may be pledged as collateral are obligations of the United States and its agencies, and obligations of the various states and their municipalities, school districts and special districts. At least monthly, the Treasurer's Office determines that the collateral is adequate to cover the deposits by calculating the lower amount of par or fair value of individual securities pledged as collateral.

Most cash, including amounts held in trust and agency capacity for other entities, is deposited with the County Treasurer who invests the pooled balances on a short-term basis. Interest received is allocated monthly, on the basis of average daily cash balances, to separate districts and to various County funds. The County Treasurer also maintains discrete deposit and investment accounts for various funds and other entities. Deposits and investments are displayed on the financial statements as cash and cash equivalents, investments, and restricted cash and cash equivalents.

County Treasurer's Investment Pool—Arizona Revised Statutes require community colleges, school districts, and other local governments to deposit certain public monies with the County Treasurer. The County Treasurer has a fiduciary responsibility to administer those and the County monies under her stewardship. The County Treasurer invests, on a pool basis, all idle monies not specifically invested for a fund or program. In addition, the County Treasurer determines the fair value of those pooled investments annually at June 30. The County Treasurer's Investment Pool is not registered with the Securities and Exchange Commission as an investment company and there is no regulatory oversight of its operations. The structure of the pool does not provide for shares and the County has not provided or obtained any legally binding guarantees to support the value of the participants' investments.

Deposits—At June 30, 2004, the investment pool had cash on hand of \$4. The carrying amount of the pool's total cash in bank was \$8,925 and the bank balance was \$21,051. Of the bank balance, \$100 was covered by federal depository insurance and \$20,951 was covered by collateral held by the pledging financial institution's agent in the County's name.

Investments—At June 30, 2004, the County Treasurer's Investment Pool's investments consisted of \$280,705 invested in the State Treasurer's Investment Pool. The State Board of Investment provides oversight for the State Treasurer's pools, and the Local Government Investment Pool Advisory Committee provides consultation and

PIMA COUNTY

Notes to Financial Statements
June 30, 2004
(in thousands)

advice to the Treasurer. The fair value of a participant's position in the pool approximates the value of that participant's pool shares. Those shares are not identified with specific investments, are not subject to custodial credit risk, and have no stated interest rate or maturity date.

A condensed statement of the investment pool's net assets and changes in net assets follows:

Statement of Net Assets

Net assets held in trust for:	
Internal participants	\$ 169,557
External participants	120,210
Total liabilities	<u>0</u>
Total net assets held in trust	<u>\$ 289,767</u>

Statement of Changes in Net Assets

Total additions	\$ 4,955,812
Total deductions	<u>(4,918,817)</u>
Net increase	36,995
Net assets held in trust:	
July 1, 2003	<u>252,772</u>
June 30, 2004	<u>\$ 289,767</u>

Other Cash and Investments—At June 30, 2004, the total nonpooled cash on hand was \$74. The carrying amount of the total nonpooled cash in bank was \$22,191, and the bank balance was \$22,964. Of the bank balance, \$17,012 was covered by federal depository insurance; \$4,675 was covered by collateral held by the pledging financial institution's agent in the County's name; and \$1,277 was uninsured and uncollateralized.

Deposits held in escrow total \$5,215. They are not reflected in a risk category.

The County's nonpooled investments are categorized below to give an indication of the level of risk assumed by the County at year-end. Category 1 includes investments that are insured or registered in the County's name or for which the securities are held by the County or its agent in the County's name. Category 2 includes uninsured and unregistered investments for which the securities are held by the counterparty's trust department or agent in the County's name. Category 3 includes uninsured and unregistered investments for which the securities are held by the counterparty, or by its trust department or agent, but not in the County's name. The County's investment in the State Treasurer's Investment Pool represents shares of the pool's portfolio. Those shares are not identified with specific investments and are not subject to custodial credit risk.

Investment Type	Category			Reported Amount	Fair Value
	1	2	3		
U.S. Government Issues	\$ 0	\$ 0	\$ 1,460	\$ 1,460	\$ 1,460
State Treasurer's Investment Pool				<u>136,882</u>	<u>136,882</u>
Total				<u>\$ 138,342</u>	<u>\$ 138,342</u>

Total	<u>\$ 455,456</u>

DISCRETELY PRESENTED COMPONENT UNITS

Metropolitan Domestic Water Improvement District (MDWID) — At June 30, 2004, MDWID's cash deposits had a carrying balance of \$1,190 and a corresponding bank balance of \$1,189. Of the bank balance \$429 was covered by federal depository insurance and the remaining amount, with the exception of operating cash accounts, was fully insured or collateralized with securities held by MDWID or its agents in MDWID's name.

The MDWID cash and cash equivalents also include \$2,417 in operating funds held by the Pima County Treasurer, which represent a portion of the Pima County Treasurer investment pool portfolio for the year ended June 30, 2004; \$4,674 deposited with the State of Arizona Treasurer; and \$1,145 in money market funds. These deposits are not subject to custodial credit risk. At June 30, 2004, MDWID's investments had a fair value of \$1,275. These investments were with federally insured agencies and were considered custodial credit risk category 1, indicating they were insured or registered in MDWID's name or the securities were held by MDWID or its agent in MDWID's name.

Marana Domestic Water Improvement District (MARANA) — At June 30, 2004, the District's cash and cash equivalents were \$243 and included cash on hand and amounts held by the Pima County Treasurer.

Southwestern Fair Commission (SFC) — At June 30, 2004, the Commission's \$1,010 of cash and cash equivalents consisted of deposits with financial institutions, of which \$710 was uninsured and uncollateralized.

PIMA COUNTY

(in thousands)

Green Valley Domestic Water Improvement District (GVDWID) — At December 31, 2003, GVDWID's cash and cash equivalents were \$1,357 and included the bond reserve funds of \$987. The cash deposit had a carrying balance of \$370 and a corresponding bank balance of \$379. Of the bank balance, \$126 was covered by federal depository insurance and \$253 was in excess of FDIC insurance and therefore uninsured and uncollateralized.

NOTE 6: CLAIMS, JUDGMENTS and RISK MANAGEMENT

Pima County is a defendant in a number of court actions. In the opinion of County management, the final disposition of these actions, if unfavorable, will not have a material effect upon the County's financial statements.

Wastewater Management

The County has entered into settlement negotiations with Arizona Department of Environmental Quality (ADEQ) to resolve litigation associated with the cleanup of the Camino del Cerro landfill. Cleanup expenses have been incurred and include a soil vapor extraction system, a series of drainage improvements, re-grade landfill cap and groundwater remediation. The liability is not presented within the financial statements because the outcome of the settlement negotiations is uncertain. However, cleanup costs could total \$3,600 and county management plans to finance the cost of any such settlement through future bond issues.

As a result of a major sewer line failure, the County Wastewater Management Department has received a Notice of Violation from the ADEQ that could result in various penalties, fines or remediation requirements. The County is in negotiation with the ADEQ and it is too early to speculate on a possible settlement agreement or the resulting financial impact of any such agreement.

Other

The County is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; medical malpractice; environmental claims; and natural disasters. Claims against the County are accounted for in the Self Insurance Trust Fund (the Fund), an internal service fund. Annually, an actuarial evaluation is performed to determine the County's anticipated losses except for environmental and dental losses. Environmental losses are based on reported claims and the County risk manager's knowledge and experience. Dental losses are based on claims that have been submitted but not yet paid by the Fund. Losses accounted for include reported and paid, reported but unpaid, and incurred but not reported. All liabilities of the Fund except for environmental and dental losses are reported at their present value using an expected future investment yield assumption of four percent. The County purchases commercial insurance for claims in excess of coverage provided by the Fund and for some other risks of loss. Settled claims have not exceeded insurance coverage in any of the last three fiscal years.

All funds of the County participate in the Fund. With the exception of environmental and dental losses, payments to the Fund are based on actuarial estimates of the amounts needed to pay prior and current-year claims and to establish some reserve for catastrophic losses. That reserve was estimated to be \$500 at June 30, 2004, and is included in the Fund net assets. Payments to the Fund for environmental losses are based on historical experience, since an actuarial basis is not available. Payments for dental losses are based on claims made.

The claims liability of \$25,696 reported in the Fund at June 30, 2004, is based on estimates of the ultimate cost of claims that have been reported but not settled, and of claims that have been incurred but not reported. The ultimate cost of claims includes incremental claim adjustment expenses that have been allocated to specific claims, as well as salvage and subrogation. No other claim adjustment expenses have been included.

Total	<u>\$ 232,105</u>	<u>\$ 59,058</u>

REFUNDED GENERAL OBLIGATION BONDS

In 2004, the County defeased \$5,785 of General Obligation Bonds, Series 1999, by issuing \$6,880 of short-term General Obligation Bonds that had 6-month maturities and an interest rate of 3.375%. The proceeds of the new bonds were placed in an irrevocable trust to provide for future debt service payments of the refunded debt. Accordingly, the trust account assets and liability for the defeased bonds are not included in the County's financial statements. Also, the refunding bond debt is not included in the County's financial statements because as of June 30, 2004, the County had transferred cash to its paying agent to pay off the bonds. This refunding transaction resulted in an economic gain of \$690, and a reduction in debt service payments of \$1,247. Refunded amounts at June 30, 2004 were as follows:

ADVANCED REFUNDINGS OF GENERAL OBLIGATION BONDS

In prior years, the County defeased certain General Obligation bonds by placing the proceeds of new bonds in an irrevocable trust to provide for all future debt service payments on the old bonds. Accordingly the trust account assets and liability for these defeased bonds are not included in the County's financial statements. At June 30, 2004, the following outstanding bonds were considered defeased:

<u>Issue</u>	<u>Outstanding June 30, 2004</u>
1979 General Obligation Refunding Bonds	<u>\$ 7,425</u>

FLOOD CONTROL REFUNDING BONDS OUTSTANDING

Governmental Activities

(Payments made from property tax revenues
 of the Debt Service Fund of the district)

LEASE REVENUE BONDS

Governmental Activities

(Payments made from revenues received in the
Governmental Funds)

The Pima County, Arizona, Municipal Property Corporation, a Special Revenue Fund, issued lease revenue bonds in 1992 to provide monies for financing the cost of acquiring, constructing, reconstructing or improving, building, and equipping other real and personal properties suitable for use by Pima County.

In December 2003, Pima County called the remaining \$495 of outstanding bonds for redemption prior to their maturity date, at 101% of par value. The County realized an economic gain of \$44 by calling the bonds early.

SPECIAL ASSESSMENT BONDS OUTSTANDING

Governmental Activities

(Payments made from assessments received
in the Debt Service Fund and the Transportation Fund)

Special assessment bonds are secured by pledges of revenues from special assessments levied against the benefiting property owners. The proceeds of the bond issues were used to finance construction in these districts. While there is no legal obligation for the County to further secure the special assessment bonds of the districts listed below, the County has made a moral commitment to take steps necessary to prevent default.

<u>Improvement District</u>	<u>Issue Amount</u>	<u>Interest Rates</u>	<u>Maturities</u>	<u>Outstanding June 30, 2004</u>

REFUNDING CERTIFICATES OF PARTICIPATION OUTSTANDING

Governmental Activities
(Payments made from General Fund revenues
and from Special Revenue Fund revenues)

The Refunding Certificates of Participation (COPs) Series 7 were issued on April 1, 1995. The purpose of the original debt was to finance the purchase of the Legal Services and Public Works Buildings.

The final payment on the debt in the amount of \$1,560 principal, and \$41 interest was processed on June 30, 2004.

CAPITAL LEASES
Governmental Activities

On February 1, 1997, the County entered into an agreement to sell certain jail facilities and then lease them back for a 15-year term. The jail facilities were sold for \$34,500, and the proceeds were used to finance the construction of the baseball stadium. On September 1, 1999, Pima County amended the capital lease agreement between U.S. Bank Trust National Association and Pima County. The amendments extended the lease term to 2014, increased the range of interest rates and increased the County's obligation under the lease agreement.

On October 1, 2003, the County amended the jail capital lease to extend the lease term to 2018, with a range of interest rates from 2.00% - 5.00%. This amendment also increased the County's obligation under the lease agreement by \$2,680. This amount was deferred and is being amortized over the amended lease term.

The County has also entered into capital leases for election and other equipment. The outstanding balance as of June 30, 2004, for these leases totaled \$287.

The net book value of assets acquired through capital leases consists of \$21,485 of buildings and \$265 of equipment.

The following schedule details capital lease debt service requirements to maturity at June 30, 2004.

Governmental Activities:

<u>Year Ending June 30,</u>	<u>Buildings</u>		<u>Equipment</u>

REFUNDED SEWER REVENUE BONDS OUTSTANDING

In May 2004, the County defeased certain sewer revenue bonds by placing the proceeds of new bonds in an irrevocable trust to provide for all future debt service payments on the old bonds. Accordingly, the trust account assets and the liability for the defeased bonds are not included in the County's financial statements. This refunding resulted in an economic gain of \$657 and a reduction in debt service payments of \$164.

The cash and investments held in the irrevocable trusts at June 30, 2004, amounted to \$26,603. Refunded amounts outstanding as of June 30, 2004 were as follows:

<u>Issue</u>	<u>Outstanding June 30, 2004</u>
Series of 1994 A	<u>\$25,520</u>

LOANS PAYABLE

Business-type Activities

(Payments made from user charges received
in the Wastewater Management Enterprise Fund)

Wastewater Management (WWM) entered into loan agreements (1996, 1997, 2000 and 2004 loans payable) to provide funds for the defeasance of prior sewer revenue bonds and the construction and improvement of wastewater treatment facilities. Interest is payable semiannually and is calculated based on the principal amount of the loan outstanding during such period. For the 2004 loan payable, principal payments to maturity are subject to change based upon the total amounts drawn down. As of June 30, 2004, WWM has drawn down \$17,452 of the available \$18,015 from the 2004 loan amount.

<u>Issue</u>	<u>Issue Amount</u>	<u>Interest Rates</u>	<u>Maturities</u>	<u>Outstanding June 30, 2004</u>
1996 Loan Payable	\$11,313	3.19%	2005-12	\$10,616

LEASE REVENUE BONDS AND NOTES PAYABLE OUTSTANDING
Component Unit – Green Valley Domestic Water Improvement District (GVDWID)
(Payments made from lease payments and water revenues)

The Green Valley Domestic Water Improvement District (GVDWID) of Pima County, Arizona was formed on December 17, 2002 by the Pima County Board of Supervisors for the purpose of purchasing and operating a water system, with a fiscal year ending December 31 each year.

On February 21, 2003, the GVDWID Board of Directors formed the Green Valley Municipal Property Corporation, for the sole purpose of assisting the district in financing the acquisition of substantially all of the operating assets of Green Valley Water Company.

On May 21, 2003, Green Valley Municipal Property Corporation, an Arizona nonprofit corporation, acquired substantially all of the operating assets of Green Valley Water Company for lease to Green Valley Domestic Water Improvement District (GVDWID), an Arizona tax levying improvement district. The purchase was financed through lease revenue bonds issued May 1, 2003, in the amount of \$ 9,305.

<u>Issue</u>	<u>Issue Amount</u>	<u>Interest Rates</u>	<u>Maturities</u>	<u>Outstanding December 31, 2003</u>

LEGAL DEBT MARGIN

COUNTY GENERAL OBLIGATION BONDS

General obligation debt may not exceed six percent of the value of the County's taxable property as of the latest assessment. However, Pima County received voter approval to increase the debt limit to 15 percent of the value of taxable property. The legal debt margin at June 30, 2004, is as follows:

Net assessed valuation:		\$5,221,271
<u>Debt Limit (15% of net assessed valuation):</u>		783,191
<u>Amount of debt applicable to debt limit:</u>		
General obligation bonds outstanding	\$232,105	
Less net assets in debt service fund available for payment of general obligation bond principal	<u>(2,648)</u>	<u>(229,457)</u>
Legal debt margin available		<u>\$ 553,734</u>

PIMA COUNTY

Notes to Financial Statements

 (in thousands)

FLOOD CONTROL GENERAL OBLIGATION BONDS

Flood Control general obligation debt may not exceed five percent of the value of the Flood Control District's taxable property as of the latest assessment. Legal debt margin at June 30, 2004, is as follows:

Net assessed valuation:		\$4,511,100
<u>Debt Limit (5% of net assessed valuation):</u>		225,555
<u>Amount of debt applicable to debt limit:</u>		
Flood Control general obligation bonds outstanding	\$3,805	
Less net assets in debt service fund available for payment of flood control bond principal	<u>(26)</u>	<u>(3,779)</u>
Legal debt margin available		<u>\$ 221,776</u>

NOTE 8: SHORT-TERM DEBT

LINE OF CREDIT

The County maintains a revolving line of credit with Bank of America National Trust and Savings Association to meet its short-term cash needs. At June 30, 2004, the County had an outstanding balance of \$0. Advances on the line of credit are payable on demand. The credit line is secured by the County's general taxing authority.

	<u>Beginning Balance</u>	<u>Draws</u>	<u>Repayments</u>	<u>Ending Balance</u>
Line of credit	\$0	\$55,800	\$55,800	\$0

NOTE 9: LANDFILL LIABILITIES

SOLID WASTE LANDFILL CLOSURE AND POSTCLOSURE CARE COSTS:

State and Federal laws and regulations require the County to place a final cover on its solid waste landfill sites when these sites stop accepting waste and to perform certain maintenance and monitoring functions at the sites for thirty years after their closure. Although closure and postclosure care costs will not be paid until near or after the date the landfills stop accepting waste, the County records a portion of these closure and postclosure care costs as a long-term liability in each period based on landfill capacity used as of each balance sheet date. The \$16,022 reported as landfill closure and postclosure care liability in the Wastewater Management Enterprise Fund represents the cumulative amount reported to date based on the percentage used of each landfill's total estimated capacity. The County will recognize the remaining estimated cost of closure and postclosure care of \$5,515 as the remaining estimated capacities are used. These amounts are based on what it would cost to perform all closure and postclosure care in the fiscal year ended June 30, 2004; actual costs may change due to inflation, changes in technology, or changes in regulations.

PIMA COUNTY

Notes to Financial Statements
June 30, 2004
(in thousands)

<u>Landfill Site</u>	<u>Capacity Used June 30, 2004</u>	<u>Estimated Year of Closure</u>
Ajo	99%	2005
Sahuarita *	41%	2019
Tangerine	88%	2006

*The Sahuarita Landfill was increased from 2,069,819 cu. yd. at June 30, 2003 to 5,130,192 cu. yd. at June 30, 2004. Concurrently, the estimated year of closure was adjusted to 2019.

The County plans to fund the estimated closure and postclosure care costs with proceeds of general obligation bonds and with solid waste tipping fees.

According to state and federal laws and regulations, the County must comply with the local government financial test requirements that assure the County can meet the costs of landfill closure, postclosure, and corrective action when needed. The County is in compliance with these requirements.

NOTE 10: RETIREMENT PLANS

Plan Descriptions

The County contributes to the Arizona State Retirement System (**ASRS**), the Corrections Officer Retirement Plan (**CORP**), the Public Safety Personnel Retirement System (**PSPRS**), consisting of Pima County Sheriffs and Pima County - County Attorney Investigators, and the Elected Officials Retirement Plan (**EORP**). The **EORP** and the **PSPRS** - Pima County, County Attorney Investigators, are not described due to their relative insignificance to the County's financial statements. Benefits are established by state statute and generally provide retirement, death, long-term disability, survivor, and health insurance premium benefits.

The **ASRS** administers a cost-sharing multiple-employer defined benefit pension plan that covers general employees of the County. The **ASRS** is governed by the Arizona State Retirement System Board according to the provisions of A.R.S. Title 38, Chapter 5, Article 2.

The **PSPRS** is an agent multiple-employer defined benefit pension plan that covers public safety personnel who are regularly assigned hazardous duty as employees of the State of Arizona or one of its political subdivisions. The **PSPRS**, acting as a common investment and administrative agent, is governed by a five-member board, known as The Fund Manager, and 199 local boards according to the provisions of A.R.S. Title 38, Chapter 5, Article 4.

The **CORP** is an agent multiple-employer defined benefit pension plan that covers certain employees of the State of Arizona, Departments of Corrections and Juvenile Corrections, and County employees whose primary duties require direct inmate contact. The **CORP** is governed by the Fund Manager of **PSPRS** and 19 local boards according to the provisions of A.R.S. Title 38, Chapter 5, Article 6.

Funding Policy

The Arizona State Legislature establishes and may amend active plan members' and the County's contribution rates.

Cost-sharing plans For the year ended June 30, 2004, active **ASRS** members and the County were each required by statute to contribute at the actuarially determined rate of 5.70 percent (5.2 percent retirement and 0.50 percent long-term disability) of the members' annual covered payroll. The County's contributions to **ASRS** for the years ended June 30, 2004, 2003, and 2002 were \$13,231, \$6,307 and \$6,351 respectively, which were equal to the required contributions for the year.

Agent plans For the year ended June 30, 2004, active **PSPRS** members were required by statute to contribute 7.65 percent of the members' annual covered payroll, and the County was required to contribute at the actuarially determined rate of 7.71 percent. As allowed by statute, the County contributed 3.65 percent of the members' required contribution, with the members contributing 4.00 percent. Active **CORP** members were required by statute to contribute 8.50 percent of the members' annual covered payroll, and the County was required to contribute at the actuarially determined rate of 4.38 percent.

NOTE 11: SEGMENT INFORMATION

Liquid Waste, a division of Pima County's Department of Wastewater Management, is reported within the Wastewater Management Enterprise Fund. Liquid Waste operates the sewer system, which provides wastewater collection, treatment, and disposal throughout Pima County. All revenues generated by the ownership, use, and operation of Pima County's sewer system are pledged in support of sewer system debt. In addition, debt covenants require sewer system revenues, expenses, gains, losses, assets and liabilities to be accounted for separately. As a result, condensed financial information for Liquid Waste is presented in the following table.

Condensed Statement of Net Assets

B. Transfers

Transfers are used to record transactions between individual funds to subsidize their operations and fund debt service payments and capital construction projects.

The following funds recorded amounts as transfers out:

	<i>General</i>	<i>Capital Projects</i>	<i>Other Governmental</i>	<i>Pima Health Care System</i>	<i>Wastewater Management</i>	<i>Other Enterprise</i>	<i>Internal Service</i>	<i>Total</i>
	The following funds recorded amounts as transfers in:							
General			2,918	8,807			37	11,762
Capital Projects	7,514		16,497		1,024			25,035
Other Governmental	12,882	1,461	17,180			241	22	31,786
Pima Health Care System	31,100							31,100
Wastewater Management						49		49
Other Enterprise								0
Internal Service	243		121		5	13	7	389
Total	51,739	1,461	36,716	8,807	1,029	303	66	100,121
Transfers out of capital assets:				8,297			577	8,874
Total:	51,739	1,461	36,716	17,104	1,029	303	643	108,995

In the fund financial statements, total transfers in of \$100,121 are less than total transfers out of \$108,995 because of the following. First, Pima Health Care System and the Internal Service funds reported capital assets transfers out of

PIMA COUNTY

Notes to Financial Statements
June 30, 2004
(in thousands)

\$8,297 and \$113, respectively. No amounts were reported in the governmental funds because the amounts did not involve financial resources. Second, the Internal Service funds reported capital asset transfers out of \$464. This amount was reported as a capital contribution in the Wastewater Management fund.

The government-wide financial statements include transfers between governmental and business-type activities that are reported above, as well as \$19 general capital asset transfer into the Pima Health Care System. This amount is reported as a capital contribution in the Pima Health Care System.

NOTE 13: CONSTRUCTION AND OTHER SIGNIFICANT COMMITMENTS

At June 30, 2004, Pima County had the following major contractual commitments related to Transportation Projects, Flood Control Projects, General Government Projects and Wastewater Management Projects.

Transportation Projects

At June 30, 2004, the Pima County Transportation Department had contractual commitments of \$112,919. Funding for these expenditures will be primarily provided from Transportation Revenue Bonds and Highway User Tax Revenue, the primary sources of revenue for the Transportation Department.

Flood Control Projects

At June 30, 2004, the Pima County Flood Control District had contractual commitments of \$13,688. Funding for these expenditures will be primarily provided from general obligation bonds and the Flood Control District's tax levy of property within Pima County, the primary sources of revenue for the Flood Control District.

General Government Projects

At June 30, 2004, Pima County had contractual commitments related to various Facilities Management Projects of \$12,758 and Parks and Recreation Projects of \$60,010. Funding for these expenditures will be primarily provided from general obligation bonds.

Wastewater Management Projects

At June 30, 2004, the Wastewater Management Enterprise Fund had commitments under construction contracts that totaled \$ 27,746.

The County enters into operating leases for various equipment and office space. These leases are entered into with the provision that they may be canceled at the end of each fiscal year if future funding is not provided. Accordingly, these leases totaled \$3,449 for the year ended June 30, 2004.

NOTE 14: STEWARDSHIP, COMPLIANCE, AND ACCOUNTABILITY
(DEFICIT FUND BALANCES)

The Stadium District Special Revenue Fund (a nonmajor governmental fund) had a deficit fund balance at June 30, 2004, of \$3,225. Management plans to eliminate the deficit by transferring cash from the General Fund and operating the Baseball Complex profitably in the future.

PIMA COUNTY

(in thousands)

NOTE 15: SIGNIFICANT EVENT

Pima County operated Kino Community Hospital, which was reported within the Pima Health Care System Enterprise Fund through June 15, 2004. On June 15, 2004, the Pima County Board of Supervisors entered into a contract with University Physicians Incorporated (UPI). This contract, effective June 16, 2004, contained an operating lease of Kino Community Hospital's buildings, improvements and land to UPI for 25 years for ten dollars per year. UPI may terminate the lease after 5 years, subject to certain conditions. Administrative control of the leased assets was transferred to the capital assets of the general governmental activities. In addition, the County will pay UPI an annual service fee during the first ten years of the contract to support the continued operations of the Hospital. The service fee will be subject to maximum amounts defined within the agreement. The maximum service fee for fiscal year ending June 30, 2005 is \$25.8 million. The maximum service fee for all ten years combined is \$127 million.

The net assets transferred to Pima County's general government were as follows:

Current assets	\$	12,041
Capital assets (net of accumulated depreciation of \$23,501)		8,297
Current liabilities		(6,734)
Net assets transferred	\$	<u>13,604</u>

Required Supplementary Information

Notes to Schedule of Revenues, Expenditures and Changes in Fund Balance –Budget and Actual –General Fund
June 30, 2004
(in thousands)

NOTE 1: BUDGETARY BASIS OF ACCOUNTING

On or before the third Monday in July of each year, the Board of Supervisors adopts a tentative budget for the fiscal year. A public hearing and special board meeting is scheduled at which time the final budget is adopted.

The County adopts, on a modified accrual basis, budgets for all governmental fund types (General, Special Revenue, Debt Service, and Capital Projects Fund). Operating plans for all Enterprise Funds are also adopted as part of the budget document. Per state statute, expenditures may not exceed appropriations at the department or elected official level. Each Special Revenue Fund maintains budgetary control at the fund or sub-fund level where applicable. Budgetary control for the Capital Projects Fund and the Debt Service Fund are at the fund level.

Adopted budgets provide that the beginning unreserved fund balance plus revenues and other financing sources equal expenditures and other uses. State statute requires that amendments to the budget, including transfers of appropriations between departments or funds are not permissible unless the Board of Supervisors determines that it is in the public interest and it is based on a demonstrated need.

NOTE 2: EXCESS OF EXPENDITURES OVER APPROPRIATIONS

For the year ended June 30, 2004, expenditures exceeded appropriations in the following General Fund departments (the legal level of budgetary control) by the following amounts: Sheriff, \$2,655; Justice & Law Enforcement, \$1,287; Medical Examiner, \$177; Recorder, \$169; Community Resources, \$79; Debt Service, \$80; Clerk of Superior Court, \$46; Constables, \$45 and County Attorney, \$1. These overexpenditures were funded by greater than anticipated revenues.

Combining Statements and Other Schedules –

Other (Non-Major) Governmental Funds

OTHER GOVERNMENTAL FUNDS (Non-Major)

Transportation Fund – to account for administrative and operating costs, as well as resources transferred to the Capital Projects Fund for construction of highways and streets. Financing is provided primarily from the County share of gasoline and vehicle license taxes collected by the State.

Health and Animal Control Fund - to account for resources used to finance activities involved in the conservation and improvement of public health. Major sources of funding include Federal and State grants, charges for services provided, and operating transfers from the General Fund.

Flood Control District Fund - to account for amounts expended to protect persons and property from flood waters. Revenues are provided by taxes on real property and government grants.

Employment and Training Fund - to account for resources controlled by the County as a prime sponsor under the Workforce Investment Act. Financing is provided by the Federal Government.

Other Special Revenue Fund - to account for resources specifically identified to be expended for the various other programs of the County. These include various probation programs, consumer protection programs, family support, antiracketeering programs, law library, etc. Revenues are provided by fines, intergovernmental revenues, fees and forfeitures, and charges for services.

Library District Fund – to account for the resources used to finance activities to provide Library services to Pima County and the City of Tucson. Revenues are provided primarily by Library District taxes.

Stadium District Fund - to account for resources specifically identified to be expended for the Stadium District. Revenues are provided by the car rental, hotel/motel bed and recreation vehicle park taxes and charges for services provided. The Stadium District is a blended component unit of Pima County.

Other Special Revenue Grants Fund - to account for Federal and State grants received by the County not required to be accounted for in a separate fund. Each grant has a specific project objective and the grants funds must be used for a stated purpose.

School Reserve Fund - to account for Federal and State grants received by the Superintendent of Schools. Each grant has a specific project objective and the grants funds must be used for a stated purpose.

Environmental Quality Fund - to account for resources specifically identified to be expended for protection of water, air and land from pollutants. Revenues are provided by fines, fees and forfeitures, licenses, permits and Federal and State grants.

Municipal Property Corporation Fund - to account for resources specifically identified to be expended on various equipment acquisition and building improvement programs of the County. Financing is provided through the sale of lease revenue bonds. Revenues are provided by interest income. The Municipal Property Corporation is a blended component unit of Pima County.

Debt Service Fund - to account for the accumulation of resources for, and the payment of, general long-term debt principal and interest.

								\$ 1,218

NOTES:

- (1) Unsecured personal property taxes are not included in this schedule because the dates of the monthly tax rolls vary each year. On the average 93% of unsecured property taxes are collected within 90 days after the due date.
- (2) Amounts collected are on a cash basis rather than the modified accrual basis used in the financial statements.
- (3) Represents the difference between the adjusted levy and collected to June 30, 2004.

- (1) The Pima County Flood Control District tax levy applies only to real property.
- (2) Irrigation districts tax rates shown are levied on a per acre basis.
- (3) Mobile Home Relocation levy applies only to unsecured mobile homes (not presented after 2001-02).
- (4) In FY 1995-96 the Country Club Estates special improvement district levied a one-time assessment for legal costs. The rate thereof was \$0.8807.

Notes:
 (A) The Towns of Marana, Oro Valley and Sahuarita do not currently levy a property tax.
 (B) The Tucson Business Improvement District levy (on a per-business basis) is not shown.
