

**STATE OF LOUISIANA
COMPREHENSIVE ANNUAL FINANCIAL REPORT
FOR THE YEAR ENDED JUNE 30, 1997**

M. J. "Mike" Foster, Jr.

Governor

Prepared by
Division Of Administration

Mark C. Drennen

Commissioner

GOVERNOR

M.J. "Mike" Foster, Jr., the Louisiana businessman-turned-governor, has completed the first two years of his administration which was founded on his promise of making Louisiana a state of which we can be proud. As evidenced by his first two years, he is a man who lives up to his promises. He has worked hard and in unison with the legislature and people of the state to change the way state government operates, to do what's right by putting policy over politics, to put the state's fiscal house in order, to run state government like a business, and to fix government agencies or programs that aren't working.

Already hundreds of millions of dollars have been saved by resolving the Medicaid budget crisis, by reducing debt, and by preventing waste. Further, he has spent the people's dollars on the people's priorities such as education, state parks, road improvements, infrastructure and economic development. Louisiana has a much brighter outlook.

STATE OF LOUISIANA
DIVISION OF ADMINISTRATION
OFFICE OF THE COMMISSIONER

M. J. "MIKE" FOSTER, JR.
GOVERNOR

MARK C. DRENNEN
COMMISSIONER OF ADMINISTRATION

February 27, 1998

To: The Governor, Members
of the Legislature, and the People
of the State of Louisiana:

It is my privilege to present the Louisiana Comprehensive Annual Financial Report (CAFR) which represents the financial condition of the State of Louisiana for the fiscal year ended June 30, 1997. The report is prepared in conformity with Generally Accepted Accounting Principles (GAAP), as prescribed by the Governmental Accounting Standards Board (GASB).

The CAFR was prepared by the Division of Administration, Office of Statewide Reporting and Accounting Policy, pursuant to Section 80 of Title 39 of the Louisiana Revised Statutes, which requires the preparation of a comprehensive annual financial report in conformity with generally accepted accounting principles.

The Division of Administration is responsible for the accuracy of the data presented and the completeness and fairness of its presentation, including all disclosures. To the best of our knowledge and belief, the data presented are accurate in all material respects and are reported in a manner designed to **present fairly the financial position and results of operations of the various funds and account groups of the State of Louisiana**. All disclosures necessary to enable the reader to gain an understanding of the State's financial activities have been included.

The State's General Purpose Financial Statements include all funds and account groups comprised in the State's legal entity or primary government. The State's reporting entity also comprises its component units for which the elected officials of the state's primary government are financially accountable. We followed the criteria established in GASB Statement No. 14, The Financial Reporting Entity, to determine the organizations for which the State is financially accountable. Note 1A to the financial statements explains the financial activities included in the State's reporting entity.

The CAFR includes the following: an introductory section; a financial section that presents the General Purpose Financial Statements, combining financial statements, supporting schedules, and fund descriptions; and a statistical section that presents financial, economic, and demographic data for Louisiana.

OFFICE OF THE COMMISSIONER • POST OFFICE BOX 94095 • STATE CAPITOL ANNEX • BATON ROUGE, LA 70804-9095
(504) 342-7000 • FAX (504) 342-1057
AN EQUAL OPPORTUNITY EMPLOYER

Financial Presentation

The fund classification used to present the data in the financial statements is prescribed by the GASB. This system was developed to improve the comparability of financial reports of different governmental units. Four categories are used to classify the funds of the State's primary government and its component units: governmental, proprietary, fiduciary, and college and university. Each category reported for the primary government is divided into the following "fund types."

Governmental fund types are those through which State functions are financed. Governmental fund types include the General Fund, special revenue, debt service, and capital projects funds.

Proprietary fund types account for activities that are commercial in nature--similar to those often found in the private sector. Proprietary fund types include the enterprise and internal service funds.

Fiduciary fund types include trust funds, which account for assets held by the primary government in a trustee capacity; agency funds, which account for assets held by the primary government as an agent for individuals, private organizations, other governments and/or other funds; and pension trust funds, which account for the activities of the various state administered retirement systems.

Independent Audit

The accompanying financial statements have been audited by the Office of the Legislative Auditor. Its examination was conducted in accordance with generally accepted auditing standards and Government Auditing Standards, issued by the Comptroller General of the United States. Its opinion appears at the beginning of the financial section.

Accounting System and Budgetary Control

The State's management is responsible for establishing and maintaining internal control designed to ensure that the State's assets are protected from loss, theft, or misuse and to ensure that adequate accounting data are compiled to allow for the preparation of financial statements in conformity with GAAP. Internal controls are designed to provide reasonable, but not absolute, assurance that these objectives are met. The concept of reasonable assurance recognizes that the cost of a control should not exceed the benefits likely to be derived, and the valuation of costs and benefits requires estimates and judgments by management. All internal control evaluations occur within this framework. We believe the State's internal accounting controls adequately safeguard assets and provide reasonable assurance of proper recording of financial transactions.

The State's accounting records for general government funds, as well as the accounting records for expendable trust and agency funds, are maintained on the modified accrual basis of accounting. Revenues are recorded when measurable and available; expenditures are recorded when services or goods are received and the liability incurred. The accrual basis is used to account for proprietary, nonexpendable trust, pension trust, and college and university funds. This means that revenues are recognized when earned and expenses are recognized when incurred. Additional discussion of the budgetary and GAAP bases of accounting are presented in Note 1D to the financial statements.

Final financial control is exercised under the budgetary system. Statements are presented in conformity with GAAP and are also presented on a non-GAAP budgetary basis to demonstrate legal compliance. Differences between the two bases of accounting (GAAP vs. Non-GAAP budgetary) include: (1) entity differences--the difference between budgetary practices and the GAAP reporting entity may include organizations such as component units that are not included in the State's budget; (2) basis differences--the GAAP basis results in the reporting of accruals whereas non-GAAP budgetary basis results in the reporting of cash transactions; and (3) timing differences--the GAAP basis may include continuing appropriations, project appropriations, or automatic reappropriations. A reconciliation between the GAAP basis and non-GAAP budgetary basis fund balances is presented in Note 1D to the financial statements.

Cash Management

In Louisiana, with the exception of certain organizations within the State's reporting entity that have independent powers to manage and invest their funds, the State Treasurer is responsible for managing the State's cash and investments. During fiscal year 1997, cash management and investment transactions made by the State Treasurer included checking accounts, certificates of deposit with qualified depositories, U.S. government and agency obligations, commercial paper, repurchase agreements, and security lending agreements. Legal requirements for the investment of funds maintained by the State Treasurer are discussed in Note 3 to the financial statements.

For fiscal year 1997, the Treasury earned \$117,169,914 on its fixed-income investments for the General Fund. The investments earned a rate of return of 5.42%, which represents a 7.5% increase over the previous year. This compares with the fiscal year 1996 return of 5.04% with earnings of \$90,473,635. By comparison, the three-month Treasury Bill yield averaged 5.17% and the six-month Treasury Bill averaged 5.37%.

The fixed-income and equity investments of the Louisiana Education Quality Trust Fund (LEQTF) earned a total rate of return of 10.50% for the 1997 fiscal year, compared with 5.79% for the 1996 fiscal year. This represents an 81% increase over the previous year. These higher returns represent the more diversified investments included in LEQTF.

General Governmental Functions

The following schedule presents a summary of revenues, recorded on the modified accrual basis, for the governmental fund types (general, special revenue, debt service, and capital projects) for the fiscal year ended June 30, 1997, and the amount and percentage increases and decreases in relation to prior year's revenues (in millions).

<i>Revenues</i>	<i>FY 1997 Amount</i>	<i>Percent of Total</i>	<i>Increase (Decrease) from FY 1996</i>	<i>Percentage Increase/(Decrease) from FY 1996</i>
<i>Income Taxes</i>	\$ 1,649	13.2%	\$ 160	10.7%
<i>Sales Taxes</i>	2,214	17.7	16	0.7
<i>Corporate and Public Utility Taxes</i>	247	2.0	7	2.9
<i>Motor Vehicle Fuel Taxes</i>	431	3.5	(59)	(12.0)
<i>Other Taxes</i>	825	6.6	126	18.0
<i>Gaming</i>	409	3.3	15	3.8
<i>Licenses, Permits and Fees</i>	465	3.7	(50)	(9.7)
<i>Sales, Services and Charges</i>	497	4.0	(51)	(9.3)
<i>Federal Government</i>	4,790	38.2	(82)	(1.7)
<i>Royalties & Rentals on State Lands</i>	332	2.7	31	10.3
<i>Interest Income</i>	149	1.2	27	22.1
<i>Other</i>	<u>493</u>	<u>3.9</u>	<u>101</u>	<u>25.8</u>
<i>Total</i>	<u>\$12,501</u>	<u>100.0%</u>	<u>\$241</u>	<u>2.0</u>

Louisiana's improving economy and the growth of individual salaries are the main reasons for the increase in income taxes. Additional filings, early remittances of taxes due, and an increase in the number of estimated tax payments received account for most of the increase in other taxes. The decrease in Federal revenues reflects the continued decline in Medicaid payments to the state. Other revenues show a marked increase due primarily to increased revenues reported by the State's boards and commissions.

Expenditures for governmental fund types, presented on the modified accrual basis, for the fiscal year ended June 30, 1997, and the amount and percentage increases and decreases in relation to prior year's expenditures are shown below for the functions of general government (in millions).

<i>Expenditures</i>	<i>FY 1997 Amount</i>	<i>Percent of Total</i>	<i>Increase (Decrease) from FY 1996</i>	<i>Percentage Increase/(Decrease) from FY 1996</i>
<i>General Government</i>	725	6%	(2)	-%
<i>Culture, Recreation and Tourism</i>	41	-	6	17
<i>Transportation and Development</i>	245	2	8	3
<i>Public Safety</i>	155	1	(23)	(13)
<i>Health and Welfare*</i>	4,627	39	(242)	(5)
<i>Corrections</i>	407	4	29	8
<i>Conservation</i>	166	1	23	16
<i>Education</i>	2,854	24	156	6
<i>Intergovernmental</i>	457	4	72	19
<i>Other</i>	3	-	(38)	(93)
<i>Capital Outlay</i>	642	5	(23)	(3)
<i>Debt Service</i>	1,019	9	376	58
<i>Insurance Operations</i>	611	5	33	6
<i>Total</i>	<u>\$11,952</u>	<u>100%</u>	<u>375</u>	3

*GASB Statement 24 requires that state governments report food stamps issued as expenditures. Totals for Health and Welfare reflect \$537 million and \$603 million for fiscal years 1997 and 1996 respectively.

Decreases in the adjusted expenditures in the Health and Welfare category reflect the continued decrease in Medicaid funding as well as a decrease in food stamp expenditures. Reflecting goals and initiatives of the current administration, education expenditures have increased as have expenditures for debt service. Utilizing the unreserved, undesignated fund balance from fiscal year 1996, approximately \$353 million in general obligation bonds were defeased and the liability removed from the books of the state. Additional information on the early retirement of state debt can be found in Note 10 to the financial statements.

An additional analysis of revenues and expenditures for all governmental funds reported for fiscal year 1997 is shown in the graphic presentations that follow this letter.

General Fund

Many State programs are accounted for in the General Fund, which reported the following (in thousands):

	<i>Balance as of June 30, 1997</i>	<i>Increase (Decrease) from FY 1996</i>	<i>Percentage Increase/(Decrease) from FY 1996</i>
<i>Unreserved/Undesignated Fund Balance</i>	135,014	(200,979)	(59.8)%
<i>Total Fund Balance</i>	557,312	(47,541)	(7.9)
<i>Total Revenues</i>	4,537,410	(78,696)	(1.7)
<i>Total Expenditures</i>	10,555,675	224,010	2.2

The decrease in the General Fund unreserved/undesignated fund balance is due partially to dramatic increases in amounts reserved for encumbrances and especially in the reserves for other specific purposes.

Proprietary and Fiduciary Funds

The State's enterprise funds reported retained earnings of \$168 million, as of June 30, 1997, compared with \$133 million in retained earnings, as of June 30, 1996. These changes are primarily the result of improved operations for the Municipal Facilities Revolving Loan Fund and the creation of the Drinking Water Revolving Loan Fund in the Department of Environmental Quality.

Internal service funds reported retained earnings of \$27 million, at June 30, 1997, compared with retained earnings of \$26 million, reported at June 30, 1996, an increase of 2.6%. Operating revenues for the internal service funds increased to \$78.4 million in fiscal year 1997 from \$76.2 million in fiscal year 1996, and operating expenses increased to \$77.8 million in fiscal year 1997 from \$74.7 million in fiscal year 1996.

Fund balances in the expendable trust funds increased approximately 11.5% to \$1.355 billion, as of June 30, 1997, from \$1.216 billion, as of June 30, 1996. Revenue for the expendable trust funds rose to \$287 million in fiscal year 1997 from \$283 million in fiscal year 1996; expenditures remained relatively stable at \$151 million in both fiscal years 1997 and 1996.

Fund balances in the nonexpendable trust funds increased approximately 3% to \$742 million, as of June 30, 1997, from \$720 million, as of June 30, 1996. Revenue for the nonexpendable trust funds rose to \$1.8 million in fiscal year 1997 from \$1.5 million in fiscal year 1996; operating expenses decreased by less than \$200,000 from the prior year.

The pension trust funds' net assets held in trust for pension benefits totaled approximately \$15.4 billion at June 30, 1997, compared with \$13.2 billion at June 30, 1996, a 16% increase.

Debt Administration

Louisiana Revised Statutes (LRS) 39:1365(25) and 39:1402(D) limit the authorization and issuance, respectively, of general obligation bonds. This serves as a legal debt limit. As of June 30, 1997, Louisiana's authorized limit was \$13,722,258,000; total general obligation bonds authorized totaled \$1,932,390,000, or 14.08%, of the bond authorization limit. LRS 39:1367 requires the State Bond Commission establish an annual limit on the issuance of net state-tax supported debt. For fiscal year 1997, the limit on net state tax- supported debt is 10.60% of estimated General Fund and dedicated funds revenues as established by the Revenue Estimating Conference. At June 30, 1997, total net state tax-supported debt paid was \$452,463,206, or 7.77%. Additional information on the derivation of the issuance and debt limits is provided in Note 7 to the financial statements.

The ratios of general obligation bond debt service requirements to assessed property value, to market value of taxable property, and to the total state population are considered useful indicators of the State's debt position. Data shown below do not include self-supporting general obligation debt, and have been reduced for reimbursements from colleges and local governments. Based on an estimate of projected population, we anticipate the general obligation debt service per capita for fiscal year 1997 to be approximately \$622, slightly over half of the \$1,177.09 high reported in fiscal year 1986. This represents a decrease in debt service of \$555 for each man, woman, and child in Louisiana and is only one result of the goals and initiatives established by this administration.

<i>Year</i>	<i>State-Supported General Obligation Debt Service Requirements to Maturity</i>	<i>General Obligation Debt Service Per Capita</i>	<i>Ratio of General Obligation Debt Service to Assessed Value of Taxable Property</i>	<i>Ratio of General Obligation Debt Service to Fair Market Value of Taxable Property</i>
1997	\$2,723,231	*	*	*
1996	2,941,714	676.10	22.2%	2.0%
1995	3,377,945	777.97	27.9	2.6
1994	3,494,583	809.87	29.2	2.7
1993	3,560,631	829.02	32.0	2.8
1992	3,687,077	860.06	34.1	3.0
1991	3,753,844	882.84	34.8	3.0
1990	3,871,193	917.34	36.3	3.1
1989	4,278,095	976.29	39.8	3.4
1988	4,690,790	1,064.15	44.6	3.8

* Current year statistics are unavailable at this time.

Louisiana's bond ratings for general obligation debt are A- from Standard and Poor's; A3 from Moody's, which represents an upgrade from last year's rating of Baa1; and A from Fitch Investors Service, L.P.

Retirement Systems

State employees may be eligible to participate in the Louisiana State Employees' Retirement System, the Teachers' Retirement System of Louisiana, the Louisiana School Employees' Retirement System, or the Louisiana State Police Retirement System, depending on their employing agency. Further information on the State's retirement systems can be found in Note 4 to the financial statements.

Risk Management

The State's primary government, through the Office of Risk Management, retains risk for property, casualty and workers' compensation insurance, as well as coverage for all state property with virtually no upper limits. Auto liability,

comprehensive and collision coverage is provided for the state's fleet. Other coverage, such as bonds, crime, aviation, and marine insurance is provided as needed. Note 16A to the financial statements provides additional information about the State's risk management operations.

Economic Overview and Outlook

This is the tenth year that Louisiana has experienced employment growth; the last five of those years have shown record-setting employment; and conditions are ideal to continue this record-setting trend. Growth in the real gross domestic product for the United States should produce the longest peace-time boom period in the country's history. This expansion should have little impact on inflation rates, which should stay below 3%, or on interest rates, which should rise only slightly.

A boom in the oil and gas extraction and chemical sectors is expected to lead to employment growth for these sectors and cause similar expansion in related sectors, such as the industrial construction, shipbuilding, fabricated metals, and machinery manufacturing sectors. Manufacturing employment is also predicted to rise over the next two years, but the biggest increases will be in the services and trades sectors. The textile and apparel sectors continue to be the Louisiana industries most adversely affected by the North American Free Trade Agreement and the General Agreements on Tariffs and Trade. Overall, 56,000 new jobs are projected in Louisiana over the next two years.

As a result of continuing gains in employment, Louisiana's population continues to increase at the rate of about 0.5% per year, as compared to the national increase of 0.9% per year. Population information is based on estimates from the U.S. Census Bureau, and our major concern is that these estimates are significantly understated; we will have to wait until the census of 2000 before we will know.

As reported last year, Louisiana's personal income continues to grow and is projected to continue this rise for the next two years. This upward movement is also reflected in the per capita income of Louisiana residents. In 1987, Louisiana was ranked 47th in per capita income; we now rank 40th among the 50 states, a dramatic rise in ten years. In terms of real, or inflation adjusted, per capita income, we are much better off than our grandparents. Since 1960 real per capita income in Louisiana has increased 154%. This trend in increasing real per capita income is projected to continue for far longer than the two year projection period.

This economic discussion is from the executive summary of The Louisiana Economic Outlook: 1998 and 1999, by Loren C. Scott, James A. Richardson and A.M.M. Jamal, published in September 1997.

Major Initiatives and Projects

Act 1465 of the 1997 Legislature, the Louisiana Government Performance and Accountability Act, mandates performance-based budgeting. Strategic planning, operational planning, and performance reporting are required of all executive branch agencies. The Division of Administration is also required to establish and maintain a performance database to track compliance. A system of rewards and penalties based on variance from expected results is authorized in the act and will take effect in the 1999-2000 fiscal year. Legislative leaders from the House Appropriations Committee and the Senate Finance Committee have expressed their commitment to relating funding to expected performance.

Performance budgeting efforts will be enhanced by Act 1403 of the same session, which authorizes the Office of Planning and Budget to present the Governor's budget estimate to the legislature in two parts. The first will be a concise, user-friendly Executive Budget containing key financial and performance data. The second will be a detailed Executive Budget supporting document that will provide extensive financial and performance information supporting the Governor's budget recommendations.

The Louisiana Workforce Commission, also created during the 1997 legislative session, is to coordinate workforce development programs and activities located throughout state government. Under the provisions of the act, each agency responsible for workforce development programs is required to submit an annual operational plan for each workforce development program that it administers to the commission for review and approval. Currently, participating departments and agencies include the Department of Economic Development, Department of Public Safety and Corrections, Department of Social Services, Department of Labor, Department of Health and Hospitals, Department of Education, State Board of Elementary and Secondary Education, Board of Regents, Department of Veterans Affairs, Office of Lifelong Learning, Office of Workforce Development, Office of Elderly Affairs, and the Office of Women's Services.

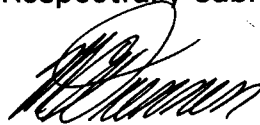

Additional Information

The Office of Statewide Reporting and Accounting Policy, in cooperation with the Office of Information Services, provides access to the Louisiana Comprehensive Annual Financial Report on the Internet. Currently, the three most recent years are already available at <http://www.state.la.us/osrap/cafr.htm>. The 1997 CAFR should be available on the Internet during the spring of 1998.

Acknowledgments

I wish to express my appreciation to the financial officers and accountants throughout Louisiana state government whose cooperation and assistance have made this report possible. I would also like to extend special thanks to the staff of the Office of Statewide Reporting and Accounting Policy. Their dedication, professionalism, and expertise have seen them through the establishment of a new accounting system and the final close of the former system; their commitment to maintaining the highest standards of accountability in financial reporting and willingness to go the extra mile have ensured that this document remains a quality product.

Respectfully submitted,

Mark C. Drennen
Commissioner of Administration

Independent Auditor's Report

Honorable Murphy J. "Mike" Foster, Jr., Governor
Honorable Randy L. Ewing, President, and
Members of the Senate
Honorable H.B. "Hunt" Downer, Jr., Speaker, and
Members of the House of Representatives
State of Louisiana

We have audited the accompanying general purpose financial statements of the State of Louisiana, as of and for the year ended June 30, 1997, as listed in the foregoing table of contents. These general purpose financial statements are the responsibility of management of the State of Louisiana. Our responsibility is to express an opinion on these general purpose financial statements based on our audit.

We did not audit the general purpose financial statements of certain component units of government included within the general purpose financial statements of the State of Louisiana, which represent the following percentages of total assets and revenues and other financing sources:

<u>Fund</u>	<u>Percent of Total Assets</u>	<u>Percent of Total Revenues and Other Financing Sources</u>
Special Revenue	1.0%	0.7%
Pension Trust	100%	100%
Discretely Presented Component Units	84.2%	87.5%

Those financial statements were audited by other auditors whose reports have been furnished to us, and our opinion, insofar as it relates to the amounts included for the previously mentioned funds, is based solely upon the reports of the other auditors.

Except as discussed in the following paragraph, we conducted our audit in accordance with generally accepted auditing standards and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable

LEGISLATIVE AUDITOR

February 27, 1998

Page Two

assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit and the reports of the other auditors provide a reasonable basis for our opinion.

The state's General Fund financial statements include an unexplained reconciling item of approximately \$2 million that is adjusted through revenue to make the Combined Balance Sheet and the Combined Statement of Revenues, Expenditures, and Changes in Fund Balances reconcile. Because this item cannot be identified, its effect on assets, liabilities, fund balance, revenues, and expenditures cannot be determined.

In our opinion, based on our audit and the reports of other auditors, except for the effects of the unexplained reconciling item as discussed in the preceding paragraph, the general purpose financial statements referred to previously present fairly, in all material respects, the financial position of the State of Louisiana as of June 30, 1997, and the results of its operations, the cash flows of its proprietary fund types and nonexpendable trust funds, the changes in plan net assets of its pension trust funds, and the changes in fund balances of the college and university funds for the year then ended, in conformity with generally accepted accounting principles.

In accordance with *Government Auditing Standards*, a report on our consideration of the state's internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts, and grants will be issued under separate cover. Included in this separate report is the Schedule of Expenditures of Federal Awards required by U.S. Office of Management and Budget Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*, which is not a required part of the state's general purpose financial statements.

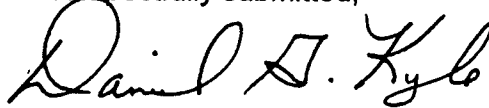

Our audit was performed for the purpose of forming an opinion on the general purpose financial statements taken as a whole. The accompanying combining and individual fund financial statements and related schedules listed in the table of contents are presented for the purpose of additional analysis and are not a required part of the general purpose financial statements of the State of Louisiana. Except for the matter discussed previously relating to an unexplained reconciling item in the General Fund, such information has been subjected to the procedures applied in the audit of the general purpose financial statements. In our opinion, based on our audit and the reports of the other auditors, except for the effects of the unexplained General Fund reconciling item, as described previously, such information is fairly stated, in all material respects, in relation to the general purpose financial statements taken as a whole.

LEGISLATIVE AUDITOR

February 27, 1998
Page Three

The introductory section and the statistical section listed in the table of contents were not audited by us, and, accordingly, we do not express an opinion thereon.

Respectfully submitted,

A handwritten signature in black ink that reads "Daniel G. Kyle". The signature is written in a cursive style with a large initial "D" and "K".

Daniel G. Kyle, CPA, CFE
Legislative Auditor

NOTES TO THE FINANCIAL STATEMENTS JUNE 30, 1997

NOTE 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

A. SCOPE OF REPORTING ENTITY

The accompanying financial statements include the various departments, agencies, activities, and organizational units that are within the control and authority of the Legislature and/or constitutional officers of the State of Louisiana. The decision to include a potential component unit in the reporting entity was made by applying the criteria established by Statement 14, "The Financial Reporting Entity," of the Governmental Accounting Standards Board (GASB). Status as a component unit was determined by the primary government's financial accountability, selection of the governing authority, imposition of will, and financial benefit and/or burden. Based on these criteria, an entity will be judged to be part of the primary government, blended with the primary government, discretely reported, a related organization warranting note disclosure only, or not a component unit of the state.

Because they do not meet the criteria established for component units, the following organizations are not included in the state reporting entity: various statewide retirement systems and pension and relief funds, certain parish and regional economic and/or industrial development districts, certain port commissions and waterway districts, and certain commissions. Also among the agencies that are not included as part of the state reporting entity are: the Jefferson Parish Human Services Authority, the New Orleans Regional Recycling and Resource Recovery Authority, the Research Park Corporation, various insurance guaranty associations and underwriting plans, the Louis Armstrong Park Authority and Historic Jazz District, the South Louisiana Port Commission, the Red River Waterway and Cane River Waterway Districts, the Louisiana Insurance Guaranty Association, the Louisiana Health Insurance Association, the Louisiana Life and Health Insurance Guaranty Association and the Louisiana Airport Authority.

Blended Component Units

To be considered blended, the primary government appoints a voting majority of the entity's board, and the state either imposes its will on the entity or there is a benefit/burden relationship between the two. A brief description of the blended component units follows. Included with the narratives are the addresses for each entity.

Ascension-St. James Bridge and Ferry Authority (Governmental), P.O. Box 1566, Donaldsonville, LA 70346, was established to construct, maintain, and operate bridges and ferries across the Mississippi River between the parishes of Ascension and St. James.

Crescent City Connection Division (Governmental), 201 Mardi Gras Blvd., New Orleans, LA 70174-6297, was created to construct, maintain, and operate bridges and ferries across the Mississippi River at New Orleans.

Louisiana Public Employees Deferred Compensation Plan (Agency), 2237 South Acadian Thruway, Suite 702, Baton Rouge, LA 70804-9397, was established to allow employees to voluntarily elect to contribute, through payroll deduction, a portion of their compensation into the plan to defer the payment of federal and state income taxes on the contribution until withdrawn by the employees. Copies of statements may be obtained from the Office of the Legislative Auditor.

Louisiana Agricultural Finance Authority (Special Revenue and Enterprise), P.O. Box 3334, Baton Rouge, LA 70821-3334, was created to alleviate the severe shortage of capital and credit available for investment in agriculture in the state and to promote agriculture and forestry in Louisiana.

Louisiana Serve Commission (Special Revenue), P.O. Box 44243, Baton Rouge, LA 70804-4243, encourages community service, promotes and supports citizen involvement in government, and acts as the state's policy-making body for the Corporation for National and Community Service.

Louisiana Tourism Promotion District (Special Revenue), P.O. Box 94361, Baton Rouge, LA 70804-9361, was created to promote and develop tourism in the state. Taxes collected by the district provide funding for the Department of Culture, Recreation and Tourism and the state General Fund.

Louisiana Asset Management Pool (LAMP) (Agency), 210 Baronne St., 4th Floor, New Orleans, LA 70112, is a cooperative endeavor to establish a local government investment pool administered by the State Treasurer. LAMP is blended because of the state's fiduciary responsibility for the fund, and to omit it from the financial statements would be misleading. LAMP has a December 31 fiscal year end.

State of Louisiana

Louisiana Office Building Corporation (Enterprise), P.O. Box 94094, Baton Rouge, LA 70804-9095, a nonprofit, quasi-public corporation, was created to construct or acquire and lease buildings and facilities on behalf of and for the benefit of the state and may finance such acquisitions by issuing revenue bonds.

Louisiana Office Facilities Corporation (Enterprise), P.O. Box 94095, Baton Rouge, LA 70804-9095, a nonprofit corporation, finances the acquisition or construction of public facilities for lease to the state through the issuance of revenue bonds.

Louisiana Correctional Facilities Corporation (Enterprise), P.O. Box 94095, Baton Rouge, LA 70804-9095, a nonprofit corporation, acquires and finances correctional facilities for lease to the State of Louisiana and is authorized to issue revenue bonds for its purposes.

Louisiana Lottery Corporation (Enterprise), 11200 Industriplex Blvd, Baton Rouge, LA 70809, a nonprofit corporation, conducts and administers the state lottery to ensure the integrity of the lottery and maintain the dignity of the state and the general welfare of its citizens.

Louisiana Recovery District (Debt Service), c/o Office of State Treasurer, P.O. Box 44154, Baton Rouge, LA 70804, was created to assist the state in the reduction of its accumulated deficit, provide monies to alleviate cash flow imbalances, and assist other public bodies in similar matters. The district is authorized to levy and collect a 1% sales tax and issue bonds for its legal purposes.

Office of the Custodian of Notarial Records of Orleans Parish (Special Revenue), 421 Loyola Ave., Room B4, New Orleans, LA 70112, preserves the records of notaries in Orleans Parish whose records are not now in the custody of some other notary.

The four statewide pension systems are fiscally dependent on the state since the legislature must approve the rates and charges of each system. The four systems are:

Louisiana School Employees' Retirement System (Pension), P.O. Box 44516, Baton Rouge, LA 70804-4516, was established in 1947 for the benefit of persons employed as school bus drivers, school janitors, school custodians, and school maintenance employees.

Louisiana State Employees' Retirement System (Pension), P.O. Box 44213, Baton Rouge, LA 70804-4213, was established in 1947 to benefit all state employees except those excluded by statute.

Teachers' Retirement System of Louisiana (Pension), P.O. Box 94123, Baton Rouge, LA 70804-9123, was established in 1936 for the benefit of public school teachers.

Louisiana State Police Retirement System (Pension), P.O. Box 66614, Baton Rouge, LA 70896-6614, was established in 1938 for the benefit of commissioned law enforcement officers and the Superintendent of the Office of State Police.

Discretely Presented Component Units

These component units are legally separate from the state, but are financially accountable to the state, or their relationship with the state is such that exclusion would cause the state's financial statements to be misleading or incomplete. The "Component Unit" columns on the combined financial statements include the financial data of these governmental boards and commissions. Following are brief descriptions of these entities including addresses at which financial statements may be obtained. Notations are included for organizations whose fiscal years are different from the state's.

State Plumbing Board of Louisiana, 2714 Canal St., Suite 512, New Orleans, LA 70119, regulates and licenses persons engaged in all types of plumbing work in the state.

Louisiana Motor Vehicle Commission, 3519 12th Street, Metairie, LA 70002, regulates all areas of the new car industry, including motor vehicle sales finance companies in Louisiana.

Louisiana State Board of Private Investigator Examiners, 2051 Silverside Dr., Suite 190, Baton Rouge, LA 70808, regulates and licenses persons and businesses providing private investigative services.

Louisiana State Board of Private Security Examiners, P.O. Box 86510, Baton Rouge, LA 70879-6510, regulates and licenses companies engaged in providing private security services and private security guards.

Louisiana Used Vehicle and Parts Commission, 3132 Valley Creek Dr., Baton Rouge, LA 70808, administers and enforces statutory provisions regarding the sale of used motor vehicles and parts.

Louisiana Egg Commission, P.O. Box 3098, Baton Rouge, LA 70821-3098, was created to promote the use of eggs in the state.

State Licensing Contractors Board, P.O. Box 14419, Baton Rouge, LA 70898-4419, is the licensing and regulatory board dealing with persons engaged in the contracting vocation. The board has a December 31 fiscal year end.

Greater Baton Rouge Port Commission (Proprietary), P.O. Box 380, Port Allen, LA 70767-0380, regulates commerce and traffic within the port area. The port commission's fiscal year end is October 31.

State of Louisiana

Greater Krotz Springs Port Commission (Proprietary), P.O. Box 155, Krotz Springs, LA 70750, regulates commerce and traffic within the port area. The relationship to the state is such that to exclude it from the financial statements would be misleading.

Greater New Orleans Expressway Commission (Governmental and Proprietary), P.O. Box 7656, Metairie, LA 70010, was created to construct, operate, and maintain the Greater New Orleans Expressway. The commission has an October 31 fiscal year end.

Kenner Naval Museum Commission (Proprietary), 4232 Williams Blvd., Suite 109, Kenner, LA 70065, was created to acquire, renovate, operate, and maintain the aircraft carrier U.S.S. Cabot-Dedalo as a permanent naval museum.

Lake Charles Harbor and Terminal District (Proprietary), P.O. Box 3753, Lake Charles, LA 70602, was created to regulate the commerce and traffic of the harbor and terminal district in the public interest. The relationship to the state is such that to exclude it from the financial statements would be misleading. The district has a December 31 fiscal year end.

Louisiana Economic Development Corporation (Proprietary), P.O. Box 94185, Baton Rouge, LA 70804-9185, is the financial assistance division of the Department of Economic Development and administers programs, such as loan guarantees and venture capital, for small and medium sized businesses.

Louisiana Housing Finance Agency (Proprietary), 200 Lafayette St., Suite 300, Baton Rouge, LA 70801, is authorized to undertake various programs to assist in financing housing needs of persons of low and moderate incomes and may issue bonds or other evidence of indebtedness to accomplish its purposes. The relationship to the state is such that to exclude it from the financial statements would be misleading.

Louisiana Maritime Development Authority (Proprietary), P.O. Box 94185, Baton Rouge, LA 70804-9185, is a special statewide district created to stimulate and encourage the development of maritime facilities for economic development.

Louisiana Naval War Memorial Commission (Governmental and Proprietary), 305 S. River Rd., Baton Rouge, LA 70802, is responsible for the maintenance and exhibition of the destroyer U.S.S. Kidd museum and related facilities. The commission's fiscal year end is December 31.

Louisiana Stadium and Exposition District (Governmental and Proprietary), 3850 N. Causeway Blvd., Suite 440, Metairie, LA 70002, is responsible for financing and operating an enclosed covered stadium, as well as other related facilities and structures for holding sporting events, athletic contests, exhibitions, and other public meetings.

Louisiana Workers' Compensation Corporation (Proprietary), 2237 S. Acadian Thruway, Suite 102, Baton Rouge, LA 70808, is a nonprofit corporation created to provide a residual market for those unable to obtain workers' compensation insurance in the voluntary market and to provide a competitive market for preferred risk policies. The Louisiana Workers' Compensation Corporation has a December 31 fiscal year end.

New Orleans Port Commission (Proprietary), P.O. Box 60046, New Orleans, LA 70160, is responsible for regulating the commerce and traffic of the port and harbor of New Orleans.

Orleans Levee District (Governmental and Proprietary), 6001 Stars and Stripes Blvd., Suite 202, Admin. Bldg., New Orleans, LA 70126, primarily operates and maintains flood protection for the city of New Orleans, the southern shores of Lake Pontchartrain, and along the Mississippi River. It also operates and maintains public parks, beaches, the New Orleans and South Shore Harbors and Marinas, and the New Orleans Lakefront Airport.

Other Levee Districts and Port Commissions (Governmental) include: Atchafalaya Basin, P.O. Box 170, Port Allen, LA 70767; Amite River Basin Drainage Water Conservation District, 207 Florida Blvd., Baton Rouge, LA 70801; Bossier, P.O. Box 189, Benton, LA 71006; Caddo, P.O. Box 78282, Shreveport, LA 71137; East Jefferson, 203 Plauche Ct., Harahan, LA 70123; Fifth Louisiana, 222 N. Cedar St., Tallulah, LA 71282; Lafourche Basin, P.O. Box 670, Vacherie, LA 70090; Lake Borgne Basin, P.O. Box 216, Violet, LA 70092; Natchitoches Levee and Drainage District, P.O. Box 1209, Natchitoches, LA 71458; Nineteenth Louisiana, P.O. Box 267, Colfax, LA 71417; North Bossier, P.O. Box 342, Plain Dealing, LA 71064; North Lafourche Conservation, Levee and Drainage District, P.O. Box 230, Raceland, LA 70394; Pontchartrain, P.O. Box 426, Lutchter, LA 70071; Red River, Atchafalaya, and Bayou Boeuf, P.O. Box 8235, Alexandria, LA 71306; Red River Levee and Drainage District, P.O. Box 433, Coushatta, LA 71019; South Lafourche, P.O. Box 426, Galliano, LA 70354; St. Tammany, P.O. Box 1807, Slidell, LA 70459; Tensas Basin, P.O. Box 68, Rayville, LA 71269; West Jefferson, P.O. Box 608, Marrero, LA 70072; and Bayou D'Arbonne Lake Watershed District, P.O. Box 1613, Ruston, LA 71273-1613. All provide services necessary to ensure adequate drainage control and to protect lands within the respective districts from damage by flood. Bayou D'Arbonne Lake Watershed District, Lake Borgne Basin Levee District, and the North Lafourche Conservation, Levee and Drainage District have a December 31 fiscal year end.

Poverty Point Reservoir District (Governmental), P.O. Box 811, Delhi, LA 71232, was created to develop the resources of the district for agricultural, recreational, commercial, and industrial purposes. The relationship to the state is such that to exclude it from the financial statements would be misleading.

State of Louisiana

Morgan City Harbor and Terminal District (Governmental), P.O. Box 1460, Morgan City, LA 70381, and South Tangipahoa Parish Port Commission (Governmental), 163 W. Hickory St., Ponchatoula, LA 70454, regulate the commerce and traffic of as well as construct and maintain all facilities within the boundaries of their respective district or port. South Tangipahoa Parish Port Commission's fiscal year end is December 31.

Sabine River Authority (Proprietary), 15091 Texas Highway, Many, LA 71449, is charged with the development of Toledo Bend resources within the state.

St. Bernard Port, Harbor, and Terminal District (Proprietary), P. O. Box 1331, Chalmette, LA 70044-1331, regulates the commerce and traffic of the district for the public interest.

Related Organizations

The governor is responsible for appointing the members of the governing authorities of other organizations, but the state's accountability for these organizations is limited to making these appointments. These related organizations are not part of the accompanying statements and include the Ascension-St. James Airport and Transportation Authority, River Parishes Transit Authority, Louisiana Import-Export Trust Authority, the Louisiana Public Facilities Authority, South Terrebonne Parish Tidewater Management and Conservation District, Grand Isle Independent Levee District, River Region Cancer Screening and Early Detection District, the Louisiana Airport Authority, the Ernest N. Morial New Orleans Exhibition Hall Authority, Chaplin Lake District, Grand Bayou Reservoir, Seventh Ward Neighborhood Development District, Twelfth and Thirteenth Wards Neighborhood Development District, and Fourteenth and Sixteenth Wards Neighborhood Development District.

Joint Venture

The Sabine River Authority participates equally with the Sabine River Authority of Texas in the Sabine River Compact Administration (Compact), 15091 Texas Highway, Many, LA 71449, and, through the Sabine River Authority, with the Sabine River Authority of Texas in the Toledo Bend Joint Operation (Joint Operation), Rt. 1, Box 270, Burkeville, TX 75932. The Compact was created under authority granted by an act of the Congress of the United States to provide equitable apportionment of the waters of the Sabine River and its tributaries. It is administered by a five-member board composed of two members appointed by the governors of each state and one non-voting, ex-officio member appointed by the President of the United States. The Joint Operation was established by joint resolution of the Sabine River Authorities of Texas and Louisiana for the construction and operation of the Toledo Bend Dam and Reservoir project. It is administered by a board composed of three members appointed by the Texas Authority and three members appointed by the Louisiana Authority. Costs of the

Compact not paid by the United States are to be paid equally by the two states which share equally in the costs of the Joint Operation. Each state owns an undivided one-half share of all lands acquired for the project and each state owns and is entitled to 50% of the water produced and 50% of the power generated by the Joint Operation and may sell, use, or otherwise dispose of its share without consent and permission of the other Authority.

Jointly Governed Organizations

Jointly governed organizations are governed by representatives from each of the governments creating the organization and in which the participants do not retain an ongoing financial interest or financial burden. Louisiana participates in the Gulf States Marine Fisheries Commission and the Southern Rapid Rail Transit Commission.

B. BASIS OF PRESENTATION - FUND ACCOUNTING

The accompanying financial statements have been prepared in conformity with generally accepted accounting principles as prescribed by the GASB. Financial statements for the College and University Funds have been prepared in conformity with generally accepted accounting principles as prescribed by the American Institute of Certified Public Accountants (AICPA) College Guide. Financial activities of the state are organized on the basis of funds and account groups, each considered a separate accounting entity. Fund categories include governmental funds, proprietary funds, fiduciary funds, and college and university funds. Account groups are presented for general long-term debt and general fixed assets. The financial position and operations of each fund are accounted for in a separate set of self-balancing accounts that represent each fund's assets, liabilities, equity, revenues, and expenditures or expenses. Government resources are allocated to and accounted for in the individual funds based on the purposes for which they are to be spent and the means by which spending activities are controlled. The reported funds were established constitutionally, by statute enacted by the legislature or administratively. Because of the large number of Special Revenue funds, individual presentation has been replaced by a functional categorization. Individual reporting is included in the [Supplementary Information](#) available on request from the Louisiana Division of Administration, Office of Statewide Reporting and Accounting Policy. General descriptions of the major funds precede their statement presentation, and segment information of material Special Revenue funds is shown in Note 14.

Governmental Funds

General Fund. The General Fund is the principal operating fund of the state, and was established administratively to provide for the distribution of funds appropriated by the state legislature for the ordinary expenses of state government. Transactions related to resources, which are not accounted for in other funds, are accounted for in the

General Fund. Revenues originate from the direct deposit of federal grants and the transfer of state revenues from the Bond Security and Redemption Fund after debt requirements and obligations to other funds are met.

Special Revenue Funds. These funds account for the proceeds of special revenue sources that are legally restricted to expenditures for specified purposes. The Constitution of 1974 requires that all revenues deposited in the State Treasury, with certain exceptions, be credited first to the Bond Security and Redemption Fund. After a sufficient amount is allocated to pay all obligations secured by the full faith and credit of the state becoming due and payable within the current fiscal year, transfers are made to the special revenue funds in the amounts specified. The amounts are then expended for purposes provided for by law.

Capital Projects Funds. These funds account for all financial resources segregated for the acquisition or construction of major general government capital projects.

Debt Service Funds. These funds account for the accumulation of revenues for the payment of bond principal and interest.

Proprietary Funds

Enterprise Funds. These funds are used to account for (a) operations that are financed and operated similarly to private business enterprises [the intent of the governing body is that costs (including depreciation) of providing goods or services to the general public on a continuing basis be financed or recovered primarily through user charges]; or (b) where the governing body has decided that periodic determination of revenues earned, expenses incurred, and/or net income is appropriate for capital maintenance, public policy, management control, accountability, or other purposes.

Internal Service Funds. These funds are used to account for financing goods or services provided by one department or agency to other departments or agencies of the state, or to other governments, on a cost reimbursement basis.

Activities accounted for in the state's proprietary, non-expendable trust and pension trust funds and component units follow all applicable GASB pronouncements as well as applicable Financial Accounting Standards Board pronouncements issued on or before November 30, 1989.

Fiduciary Funds

Fiduciary funds are used to account for assets held by the state in a trustee capacity or as an agent for individuals, private organizations, other governments, and/or funds. Fiduciary funds include expendable trust, nonexpendable trust, pension trust, and agency funds. Expendable trust funds account for the activities of trusts whose principal and income may be used for purposes of the trusts. Nonexpendable trust funds account for the activities of

trusts whose principal must be maintained and whose income funds activities of the trusts. Pension trust funds account for the activities of the various state administered retirement systems. Agency funds account for amounts held in trust for others. Nonexpendable trust and pension trust funds are accounted for in essentially the same manner as proprietary funds, whereas expendable trusts are accounted for essentially in the same manner as governmental funds. Agency funds are custodial in nature and do not involve measurement of results of operations.

Account Groups

General Fixed Assets. The general fixed assets account group accounts for all fixed assets acquired or constructed for the state, except those accounted for in proprietary, fiduciary, and university funds.

General Long-Term Debt. The general long-term debt account group accounts for general obligation bonds, limited obligation bonds, compensated absences, and other long-term obligations not recorded in proprietary, fiduciary, and university funds.

College and University Funds

College and University Funds account for all transactions relating to public institutions of higher education and include current funds, fiduciary funds, and plant funds. Current funds account for resources that will be expended in the near term for operating purposes. Current funds comprise (a) unrestricted funds that include all funds for operating purposes on which there are no restrictions, except budgetary control provisions included in the annual legislative appropriation act, and (b) restricted funds that may be utilized only in accordance with externally restricted purposes. Fiduciary funds account for assets held by loan, endowment, and agency funds in which the universities act in a fiduciary capacity. Plant funds account for institutional property acquisition, renewal, replacement, and debt service. The state uses the AICPA College Guide model for accounting and reporting guidance for its colleges and universities.

The following governing boards are responsible for the operations of the institutions: Board of Regents for Higher Education, Board of Supervisors of Louisiana State University System, Board of Supervisors of Southern University System, and Board of Trustees for the Louisiana University Systems.

C. BASIS OF ACCOUNTING - MEASUREMENT FOCUS

Basis of accounting refers to when revenues and expenditures (or expenses) are recognized in the accounts and reported in the financial statements. Basis of accounting relates to the timing of the measurement made, regardless of the measurement focus applied. All governmental funds and expendable trust funds are accounted for using a financial resources measurement focus whereby only current assets and current liabilities

State of Louisiana

generally are included on the balance sheet and increases or decreases in net current assets are presented in the operating statements. These, as well as agency funds, use the modified accrual basis of accounting. Revenues are recognized when they become both measurable and available to finance expenditures of the current period, generally considered 45 days after the end of the fiscal year. Major revenues such as sales tax, general severance tax, gasoline tax, inspection fees, and tobacco tax, etc., are assessed and collected so they can be accrued appropriately. Expenditures are recognized in the accounting period in which the liability is incurred, if measurable, except principal and interest on general long-term obligations, which are recognized when due. Also, expenditures for accrued compensated absences are not recognized until payable from current available financial resources.

Proprietary funds, nonexpendable trust funds, and pension trust funds are accounted for and reported using a flow of economic resources measurement focus. All assets and liabilities associated with the operation of these funds are included on the balance sheet. Fund equity consists of contributed capital and retained earnings. Additionally, operating statements for proprietary funds present increases or decreases in net total assets and are reported using the full accrual basis of accounting. Nonexpendable and pension trust funds apply the accrual basis of accounting. Revenues are recognized when earned and expenses are recognized at the time liabilities are incurred. College and university funds are also accounted for and reported using the accrual basis of accounting, except depreciation is not recognized, and summer school tuition, fees, and faculty salaries and related benefits for June are not prorated, but deferred to the succeeding year.

D. BUDGETS AND BUDGETARY ACCOUNTING

Legislation requires that, on or before November 15, the head of each spending agency submit to the Governor, the Joint Legislative Committee on the Budget, and the Legislative Fiscal Office an estimate of the financial requirements and receipts of the budget unit for the upcoming fiscal year [Louisiana Revised Statutes (LRS) 39:33]. The Governor is required to prepare an executive budget and transmit a copy to each member of the Legislature on the first day of the regular session (LRS 39:37). The budget is enacted into law by the legislature and sent to the Governor for signature. The State Constitution prohibits the passage of an unbalanced budget (Article VII, Section 10). The Governor may veto any line item appropriation subject to legislative override. Generally, revenues and expenditures are budgeted using the modified accrual basis of accounting. The budget is prepared for each budget unit primarily at the program level. During the current fiscal year, Act 319 and Act 471 of the 1997 regular session of the legislature provided additional sources of funding totaling \$148,284,305 and \$35,599,206, respectively, for various agencies including the Interim Emergency Board so their operational needs for the current fiscal year could be met.

LRS 39:73 authorizes the transfer of funds. However, by unilateral action, the Commissioner of Administration is authorized to approve the transfer of funds from one expenditure category to another and transfers between programs if the request is supported by sufficient evidence and does not exceed certain limits. The Commissioner of Administration may approve a transfer of funds between expenditure categories when in aggregate the transfers do not exceed the budget by more than \$50,000. Transfer of funds between programs within a budget unit may be approved by the Commissioner when in aggregate the transfers are not more than 1% of the total appropriation to the budget unit and sufficient evidence is presented. Finally, the Commissioner of Administration, with the approval of the Joint Legislative Committee on the Budget, may approve the transfer of funds between expenditure categories when transfers exceed \$50,000, and between programs within the budget unit when in aggregate the transfers do not exceed 25% of the total appropriation to the budget unit and sufficient evidence is presented. These and other requests for transfers are to be submitted by the budget unit to the Legislative Fiscal Office.

The Governor is also required to submit to the Legislature, no later than the eighth day of the regular session, a proposed five-year capital outlay program. The Legislature enacts into law a bill incorporating the first year of the five-year capital outlay program. The Legislature adopts a concurrent resolution for the remaining four years of the five-year capital outlay program, itemizing the capital projects and the amount and source of funding for each of the subsequent four years.

According to LRS 39:77, in no event shall any budget unit commit to an expenditure in excess of the unencumbered balance of the allotment to which the resulting expenditure would be charged, without prior approval of the Interim Emergency Board and two-thirds of the Legislature. The Revenue Estimating Conference has been established to provide an official estimate of anticipated state revenues for each fiscal year. Appropriations by the Legislature from the state General Fund and dedicated funds for any fiscal year shall not exceed the official forecast in effect at the time the appropriations are made. If a cash deficit exists or may occur, the Governor may direct the Commissioner of Administration to reduce or disapprove warrants to prevent a cash deficit.

Encumbrance accounting is used in the general, special revenue, capital projects, expendable trust, and college and university funds to ensure budgetary control. Encumbrances outstanding at year end are reported as reservations of fund balance in the applicable funds.

In accordance with LRS 39:82(A), agencies are allowed 45 days for closing out prior year activities. This statute limits the use of appropriation balances after the June 30 close to true liabilities, delineates those items eligible for roll forward treatment, and establishes a 45-day period to request such carry-forwards. After that time, all appropriations lapse except permanent capital outlay

State of Louisiana

appropriations that remain active until the projects are complete. Additionally, upon approval of the Commissioner of Administration, any federal funds and any state funds appropriated during a fiscal year specifically for matching federal grants may be carried forward into the upcoming year's appropriation.

The accompanying financial statements include a combined budgetary comparison statement for all governmental fund types for which a legal budget is adopted. Those funds for which budgets are legally adopted include: General Fund, Bond Security and Redemption, and certain Special Revenue Funds. Included in the Special Revenue Budgetary Comparison by function of government is the Federal Energy Settlement Fund shown as General Government; Louisiana Tourism Promotion District as Culture, Recreation, and Tourism; Transportation Trust Fund as Transportation and Development; Marsh Island Operating Fund, Rockefeller Refuge Fund, and Wetlands Conservation and Restoration Fund as Conservation and Environment; Retirement Systems Insurance Proceeds Fund as Other; and certain boards and commissions, Parish Road Royalty Fund, Port of New Orleans Gas Tax Fund, Severance Tax Fund, and State Highway Fund Number Two as Intergovernmental. The Legislature also adopts authorizations for the issuance of general obligation bonds. Expenditure of these funds are accounted for in the capital projects fund. Because capital projects fund authorizations are not part of the annual budget, capital projects fund activities are not

presented in the Combined Statement of Revenues, Expenditures, and Changes in Fund Balances - Budget and Actual (Non-GAAP Basis) - General, Special Revenue, and Debt Service Funds.

Each year, the Legislature enacts an appropriation bill to establish and re-establish ancillary funds to include certain enterprise and internal service funds. Re-established funds are allowed to retain any fund equity resulting from prior year operations. These and all monies from self-generated revenues are available for expenditure in the amounts appropriated. Increases from self-generated revenues, not exceeding in aggregate 5% of appropriated self-generated revenues, may be approved by the Commissioner of Administration. Only with the approval of the Division of Administration and the Joint Legislative Committee on the Budget will any larger increase in self-generated revenue over the amount appropriated be available to agencies for expenditure.

Supplementary information is prepared in book form and is available on request. Included are General Fund budget detail by appropriation and program; Special Revenue budget detail for each individual fund for which a legal budget is adopted; financial and budget detail for boards and commissions, levee districts, and harbor and port facilities; detailed transfer activity; interfund liabilities; revenues and expenditures by organization and type; and expanded debt information.

The following funds had deficit fund balances/retained earnings: (expressed in thousands)

Primary Government:	
Louisiana Opportunity Loan Fund	\$ 116
Natural Resources Copy and Publications Center	134
State Police Training Academy	2,313
Discrete Component Units:	
Louisiana Naval War Memorial Commission	1,167
Orleans Levee District	19,421
Sabine River Authority	3,599

REASON FOR DEFICIT FUND BALANCES/RETAINED EARNINGS

Primary Government

In accordance with all other funds, the Louisiana Opportunity Loan Fund records interest revenues on a cash basis. Therefore, the deficit of \$116,000 is a result of interest revenues not being received at the close of fiscal year end June 30, 1997. The interest revenues that they did receive in July 1997 for fiscal year 1997 more than made up the deficit.

The Department of Natural Resources Copy Center deficit of \$134,000 resulted from operating revenues insufficient to cover depreciation expenses. Management anticipates increased operating revenues will cover the deficit.

The State Police Training Academy deficit of \$2,313,000 resulted from operating revenues insufficient to cover depreciation expenses. The oversight board has not yet decided upon a course of action to recover the deficit.

State of Louisiana

Discrete Component Units

The \$1,167,000 deficit of the Louisiana Naval War Memorial Commission is reflective of comparing the operating revenues and expenses of a museum that is not designed to be self-supporting. The deficit is a result of not amortizing depreciation of contributed capital. A portion of the deficit has been and will continue to be reduced by donations from the City of Baton Rouge and the non-profit foundation overseeing the operations of the commission.

The deficit in retained earnings of \$19,421,000 for the Orleans Levee District is the result of operations of two of the four enterprise funds reporting deficits. These operations are relatively new and have issued bonded debt which has not yet been paid off. The South Shore Harbor and Marina awarded leases for steamboat casino gaming

and anticipates net gaming income and lease revenues will be adequate to retire outstanding debt and to cover operations.

The New Orleans Lakefront Airport anticipates sufficient revenues from aviation fuel sales operations to retire outstanding debt and to realize fuel commission revenues. Increased commercial ground operations and landing fees are expected as a result of gaming boat development.

The Sabine River Authority reported a deficit of \$3,599,000 as a result of not amortizing depreciation of contributed capital. Financial statements of the Authority were restated to add debt which was not previously reported by the Authority and that must be paid to the State Treasurer. Increased fees from recreational area expansions are anticipated to cover the deficit.

Budget Reconciliation to GAAP

A reconciliation of basis and timing differences in the excess (deficiency) of revenues and other sources of financial resources over expenditures and other uses of financial resources for each fund type for the year ended June 30, 1997, is presented below (expressed in thousands).

	<u>General Fund</u>	<u>Special Revenue Funds</u>	<u>Debt Service Funds</u>
Excess (Deficiency) of Revenues and Other Financing Sources Over (Under) Expenditures and Other Uses (<u>Budgetary Basis</u>)	(17,404)	68,832	
Reconciling Adjustments:			
Basis Differences:			
To Adjust for Revenue Accruals and Deferrals	(183,651)		
To Adjust for Capital Leases	2,764		
To Adjust for Expenditure Accruals	153,164		
To Delete IAT Related Transfers In	1,337,065		
To Delete IAT Expenditures	(1,337,065)		
Entity Differences:			
To Adjust for Nonbudgeted Funds (Net)	<u> </u>	<u>151,477</u>	<u>(222,402)</u>
Excess (Deficiency) of Revenues and Other Financing Sources Over (Under) Expenditures and Other Uses (<u>GAAP Basis</u>)	<u>\$ (45,127)</u>	<u>\$220,309</u>	<u>\$(222,402)</u>

E. ASSETS, LIABILITIES AND FUND EQUITY

Cash and Investments

The State Treasurer pools those cash resources for which the State Treasurer is responsible and invests them accordingly. State policy describes cash equivalents as all highly liquid investments with a maturity of three months or less when purchased. These terms are considered in the preparation of the Statement of Cash Flows. Investments are stated at cost or amortized cost except for investments in the Louisiana Public Employees Deferred Compensation

Plan and investments of the retirement systems. The Louisiana Public Employees Deferred Compensation Plan's investments are reported at market value, except for certain life insurance policies shown at cash surrender value. Investments of the retirement systems are reported at fair value. Cash and investment earnings are credited to the General Fund unless statutorily dedicated to specific funds. Cash and investment limitations are discussed in Note 3. For purposes of the Statement of Cash Flows, the State considers all highly liquid investments (including restricted assets) with a maturity of three months or less when purchased to be cash equivalents.

Receivables

For governmental, expendable trust, and agency funds, receivables include all amounts susceptible to accrual that have not been collected at June 30, but will be collected soon enough after the end of the year to pay liabilities of that year. Receivables for proprietary, nonexpendable trust, and pension trust funds include all amounts earned, but not collected at June 30. Receivables for all funds are shown net of any uncollectible amounts.

Inventories

Inventories consist primarily of materials and supplies held for consumption, merchandise for resale, livestock held for resale, and expendable medical supplies and are valued primarily using the average cost method. Inventories of materials and supplies within general governmental fund types are recorded as expenditures when purchased. Included also are unissued food stamps per the requirements of GASB 24.

Restricted Assets

Restricted assets represent primarily cash, investments, and receivables held separately and restricted according to applicable bond indenture agreements by enterprise funds.

Fixed Assets and Depreciation

General fixed assets are presented in the accompanying financial statements at cost or at estimated historical cost if actual historical cost is not available. Donated fixed assets are valued at their estimated fair market value at the time of donation. When purchased, movable property is recorded as an expenditure in the governmental fund types and is capitalized in the general fixed assets account group. Beginning with the 1991 fiscal year, many General Fund agencies increased the threshold amount for capitalization. Land, buildings, improvements, and construction in progress are recorded as expenditures in the Capital Outlay Escrow Fund, and those assets for which complete records exist are capitalized in the general fixed assets account group. Public domain assets, such as highways, roads, and bridges, are not capitalized in the general fixed asset account group. No depreciation is provided on general fixed assets. A statement of changes in general fixed assets is presented in Note 13. Fixed assets of enterprise, internal service, and pension trust funds are stated at cost, and reported in the respective funds net of depreciation. These assets are depreciated principally on the straight line basis over the estimated useful lives of the assets, generally 8 to 50 years for structures and improvements, 3 to 30 years for machinery and equipment, and 3 to 6 years for autos and trucks. Infrastructure assets such as roads, bridges, piers, docks, boat slips, airport runways, drainage and sewerage systems, and railroad tracks are included in the fixed assets reported by enterprise funds. Fixed assets of college and university funds are included in the College and University Plant Funds at cost, and are not

depreciated. Interest costs for fixed asset construction within enterprise funds are capitalized; all other interest costs are expensed.

Deferred Revenue

These are amounts collected in the current accounting period for which asset recognition criteria have been met, but for which revenue recognition criteria have not been met.

Investment in General Fixed Assets

This represents the government's equity in general fixed assets. Changes are disclosed in Note 13.

Fund Equity - Contributed Capital

Contributed capital represents the amount of permanent fund capital in a proprietary fund contributed from general government revenues and resources or other governmental entities.

F. COMPENSATED ABSENCES

Classified and unclassified state employees earn annual leave and sick leave at various rates depending on the number of years of service. The amount of annual and sick leave that may be accrued by each employee is unlimited. An employee is compensated for up to 300 hours of unused annual leave at the employee's hourly rate of pay at the time of termination. Civil Service General Circular No. 001155 states that classified employees belonging to the Teachers' Retirement System of Louisiana and to the Louisiana School Employees' Retirement System are not eligible for payment of unused sick leave upon retirement or death. LRS 17:425, on the other hand, provides for payment for up to 25 days of unused sick leave for members of these two systems. In Opinion No. 94-373, the Attorney General opined that the Civil Service Commission had jurisdiction over classified employees and therefore those members are not eligible for payment of unused sick leave. Because the Commission has no authority over unclassified employees, those members are eligible to receive such compensation. Upon the member's retirement, the number of hours of unused annual leave in excess of 300 hours, and the number of hours of unused sick leave, are converted into years or fractions of years and added to the number of years of service earned by the retiree. Unused annual and sick leave are applied to the number of years of service only for computing the rate of pay due to the retiree and do not count toward the number of years necessary for retirement. Act 343 of 1993 allows members retiring after August 15, 1993, to elect to receive an actuarially determined lump-sum payment for unused leave that would have been converted for retirement credit. An employee who is required to work overtime may, at the option of the appointing authority, be credited with compensatory leave for the hours required to work. Certain employees earn this leave at time and one-half,

State of Louisiana

whereas others earn on an hour-for-hour basis. Generally, employees in positions at or below a certain pay level may be paid upon separation or transfer, based on the employee's final regular rate of pay. Compensatory leave for all other employees is canceled upon separation or transferred from the department in which it was earned. The state's liability for unused annual and compensatory leave at June 30, 1997, is estimated to be \$162,014,767 and is reported in the general long-term debt account group. The liability for accrued leave for proprietary funds is \$1,132,930 and is reflected in that fund type. The accrued leave liability for colleges and universities is \$99,436,836 and is reflected in college and university funds. Discretely presented component units reflect a liability for compensated absences of \$4,727,000.

G. IMPLEMENTATION OF STATEMENTS ISSUED BY THE GOVERNMENTAL ACCOUNTING STANDARDS BOARD

Applicable provisions of the Governmental Accounting Standards Board (GASB) Statements 1 through 27 and Statement 29 were implemented in prior years. Statement 28, "Accounting and Financial Reporting for Securities Lending Transactions," was issued in May 1995, with

implementation required for fiscal year 1997. In February 1996, "Risk Financing Omnibus," Statement 30, was issued with implementation also required for fiscal year 1997. Both of these statements have been implemented for this fiscal year.

H. COMPONENT UNIT COLUMNS ON COMBINED STATEMENTS

Component unit columns on the combined statements are shown after the college and university funds. All component units are presented in a single column on the combined balance sheet. Separate columns are presented for governmental and proprietary fund type component units on the Combined Statement of Revenues, Expenditures/ Expenses and Changes in Fund Balance/Retained Earnings. Condensed financial statements for component units are presented at Note 19.

I. TOTAL COLUMNS ON COMBINED STATEMENTS - OVERVIEW

"Memorandum Only" columns with comparative totals are not presented on the combined statements.

NOTE 2: INTERFUND ASSETS, LIABILITIES, AND TRANSFERS

A. RECEIVABLES AND PAYABLES - PRIMARY GOVERNMENT

A summary of interfund receivables and payables at June 30, 1997, is shown below (expressed in thousands):

State of Louisiana

NOTE 3: DEPOSITS AND INVESTMENTS

A. CASH AND CASH EQUIVALENTS

Included as cash and cash equivalents are bank accounts and short-term investments, especially certificates of deposit. In accordance with LRS 49:321, state depositing authorities shall require as security for deposit of state funds authorized bonds or other interest bearing notes; authorized promissory notes, warrants, or certificates of indebtedness unmatured or payable on demand; or notes representing loans to students guaranteed by the Louisiana Student Financial Assistance Commission. Market value, excluding interest, of such securities held by the depositing authority shall be equal to 100% of the amount on deposit to the credit of the depositing authority except that portion appropriately insured. Designated depositories may be

granted a period not to exceed five days from the date of any deposit to post the necessary security.

The following chart presents bank balances for the primary government and its discrete component units as of June 30, 1997. Deposits are listed in terms of risk involved. Category 1 represents deposits insured (inclusive of FDIC, SIPC or similar federal security) or collateralized with securities held by the state or its agent in the state's name. Category 2 represents deposits collateralized with securities held by the pledging financial institution's trust department or agent in the state's name. Category 3 represents deposits uncollateralized including any securities held for the entity but not in the state's name.

B. INVESTMENTS

LRS 49:327 authorizes the State Treasurer to invest available monies in direct Treasury obligations, government agency obligations, direct security repurchase agreements and reverse direct security repurchase agreements for federal obligations listed previously, time certificates of deposit in specified banks, savings accounts or shares of certain savings and loan associations and savings banks, or in share accounts and share certificate accounts of certain credit unions. Such securities shall not have maturity dates in excess of five years from the purchase date, except monies invested from special funds (those not considered general funds) which shall not exceed 10 years from the date of purchase. In each case, all funds must be fully insured or collateralized by the pledge of securities. Funds not on deposit in the state treasury are authorized to be invested in time certificates of deposit of specified banks, in savings accounts or shares of specified savings and loan associations and savings banks, or in share accounts and share certificate accounts of specified credit unions. Funds determined to be

available for investment for less than 30 days are authorized to be invested in direct United States Treasury obligations that mature in not more than 29 days after the date of purchase. These funds are also required to be fully insured or collateralized.

Because of limited maturity dates, availability of securities, and yield, perfected repurchase agreements are entered into for short-term management purposes. LRS 49:341 - 343 grants defined public entities the authority to invest bond proceeds and monies held in any fund established in connection with bonds in any direct obligation of, or obligation guaranteed by, the United States and in tax-exempt bonds until proceeds are required to be expended for the purpose of the issue.

LRS 11:263 directs Louisiana's pension systems to invest in accordance with the prudent man rule. As used in this statute, the rule means that the systems ". . . shall exercise the judgement and care under the circumstances then prevailing that an institutional investor of ordinary prudence, discretion, and intelligence exercises in the

State of Louisiana

management of large investments entrusted to it not in regard to speculation but in regard to the permanent disposition of funds considering probable safety of capital as well as probable income." Notwithstanding the prudent man rule, no governing authority of any system shall invest more than 55% of the total portfolio in equities.

Generally, investment of funds by colleges and universities are subject to the same provisions of LRS 49:327 that govern the State Treasurer and state agencies. However, investment of funds of state colleges and universities derived from private sources such as gifts, grants, and endowments are governed by the "Uniform Management of Institutional Funds Act," LRS 9:2337.1 - 2337.8. Authorized investments include "mortgages, stocks, bonds, debentures, and other securities of profit or nonprofit corporations, shares in or obligations of associations, partnerships, or individuals, and obligations of any government or subdivision or instrumentality thereof." In investing funds, the governing board of the college or university must exercise ordinary business care and

prudence under the facts and circumstances prevailing at the time of the investment action or decision.

The following chart presents the state's investment position at June 30, 1997, unless otherwise noted. The various types of investments are listed and presented by category of risk assumed by the state. Category 1 represents those investments insured or registered in the state's name, or securities held by the state or its agent in the state's name. Category 2 represents investments uninsured and unregistered with securities held by the counterparty's trust department or agent in the state's name. Category 3 represents investments unsecured and unregistered with securities held by the counter party, or by its trust department or agent but not in the state's name.

Investments are generally accounted for by the State Treasurer at cost and amortized cost. Investments are accounted for by the state's four statewide public employee retirement systems at fair value.

Restricted investments per Combined Balance Sheet	12,302	
Investments in other categories	<u>31,914</u>	<u>\$23,225,299</u>

C. SECURITIES LENDING

The Louisiana State Treasurer operated two separate security lending programs during the 1997 fiscal year. One arrangement, authorized by LRS 49:327(c), entails the lending of its pooled assets comprising treasury and agency securities. In return for the lending transaction, the broker/dealer provides cash or securities of a similar nature and maturity to those lent valued at 102% of the securities involved. The state agrees to hold as collateral securities for which it has no negotiation rights but for which it does have ownership. The State Treasurer has neither actual nor constructive receipt of the collateral. The State Treasurer has the right to receive or sell the collateral only upon a default of the borrower as defined in the contracts. The cash collateral is invested in an overnight investment pool of the safekeeping agent. Securities lent are not considered to have been sold nor have the securities received as collateral considered to have been purchased. The safekeeping agent has agreed to indemnify the State Treasurer for certain conditions, the two most important of which are default on the part of the borrower and failure to maintain the daily market to market on the pledged collateral. The risks to the State Treasurer are deemed to be immaterial to the total value of the investment pool.

The Louisiana Education Quality Trust Fund (LEQTF) also participates in a securities lending program as authorized by LRS 17:3803(E)(1). In return, the state receives cash or securities as collateral equal to the market value plus interest of the securities lent or collateral of a similar type and maturity to those lent, collateralized at 102%. Securities purchased with cash collateral are included in an overnight repurchase investment pool, which is category three and generally match loan maturities. The State Treasurer agrees to transfer lendable LEQTF securities (lendable securities are defined in the contract, but generally consist of treasury and agency fixed-income instruments) to the agent bank. The broker/dealer agrees to utilize securities as market opportunities arise, with the income from the transaction resulting in a split of 60/40, the 60% accruing directly to the LEQTF. The State Treasurer has the right to sell the pledged collateral only upon default of the borrower as defined in the contract. The securities lending agent has agreed to indemnify the State Treasurer as agent for the LEQTF for broker default and failure to maintain the market to market on the collateral. The risks to the State Treasurer are deemed to be immaterial to the total value of the LEQTF.

The Teachers' Retirement System of Louisiana (TRSLA), the Louisiana School Employees' Retirement System

(LSERS), and the Louisiana State Employees' Retirement System (LASERS) are authorized by their respective boards of trustees to operate securities lending programs. These programs are designed to produce supplemental income on investments with little or no additional risk. All securities are available for loan to preapproved securities dealers. Securities dealers must meet specific criteria to be approved. The TRSLA lends its securities for cash. The LSERS and LASERS lend their securities for cash, U.S. government securities, and irrevocable letters of credit. Collateral held under the programs, which may be reinvested by the systems under the terms of the agreement with the broker/ dealer, is recorded as an asset with a corresponding liability, otherwise the collateral is not recorded on the balance sheet. Because the LASERS does not trade or sell the collateral received in their program, such collateral is not considered an asset of the System and a corresponding liability is not required on its balance sheet. The LSERS and LASERS cannot pledge or sell securities unless the borrower defaults.

The TRSLA lends domestic securities for cash collateral of 100% and international securities for cash collateral of 105%. The LSERS and LASERS lend U.S. securities for collateral valued at 102% of the market value of the securities plus any accrued interest. Non U.S. securities are loaned for collateral valued at 105% of the market value of the securities plus any accrued interest.

Where TRSLA and LSERS loans are for term, the reinvestment of the cash is matched to the maturity of the loan. LASERS loans are terminable at will. Therefore, their duration will not generally match the duration of the investments made with cash collateral. At June 30, 1997, LASERS had no credit risk exposure to borrowers.

Neither the TRSLA nor the LSERS had any credit risk exposure to borrowers at year end because either the cash collateral held reflected the market value of securities on loan or amounts owed to borrowers exceeded amounts owed by borrowers. Securities loans of both systems may be terminated on demand by either party within a period specified in the related agreement. There were no significant violations of legal or contractual provisions, nor borrower or lending agent default losses known to the securities lending agents of either system.

Both LASERS and LSERS have indemnification agreements with their securities lending agents in case of borrower default.

State of Louisiana

NOTE 4: EMPLOYEE BENEFITS

A. RETIREMENT SYSTEMS

Background

The State of Louisiana maintains four defined benefit pension plans that are considered component units of the State of Louisiana and are included in the state's Comprehensive Annual Financial Report as a part of the primary government. Those plans are administered by four public employee retirement systems. The Louisiana State Employees' Retirement System (LASERS), established July 1, 1947, includes classified and unclassified employees of state government. The Teachers' Retirement System of Louisiana (TRSLA) was established August 1, 1936, for the benefit of public school teachers and, effective July 1, 1983, includes school lunch employees. TRSLA offers a defined contribution plan to a relatively small, select group of employees in higher education. The Louisiana School Employees' Retirement System (LSERS) was established on July 1, 1947, for persons employed as school bus drivers, school janitors, school custodians, and school maintenance employees. The Louisiana State Police Retirement System (LSPRS) was established with Act 293 of 1938. Its members include commissioned law enforcement officers of the Office of State Police and the Superintendent of the Office of State Police.

On November 21, 1987, the electorate of the State of Louisiana ratified a constitutional amendment by adding subsection (E) to Article 10, Section 29 mandating that the legislature assure the actuarial soundness of the state and statewide retirement systems. In compliance with that amendment, the legislature created LRS 11:1 - 127 in its 1988 regular session. The purpose was to consolidate public retirement law to satisfy the intent of the constitutional amendment. The result was a comprehensive list of actuarial criteria for the affected public employee retirement systems (PERS). LASERS and TRSLA are required to use the projected unit credit cost method in the determination of actuarially required contributions, whereas LSERS and LSPRS are required to use the entry age normal cost method for this determination.

Subsection 42B (4, 5, 10, and 11) provides for the amortization of the unfunded accrued liabilities of these PERS. Louisiana School Employees', Louisiana State Employees', and Teachers' Retirement Systems are provided for as follows:

The unfunded liability as of June 30, 1988, determined under the projected unit credit funding method "...shall be amortized over a forty year period, commencing with the fiscal year 1989-1990 with the series of forty annual payments forming an increasing annuity, increasing initially at 4% per annum for the first five years, with the percent of increase reduced one-half of one percent over each

successive five year period, so that the payments are increasing at the rate of one-half of one percent over the last five year period."

This section was amended in 1992 to require that the outstanding balance of the unfunded accrued liability as of June 30, 1992, "...shall be amortized over the remaining thirty-seven year period with payments forming an annuity at four and one half percent annually."

Subsection 42B also specifies that the unfunded accrued liability of the State Police Retirement System as of June 30, 1988, "...shall be amortized over a twenty year period, commencing with fiscal year 1989-1990, with level dollar payments annually."

LRS 11:62 and 11:102 specify employee contribution rates effective July 1, 1989, and enumerates in detail how the employer contribution rate will be calculated each year for each system. Included are provisions to add any underpayment or subtract any overpayment from the previous year to the calculation of the actuarially required employer contribution for each fiscal year as well as the employer's normal cost and that fiscal year's payment toward amortizing the system's June 30, 1988, unfunded accrued liability.

Readers requiring pension information not included in this report may request a copy of the separately issued financial reports by writing to each retirement system individually at the addresses listed in Note 1.

Plan Description

Louisiana State Employees' Retirement System - While there are 367 contributing employers in this system, LASERS is considered a single employer plan because the material portion of their activity was with one employer - the State of Louisiana. The system was established and provided for within Title 11, Subtitle II, Chapter 1 of the Louisiana Revised Statutes. Benefit provisions are authorized within LRS 11:441-501.

Those employees considered eligible for membership in LASERS include all state employees except those specifically excluded by statute and are eligible immediately upon employment. Members are vested after 10 years of service.

A member is eligible to retire after at least ten years of service at age 60, 25 years at age 55, or after thirty years at any age. Effective January 1, 1996, members may choose to retire with twenty years of service at any age, with an actuarially reduced benefit. The system does provide for deferred benefits for vested members who terminate before being eligible for retirement. Once the member reaches the appropriate age for retirement, benefits become payable at a rate of 2.5% of the average

of the highest three consecutive years of compensation, multiplied by the number of years of creditable service. Once an employee has accumulated ten years of service, disability benefits apply based on the regular benefit formula without age restrictions.

Act 14 of the 1990 Louisiana Legislature provided for a new retirement option designated as the Deferred Retirement Option Plan (DROP). Only LASERS members are eligible for this option. When a member enters DROP, his status changes from active member to retiree even though he continues to work at his regular job and draws his regular salary for a period of up to three years. During the DROP participation period, the retiree's retirement benefits are paid into a special account. The election is irrevocable once participation begins. Interest, at a rate of one-half percent less than the system's realized return on its portfolio, will be credited after participation ends. At that time, the member must choose among available alternatives for the distribution of benefits which have accumulated in the DROP account. The DROP program was designed to have no actuarial effect on LASERS' unfunded liability. The number of employers participating in the DROP program is currently 112. Current membership in the program is 2,562 members.

Teachers' Retirement System of Louisiana - The TRSLA is the administrator of a cost-sharing multiple employer plan. The system was established and provided for within Title 11, Subtitle II, Chapter 2 of the Louisiana Revised Statutes. Benefit provisions are authorized within LRS 11:761-813.

The word "plan" as used below does not carry the same definition as referred to in GASB Statements 25, 26, and 27. We maintain GASB's use of the word "plan" in this context to refer to individual benefit options.

Those employees considered eligible for membership in TRSLA include teachers and eligible school lunch employees and are eligible immediately upon employment. Under the Teachers' Regular Plan, members are vested after ten years of service. A teacher member is eligible to retire after at least ten years of service at age 60, or after twenty years at any age, and receive benefits based on a formula of 2%. A teacher member who retires with twenty-five years of service at age 55, twenty years at age 65, or 30 years at any age will receive benefits based on a formula of 2.5%. In 1983 the Louisiana School Lunch Employees' Retirement System was merged into this system. The Louisiana School Lunch Employees' Retirement System contained two plans which were acquired by Teachers' Retirement: Plan A for members who are employed by the school system and are not covered by the Social Security system and Plan B for members who are employed by the school system and are covered by Social Security. Plan A members are eligible to receive benefits based on a 3% benefit formula after ten years of service at age 60, twenty-five years at age 55, or after thirty years service at any age. A 2% benefit formula accrues to Plan B members after ten years service at age 60 and after thirty years service at age 55.

The system does provide for deferred benefits for vested members who terminate before being eligible for retirement. Once the member reaches the appropriate age for retirement, benefits become payable. After an employee has accumulated five years of service, disability benefits apply based on the regular benefit formula without age restrictions if determined eligible by the medical board. Otherwise, reduced benefits are available based on varying percentage formulas for each plan.

The Optional Retirement Plan (ORP) was created by LRS 17:765 - 775, to establish a defined contribution program for academic employees in higher education. Eligible members have the option of making an irrevocable election to participate prior to attainment of five years of creditable service in TRSLA. Monthly contributions based upon percentages of salary are made by the employee and the employer to the companies who are selected as providers of the plan. ORP provides for portability of assets and full and immediate vesting of all contributions submitted to the participating companies on behalf of the employees. In accordance with LRS 11:927(B), the system retains 9.344% of the 16.3% ORP employer contributions to be applied to the unfunded accrued liability of the system. Thus, the amount transferred to the carrier is the employer's portion of the normal cost contribution which has been determined by the Public Retirement Systems' Actuarial Committee to be 6.956%. The number of employers participating in the ORP program is currently 46. Current membership in the program is 5,390 members. The ORP program is not an obligation of the state or Teachers' Retirement System, and is, therefore, not included in the CAFR.

Members of TRSLA also have the option of participating in a three year DROP program.

The Option 5 program became effective January 1, 1996. Under this program, a retiring member who had not participated in the DROP could select an Option 5 alternative. This alternative provides the retiree with a one-time payment of up to 36 months of a regular monthly retirement benefit in addition to a reduced regular monthly retirement benefit for life.

Louisiana School Employees' Retirement System - Although the LSERS is considered part of the State of Louisiana financial reporting entity it is not a part of the state's payroll. LSERS is the administrator of a cost-sharing multiple employer plan. The system was established and provided for within Title 11, Subtitle II, Chapter 3 of the Louisiana Revised Statutes. LRS 11:1116 dictates that specified employees become members of the system as a condition of employment. Benefit provisions are authorized within LRS 11:1131-1152.

Membership is mandatory for all employees under age 60 employed by a Louisiana parish or city school board who work more than twenty hours as a school bus driver, school janitor, school custodian, school maintenance employee,

State of Louisiana

or school bus aide. Members are vested after ten years of service time.

A member is eligible to retire after at least ten years of service at age 60, 25 years at age 55, or after thirty years at any age. The system does provide for deferred benefits for vested members who terminate before being eligible for retirement. Once the member reaches the appropriate age for retirement, benefits become payable. Prior to January 1, 1992, the retirement benefit was an amount equal to 2.5% of the average compensation for the three highest consecutive years of membership service, multiplied by the number of years of service, plus a supplementary allowance of \$24 per annum or \$2 per month for each year of service, not to exceed average final compensation. Effective January 1, 1992, any member retiring on or after January 1, 1992, shall receive for their first twenty years of service a 2.5% accrual rate, with a 3% accrual rate for each year after twenty years. Once an employee has accumulated five years of service, disability benefits apply based on the normal benefit formula without age restrictions. Other benefits have resulted from legislative changes and include cost of living benefits.

Effective July 1, 1992, members of the LSERS may elect to participate in the Deferred Retirement Option Plan and defer receipt of benefits. The election may be made one time only and duration is limited to three years. Monthly retirement benefits that would have been payable had the person elected to cease employment and receive a service retirement allowance will be paid into the plan and credited to a subaccount for that individual. All amounts which remain credited to the individual's subaccount shall be credited with interest at the end of each plan year at a rate equal to the realized return of the system's portfolio for that plan year less one-half of one percent. Upon termination of participation in both the plan and employment, a participant may receive either a lump sum payment for the account or systematic disbursement. The number of employers currently participating in the DROP program is 74. Current membership in the program is 797 members.

Effective January 1, 1996, the state legislature authorized the Plan to establish an Option 5 program. Option 5 is available to members who have not participated in the DROP and who select the maximum benefit, Option 2 benefit, Option 3 benefit or Option 4 benefit. Thereafter, these members are ineligible to participate in the DROP. The Option 5 program provides both a one-time single sum payment of up to 36 months of a regular monthly retirement benefit, plus a reduced monthly retirement benefit for life. Interest credited and payments from the Option 5 account are made in accordance with the DROP account, Louisiana Revised Statutes 11:450(A)(1).

Louisiana State Police Retirement System - The LSPRS was established with Act 293 of 1938 and is the administrator of a single employer plan. Those employees considered eligible for membership in LSPRS include commissioned law enforcement officers of the Office of

State Police and the Superintendent of State Police, and are eligible immediately upon employment.

After ten years of service at age 50, benefits begin at 25% of the member's average salary and increase depending on length of service. After fifteen years at age 50, benefits begin at 45% of the member's average salary and increase depending on length of service. Those employed after September 8, 1978, must have twenty years of service regardless of age and benefits begin at 60% of the member's average salary and increase depending on length of service. Disability benefits equal 50% of average salary plus one and one-half percent of average salary for each year in excess of ten years. Disability benefits shall be modified whenever a non-service disability retiree is engaged in gainful employment. Non-duty disability rates vary depending on length of service, but begin after five years of service credit. Death benefits vary whether cause was in the line of duty or not and whether there is a surviving spouse and/or number of minor children and other. The system does provide for deferred benefits for vested members who terminate before being eligible for retirement.

Any active member who is eligible to receive a service retirement allowance is eligible to participate in the Deferred Retirement Option Plan and defer receipt of benefits. The participation period shall not exceed three years. The member may choose a lump sum payment, a true annuity based on his account, or another method approved by the board of trustees. Current membership in the program is 54 members.

A summary of government employers participating in the plans at June 30, 1997 is as follows:

		<u>Number of Employers</u>
<u>LASERS</u>	State Agencies	243
	Other Public Employers	<u>124</u>
	Total	<u>367</u>
<u>TRSLA</u>	School Boards	66
	Colleges and Universities	18
	Vocational Technical Schools	50
	State Agencies	48
	Other	<u>11</u>
Total	<u>193</u>	
<u>LSERS</u>	School Boards	66
	Other Agencies	<u>8</u>
	Total	<u>74</u>
<u>LSPRS</u>		<u>1</u>

Summary of Significant Accounting Policies

All four systems use the accrual basis of accounting for operating income and operating expenses. Within this context, interest income is recognized when earned, as are employer and employee contributions. Dividends are recognized when declared. State fund appropriations are recognized when earned by LASERS, TRSLA, and LSPRS. LASERS, LSERS, and TRSLA use the trade date basis to record investment purchases and sales.

As required by GASB 25, "Financial Reporting for Defined Benefit Pension Plans and Note Disclosure for Defined Contribution Plans", investments are reported at fair value as follows:

LASERS - Short-term investments are reported at market value when published prices are available, or at cost, which approximates fair value. Securities traded on a national or international exchange are valued at the last reported sales price at current exchange rates. Corporate bonds are valued based on yields currently available on comparable securities from issuers of similar credit ratings. Mortgage securities are valued on the basis of estimated future principal and interest payments, and are discounted at prevailing interest rates for similar instruments. The fair value of real estate investments is based on independent appraisals. Investments that do not have an established market are reported at estimated fair value. Benefits and refunds are recognized when due and payable in accordance with the terms of the plan.

Land, building, equipment, and furniture are carried at historical cost. Depreciation is computed using the straight-line method based upon useful lives of forty years for buildings and three to fifteen years for equipment and furniture.

Besides investments in the U. S. Government and U. S. Government obligations, LASERS had no investments in any one organization which represented more than 5% of the net assets available for benefits.

TRSLA - Fair value is based upon the market value on the last business day of the fiscal year. Securities traded on a national or international exchange are valued at the last reported sales price at current exchange rate. Dividend income is recorded on the ex-dividend date. Interest income is recorded as earned on an accrual basis. Securities purchased pursuant to agreements to resell are carried at the contract price, exclusive of interest, at which the securities will be resold. Benefits and refunds are recognized when due and payable in accordance with the terms of the system.

Land, building, equipment, and furniture are carried at historical cost. The building and related land are jointly owned by Teachers' Retirement System of Louisiana and Louisiana State Employees' Retirement System. Depreciation is computed by the straight-line method

based upon useful lives of forty years for building and three to ten years for equipment and furniture.

Besides investments in the U. S. Government and U. S. Government obligations, TRSLA has no investments of more than 5% of the portfolio invested in any one corporation nor does TRSLA hold more than 5% of any corporation's outstanding stock.

LSERS - Short-term investments are reported at cost, which approximates fair value. Securities traded on a national or international exchange are valued at the last reported sales price at current exchange rates. Investments that do not have an established market are reported at estimated fair value. Benefits and refunds paid are recognized when due and payable in accordance with the terms of the plan.

Land, building, equipment, and furniture are carried at historical cost. Depreciation is computed by the straight-line method based upon useful lives of forty years for building and three to ten years for equipment and furniture.

Besides investment in U.S. Government obligation and U.S. Government agency, LSERS had no investments in any one organization which represented 5% or more of the net assets available for pension benefits. There are no investments in loans to or leases with parties related to the pension plan. The investment activity of LSERS is subject to an investment policy adopted by the Board of Trustees and to oversight by the Board of Trustees.

LSPRS - Investments are reported at fair value. Fair value is determined by the last reported sales price. Benefits and refunds paid are recognized in the period they are allocated.

Furniture, fixtures, and equipment are stated at cost and are being depreciated on the straight-line basis over their estimated useful lives. The estimated useful lives range from three to ten years.

Besides investments in the U. S. Government and U. S. Government obligations, LSPRS has not had investments representing more than 5% of the net assets available for benefits.

Contributions

A system's funding policy refers to the amounts and timing of contributions to be made by employers, participants, and any other sources to provide the benefits a pension plan specifies. Employee and employer contributions for all systems are provided for in Chapter 2 of Title 11 of the Louisiana Revised Statutes. Each system is described separately in the following paragraphs.

Louisiana State Employees' Retirement System. The vast majority of state employees contribute 7.5% of their salaries. Exceptions include judges, court officers, the Governor, Lieutenant Governor and Legislators, who

State of Louisiana

contribute 11.5% of their respective salaries; the Clerk of the House of Representatives and the Secretary of the Senate, who contribute 9.5% of their salaries; certain Department of Corrections employees, who contribute 9.0%; and certain employees of the Department of Wildlife and Fisheries, who contribute 8.5% of their salaries. The employers of each group listed contributed 12.4% of the employees' salaries toward future benefits for fiscal year 1997.

Teacher's Retirement System of Louisiana. Contributions required of TRSLA members and their employers are based on the plan in which the employee participates. During the year ended June 30, 1997, members of the system's Regular Plan contributed 8.0% of their earned compensation with the employer contributing 16.3%. Members of the TRSLA Plan A contributed 9.1% of their salary while the employer contributed 16.3%. Members of TRSLA Plan B contributed 5.0% of their compensation while the employer made a 16.3% contribution. The sources of employer contributions are appropriated state funds and tax proceeds collected in the parishes and remitted by the respective parishes' sheriff's office.

Louisiana School Employees' Retirement System. Member contributions are established by statute and are currently 6.35% of earned compensation. Employer

contributions, provided by the board of trustees, 'were 6.0% for 1997.

Louisiana State Police Retirement System. Member contributions are 8.0% of earned compensation and are deducted from the member's salary. In accordance with Acts 33 and 395 of 1970, employer contributions consist of \$10,000 annually from the State Mineral Board, various permits and fees collected by the Office of Motor Vehicles, and state appropriations.

As required by GASB Statement 27, paragraph 20b(3), the Louisiana School Employees' Retirement System and the Teachers' Retirement System of Louisiana, both cost-sharing employers, disclose the following information:

<u>Fiscal Year</u> <u>Ending</u>	<u>Annual Required</u> <u>Contribution (ARC)</u>	<u>Percentage</u> <u>Contributed</u>
<u>LSERS</u>		
6/30/95	\$12,241,039	99.2%
6/30/96	\$12,918,080	99.2%
6/30/97	\$13,108,452	100.7%
<u>TRSLA</u>		
6/30/95	\$391,687,201	100.8%
6/30/96	\$401,039,317	98.4%
6/30/97	\$412,712,131	99.5%

As required by GASB Statement 27, paragraph 21, the Louisiana State Employees' Retirement System and the Louisiana State Police Retirement System, both single employers, disclose the following information.

The State's annual pension cost and net pension obligation to LASERS and LSPRS for the current year is as follows:

	<u>LASERS</u>	<u>LSPRS</u>
Annual required contribution	\$ 220,801,844	\$ 18,608,947
Interest on net pension obligation	(333,018)	(867,278)
Adjustment to annual required contribution	<u>2,862,053</u>	<u>4,415,740</u>
Annual pension cost	223,330,879	22,157,409
Contributions made	<u>(217,372,013)</u>	<u>(23,229,175)</u>
Increase (decrease) in net pension obligation	5,958,866	(1,071,766)
Net pension obligation beginning of year	<u>(4,036,582)</u>	<u>(11,563,704)</u>
Net pension obligation end of year	<u>\$ 1,922,284</u>	<u>\$(12,635,470)</u>

State of Louisiana

Schedule of Employer Contributions*

<u>Fiscal Year Ending</u>	<u>Annual Pension Cost (APC)</u>	<u>Percentage of APC Contributed</u>	<u>Net Pension Obligation</u>
<u>LASERS</u>			
6/30/96	\$214,573,353	98.1%	(\$4,036,582)
6/30/97	223,330,879	97.3%	1,922,284
<u>LSPRS</u>			
6/30/96	\$22,347,601	98.6%	(\$11,563,704)
6/30/97	22,157,409	104.8%	(12,635,470)

*According to GASB Statement 27, paragraph 21(b): "For the first two years, the required information should be presented for the transition year (1996), and for the current (1997) and transition year (1996), respectively."

Actuarial Methods and Assumptions

The following table provides information concerning actuarial methods and assumptions.

	<u>LASERS</u>	<u>TRSLA</u>	<u>LSERS</u>	<u>LSPRS</u>
Actuarial Cost Method	Projected Unit Credit	Projected Unit Credit	Entry Age	Entry Age
Amortization Method	Level Percentage of Projected Payroll	Level Percentage of Projected Payroll	Level Percentage of Projected Payroll	Level Dollar
Remaining Amortization Period (Open or Closed Period)	32 years Closed	32 years Closed	32 years Closed	32 years Closed
Asset Valuation Method	Bonds - amortized cost Equities - 4 year average market	All assets valued at 4 year weighted market average	Bonds - amortized cost Equities - 4 year weighted average	Bonds - amortized cost Equities - 4 year weighted average
Actuarial Assumptions:				
Investment Rate of Return*	8.25%	8.25%	7.5%	7.5%
Projected Salary Increases*	4.25 - 11.75%	5.75 - 8.95%	3.5 - 4.0%	4 - 6.7%
Cost of Living Adjustment	None	None	3%	None
*Includes inflation at:	3%	3%	3%	3%

State of Louisiana

Funding Status and Progress

Because the purpose of each system is to provide specific benefits to groups of employees at various times in the future, actuarial valuations and assumptions are made regularly. The most recent actuarial valuation for the four statewide retirement systems is as of June 30, 1997. The Schedule of Funding Progress for the six* most recent actuarial valuations for single employer plans follows.

Schedule of Funding Progress (expressed in thousands)

	<u>1997</u>	<u>1996</u>	<u>1995</u>	<u>1994</u>	<u>1993</u>	<u>1992</u>
LASERS						
Actuarial Valuation Date	6/30/97	6/30/96	6/30/95	6/30/94	6/30/93	6/30/92

(GASB 25, paragraph 34, requires only three years of valuations. We chose to show six.)

The Actuarial Value of Assets reported for LASERS at June 30, 1997, does not include \$212,947,917 that has been accumulated in the Experience Account Fund. The account can be used only to fund ancillary benefits for members such as retiree cost-of-living raises.

The Actuarial Value of Assets reported for LSPRS at June 30, 1997, does not include \$26,394,221 that has accumulated in the Texaco Settlement Fund.

B. OTHER EMPLOYEE BENEFITS

Deferred Compensation Program

The Louisiana Public Employees Deferred Compensation Plan was established to allow state, parish, and municipal employees to contribute, under the provisions of Internal Revenue Code Section 457, a portion of their compensation to the plan through payroll deductions. Employees may contribute up to 33-1/3 percent of their annual salary, not to exceed \$7,500. Amounts contributed by employees are deferred for federal and state tax purposes until benefits are paid or made available to participating employees or their beneficiaries upon retirement, death, termination, or unforeseeable emergency. The state does not contribute to the plan. Public Law 104-188 was signed into law on August 20, 1996 and contained a number of provisions including a "trust requirement." This requirement provides that all assets and income of 457 (b) plans are to be held in trust for the exclusive benefit of the participants and their beneficiaries. Plan assets are no longer subject to the claims of the employer's creditors and the plan is now "funded." This provision is effective immediately for plans established after August 20, 1996. Assets of plans established before this date are not required to be held in trust until January 1, 1999.

It is the opinion of the state's legal counsel, the Louisiana Attorney General, that the State has no legal liability for losses under the plan but does have the duty to exercise the due care that would be required of an ordinary prudent investor.

In accordance with GASB Statement 2, the financial activities of the Louisiana Public Employees Deferred Compensation Plan are reported as an agency fund in the accompanying financial statements.

Great West Life and Annuity Insurance Company of Englewood, Colorado, is the current plan administrator. On November 21, 1995, the contract was extended for another three years beginning on January 1, 1996. The program reports its assets at market value in accordance with GASB Statement 2.

Of the \$214,637,036 in the plan at December 31, 1996, \$199,534,204 was applicable to the state, and the remaining \$15,102,832 represents the assets of the other jurisdictions participating in the plan.

Health Care and Life Insurance Benefits

In accordance with LRS 42:821-880, the state provides health care and life insurance benefits to its active and retired employees and their eligible dependents through

either the self-insured and self-funded State Employees' Group Benefits Program or, in the case of certain boards and commissions, through private insurance companies. The State Employees' Group Benefits Program provides health care and life insurance to substantially all of the state's employees, employees of school boards, and employees of eligible political subdivisions of the state. The health care insurance or HMO coverage for both active and retired employees is financed by contributions from the state and the participating employee. Life insurance for the individual employee is financed by equal contributions from the state and the employee, and insurance for eligible dependents is funded totally through employee's contributions. Upon retirement, substantially all employees become eligible for continuing health care and life insurance benefits if they reach normal retirement age while working for the state. Other post-employment benefits (OPEB) administered through the State Employees' Group Benefits Program are financed on a pay-as-you-go basis. Expenses are recognized by the State Employees' Group Benefits Program as retirees report claims and include provisions for health claims reported but unpaid, and health claims incurred but unreported. Computed under the requirements of GASB Statement 12 as reported by Louisiana state agencies, the cost to the state of providing insurance benefits to retirees and their eligible dependents for the year ended June 30, 1997, was \$60,078,928 and the number of retirees meeting eligibility requirements was 24,786. Actual claims expense incurred by the State Employees Group Benefits Program for other post-employment benefits cannot readily be separated from the expenses of similar types of benefits provided to active employees and their dependents.

C. LOUISIANA LOTTERY CORPORATION RETIREMENT PLANS

Pursuant to LA R.S. 47:9015, the Louisiana Lottery Corporation provides and administers two defined contribution retirement plans for its employees:

1. Basic Retirement

The Basic Retirement Plan was established effective September 1, 1993, with all employees eligible except those who elect coverage under a state retirement plan and those who are either independent contractors or leased employees. Eligible employees may participate in the Plan immediately upon employment. Employer

contributions for 1997 were 5% of the participant's compensation. Employee contributions were 6.2% of their compensation. Participants are fully vested immediately. Plan assets do not revert for the benefit of the employer. Benefit distributions shall commence as of the date designated by the participant (annuity starting date) after termination of employment, but shall not be later than April 1st of the year following the calendar year in which the participant attains age 70 ½. The participant shall make a qualified election to receive the distribution in the form of a single-sum payment or in the form of a qualified joint and survivor annuity or single life annuity contract. Employee and employer contributions for 1997 were \$245,283 and \$197,810, respectively.

2. Supplemental Retirement

Substantially all full-time employees are eligible to participate in the Supplemental Retirement Plan. The Louisiana Lottery Corporation contributed 4.5% of each participant's compensation for 1997. Employees are not permitted to contribute to the Plan. Effective July 1, 1991, all eligible employees employed by the Corporation on or before that date shall participate in the Plan. Effective for the January 1, 1992, entry date, all eligible employees employed prior to such date shall automatically participate in the Plan as of that date. Thereafter, an eligible employee shall participate in the Plan as of the entry date that coincides with or immediately follows the date on which the eligible employee completes 90 consecutive calendar days of employment with the Corporation. Each plan year, the board of directors of the Corporation may determine the amount of a discretionary contribution not to exceed 2% of each participant's compensation for any plan year. Plan participants shall be fully vested and amounts nonforfeitable upon the participant's death, disability, or attainment of the normal retirement date or upon the completion of three years of service. Any forfeiture of nonvested amounts shall be reallocated to the accounts of all the remaining participants. Plan assets do not revert for the benefit of the employer. The distribution of a participant's vested and nonforfeitable portion of his or her account shall be made in the form of a single-sum payment no later than 60 days after the Valuation Date that coincides with or immediately follows the date after the participant terminates employment with the employer, attains the normal retirement age (65 years of age), or dies. Employer contributions for 1997 were \$158,160.

State of Louisiana

NOTE 5: FUND BALANCE/RETAINED EARNINGS DISCLOSURES

The following table enumerates the reserves and designations within the individual fund types. Reservations of fund balance represent those amounts either legally restricted to a specific future use or not available for appropriation or expenditure. Designated fund balances represent tentative management plans (expressed in thousands):

	General Fund	Special Revenue	Debt Service	Capital Projects	Enterprise	Fiduciary	Colleges and Universities	Component Units
Reserve for:								
Debt Service			\$ 34,352		\$3,477		\$22,787	\$ 61,896
Inventories	\$ 69,609						15,576	393
Pension Benefits						\$15,363,772		10,350
Encumbrances	47,474	\$ 82,457				29,374	27,172	12,066
Construction			169,128	\$574,053				88,993
Other Specific Purposes	<u>305,215</u>	<u>327,022</u>				<u>2,007,585</u>		<u>31,018</u>
Total Reservations of Fund Balance/Retained Earnings	<u>\$422,298</u>	<u>\$409,479</u>	<u>\$203,480</u>	<u>\$574,053</u>	<u>\$3,477</u>	<u>\$ 17,400,731</u>	<u>\$65,535</u>	<u>\$204,716</u>
Designated for:								
Contingencies - General								
Future Capital Projects		\$14,521

U. S. Army Corps of Engineers								402
Local Match for Port Construction								1,700
Flood Emergencies								3,193
Levee Protection								3,520
Current Operations:								
Restricted							\$201,690	
Unrestricted							(74,429)	
Non-Current Operations:								
Restricted							156,974	
Endowment							56,813	
Restricted								
Quasi-Endowment							7,920	
Term Endowment							<u>2,714</u>	
Total Designations of Fund Balance		<u>\$14,930</u>					<u>\$351,682</u>	<u>\$18,652</u>

Total encumbrances for the General Fund amounted to \$179,016,156. However, encumbrances relating to federal revenues not deferred totaling \$47,418,046 are not reported on the face of the General Fund balance sheet. Encumbered interagency transfers of \$889,740 and self-generated funds of \$1,333,685 are also not included in the reserve for encumbrances on the General Fund balance sheet because monies were not available at fiscal year end to cover these encumbrances. Encumbrances of statutory dedications totaling \$81,900,685 are reported in the appropriate fund types as reserve for encumbrances. The total amount reserved for encumbrances on the General Fund balance sheet is \$47,474,000.

State of Louisiana

Contributed Capital

During the year, the following enterprise and internal service funds reported changes in contributed capital (expressed in thousands):

Agency/Unit Name	Intergovernmental Receipts for Capital Acquisitions/ Improvements	Contributions of Property, Plant and Equipment	Capital Contributions Beginning of Year	Capital Contributions End of Year
Office of Telecommunication		\$ 86	\$ 114	\$ 200
Prison Enterprises		0	873	873
Louisiana Property Assistance Agency		7	165	172

Louisiana Agricultural Finance Authority		<u>2,892</u>	<u>0</u>	<u>2,892</u>
Total		<u>\$2,853</u>	<u>\$10,181</u>	<u>\$13,034</u>
Discrete Proprietary Funds	<u>\$24,785</u>		<u>\$484,820</u>	<u>\$509,605</u>

Fund Equity Restatement

The following table discloses certain fund equity restatements (expressed in thousands):

	General Fund	Special Revenue	Debt Service	Expendable Trust Fund
Fund Equity at June 30, 1996	\$586,899	\$653,876	\$554,423	\$1,215,932
Increase in Carryovers		223		200
Change in limitations		(201)		
Prior year revenue/transfer adjustments			(128,541)	
	<u>17,954</u>	<u>128,541</u>		
Beginning Fund Equity as restated	<u>\$604,853</u>	<u>\$782,439</u>	<u>\$425,882</u>	<u>\$1,216,132</u>

NOTE 6: LEASES

A. LEASE AGREEMENTS

The State of Louisiana has entered into numerous operating and capital lease agreements for equipment, land, and buildings. Most leases contain non-appropriation exculpatory clauses that allow lease cancellation if the Louisiana Legislature does not make an appropriation for its continuation during any future fiscal period. Because legislative appropriation is reasonably assured, all leases contracted by the state are included in subsequent schedules.

State of Louisiana

B. OPERATING LEASES

Operating lease payments are recorded as expenditures or expenses of the applicable fund when the related liability is incurred and totaled \$67,236,398 (discretely reported totaled \$1,414,318) for the fiscal year ended June 30, 1997. Commitments of the primary government under operating lease agreements for equipment, land, and buildings provide for future annual rental payments as follows (expressed in thousands):

<u>Fiscal Year</u>	<u>Office Space</u>	<u>Equipment</u>	<u>Land</u>	<u>Other</u>	<u>Total</u>
1998	\$ 33,538	\$ 4,655	\$ 23	\$ 4,682	\$ 42,898
1999	27,907	1,132	21	2,204	31,264
2000	20,744	559	20	920	22,243
2001	12,979	459	20	725	14,183
2002	6,967	466	17	521	7,971
Thereafter	<u>8,818</u>	<u>358</u>	<u>84</u>	<u>389</u>	<u>9,649</u>
Total	<u>\$110,953</u>	<u>\$ 7,629</u>	<u>\$ 185</u>	<u>\$ 9,441</u>	<u>\$128,208</u>

Operating leases for discretely presented component units are as follows (expressed in thousands):
Office space - \$631; Equipment - \$2,014; Land - \$7; Other - \$3 for a total of \$2,655.

C. CAPITAL LEASES AND INSTALLMENT PURCHASE AGREEMENTS

Capital lease obligations are payable from resources of the governmental, proprietary, and college and university funds. The following is a schedule of future minimum payments remaining under contracts in existence at June 30, 1997 (expressed in thousands):

<u>Fiscal Year</u>	<u>General Long Term Debt</u>	<u>Proprietary and Similar Trust Funds</u>	<u>College and University Fund Type</u>	<u>Total</u>	<u>Discrete Component Units</u>
1998	\$ 15,862	\$0	\$ 880	\$ 16,742	\$95
1999	13,608		440	14,048	88
2000	12,546		375	12,921	74
2001	10,736		182	10,918	29
2002	10,499		0	10,499	0
Thereafter	<u>71,530</u>	<u>—</u>	<u>0</u>	<u>71,530</u>	<u>0</u>
Total	134,781	0	1877	136,658	286
Less interest and executory costs	<u>38,472</u>	<u>0</u>	<u>145</u>	<u>38,617</u>	<u>27</u>
Present value of minimum lease payments	<u>\$ 96,309</u>	<u>\$ 0</u>	<u>\$1,732</u>	<u>\$ 98,041</u>	<u>\$259</u>

Total capital leases by asset classes include the following (expressed in thousands):

	<u>Primary Government</u>	<u>Discrete Component Units</u>
Buildings	\$	\$ 0
Office Space	8,516	0
Equipment	<u>90,844</u>	<u>286</u>
Total Capital Leases	<u>\$136,658</u>	<u>\$286</u>

NOTE 7: DEBT AUTHORIZATION, LIMITATIONS, AND AUTHORIZED BUT UNISSUED DEBT

A. DEBT AUTHORIZATION AND LIMITATIONS

The Louisiana Constitution of 1974 provides that the state shall have no power, directly or indirectly, through any state board, agency, commission, or otherwise, to incur debt or issue bonds except by law enacted by two-thirds of the elected members of each house of the legislature.

LRS 39:1365(25) limits the legislative authorization of general obligation bonds and other general obligations secured by the full faith and credit of the state by prohibiting total authorized bonds from exceeding an amount equal to two times the average annual revenues of the Bond Security and Redemption Fund for the last three fiscal years prior to such authorization. The bond authorization limitation is \$13,722,258,000. The total general obligation bonds authorized is \$1,932,390,000 at June 30, 1997, or 14.08% of the bond authorization limit.

LRS 39:1402(D) limits issuance by the Louisiana State Bond Commission of general obligation bonds or other general obligations secured by the full faith and credit of the state. The highest annual debt service requirement for the current or any subsequent fiscal years for general obligation debt, including the debt service on any bonds or other obligations that are proposed to be sold by the Louisiana State Bond Commission, may not exceed ten percent of the average annual revenues of the Bond Security and Redemption Fund for the last three fiscal years completed prior to the issuance being proposed.

The general obligation debt issuance limitation is \$686,113,000. At June 30, 1997, the highest current or future annual general obligation debt service requirement is \$266,336,000, which represents 38.82% of the debt issuance limitation.

LRS 39:1367, enacted pursuant to a constitutional amendment, provides that the State Bond Commission establish annually a limit on the net state tax-supported debt issued subject to certain percentages established in the statutes and based on General Fund and dedicated funds revenues forecast by the Revenue Estimating Conference. The maximum amount of net state tax-supported debt allowed by statute for fiscal year 1996-97 is 10.60% of estimated General Fund and dedicated funds revenues established by the Revenue Estimating Conference. During the fiscal year 1996-97, the total net state tax-supported debt paid was \$452,463,206 or 7.77% of the estimated General Fund and dedicated funds revenues established by the Revenue Estimating Conference.

B. AUTHORIZED BUT UNISSUED DEBT

The Omnibus Bond Authorization Act of 1996 provides for the repeal of state general obligation bond authorizations for projects no longer found feasible or desirable. As a result, there were no authorized but unissued bonds outstanding at June 30, 1997.

NOTE 8: GENERAL OBLIGATION BONDS

A. PURPOSE AND RETIREMENT

General obligation bonds are authorized and issued primarily to provide funds for constructing and improving state-owned facilities including ports, university facilities, public schools, parks, bridges, roads, and charity hospitals. General obligation bonds are backed by the full faith, credit, and taxing power of the state. Although certain general obligation debt is being retired from the resources of the enterprise funds and discretely presented component units and is therefore recorded in these funds, the state remains contingently liable for its payment. General obligation debt issued to finance the construction and equipping of education buildings and other facilities for college and universities and not secured by a pledge of revenues from the related facilities is a direct obligation of the state and is reported in the General Long-Term Debt Account Group. Other general obligation debt of the college and university funds, which is being retired from pledged resources of those funds, is reported as a liability of the college and university funds although the state remains contingently liable for its retirement.

B. OUTSTANDING AT JUNE 30, 1997

General obligation bond and note principal balances outstanding at June 30, 1997, are as follows (expressed in thousands):

<u>Purpose</u>	<u>Principal Outstandin g</u>	<u>Interest Rates</u>	<u>Final Maturity Year</u>
General Long Term Debt Account Group: General Obligation*	\$1,861,616	3.50 - 10.70%	2017
Higher Education Charity Hospital New Orleans	1,231 <u>740</u>	3.00 - 6.00%	2003
		3.60 - 5.00%	1999
Total General Obligation Bonds	<u>\$1,863,587</u>		

*General obligation bonds of \$1,930,419 less reimbursables for Colleges and Universities of \$14,237,

State of Louisiana

Port of New Orleans reimbursement bonds of \$6,503, Police Juries of \$8,640, Department of Transportation and Development of \$31,300, and Miscellaneous bonds of \$8,123. Applicable interest to maturity is \$4,555, \$907, \$2,920, \$18,605, and \$4,284, respectively. Reimbursement bonds for Colleges, Military Affairs, and Department of Transportation and Development and the related interest to maturity are included in Note 9. In addition, the Sabine River Authority (Sabine), a discrete entity, was the recipient of \$10 million of the proceeds of General Obligation Issue 1975-B. Sabine pledged to designate its annual surplus derived from the operations of the diversion canal project to the repayment of this debt. To date, \$11,836, including interest, remains to be paid to the state by Sabine. Because of the arrearage and because the state has continued to pay the debt service on the entire issue, Notes 8 and 9 do not reflect this agreement as reimbursable debt. The amount that Sabine owes the state is reflected in the financial statements of Sabine as contracts payable.

C. FUTURE DEBT SERVICE REQUIREMENTS AT JUNE 30, 1997

Future general obligation debt service requirements at June 30, 1997, are as follows (expressed in thousands):

Year Ending <u>June 30</u>	<u>Principal</u>	<u>Interest</u>	<u>Total</u>
1998	\$ 103,706	\$106,326	\$ 210,032
1999	122,858	98,031	220,889
2000	82,195	92,641	174,836
2001	157,394	86,583	243,977

State of Louisiana

On June 19, 1997, the State Bond Commission authorized the defeasement of certain General Obligation Bond payments, which are due in fiscal years 1997-98 \$128,310,000, 1998-99 \$87,265,000, 1999-2000 \$113,915,000, and 2000-01 \$23,580,000, using the General Fund Undesignated Fund Balance from fiscal year 1995-96. The action was taken because of the provisions of Article VII Section 10 (D)(2), which requires that appropriations of "nonrecurring revenue shall be made only for the purpose of retiring or for the defeasance of bonds in advance and in addition to the existing amortization requirements of the state." The cost of securities, escrow, including accrued interest on the securities purchased, totaled \$363,235,362. The resulting cash flows will allow for the defeasement of \$353,070,000 in principal bond, and payment of \$40,297,666 in interest payments on that principal due in fiscal years as follows: 1997-98 \$148,317,262, 1998-99 \$100,004,000, 1999-2000 \$120,004,904, and 2000-01 \$25,041,500. The contribution to fund the Escrow Account will reduce the required debt service payment obligation by a like amount during fiscal years 1998-2001. The bonds are considered fully defeased as of June 27, 1997, at which time the liability for that portion of the bonds was removed from the General Long-Term Debt Account Group.

B. EARLY DEFEASANCE OF REVENUE BONDS

On June 14, 1996, the Louisiana Recovery District adopted a resolution authorizing the defeasance or retirement of the District's outstanding 1988 Variable Rate Bonds and 1988 Fixed Rate Bonds with remaining maturities of \$133,200,000 and \$111,675,000, respectively; Sales Tax Refund Bonds, Series 1992 ("Senior Lien Bonds") with remaining maturities of \$76,470,000, and Sales Tax Junior Lien Refunding Bonds, Series 1992 ("Junior Lien Bonds") with remaining maturities of \$46,060,000.

The original outstanding debt (principal and interest) remaining on the 1988 Variable Rate Bonds and Sales Tax Refunding Senior Lien Bonds-Series 1992 and Sales Tax Junior Lien Bonds-Series 1992 totaled \$261,434,450 as of

July 1, 1996. The cost to acquire a portfolio of securities sufficient to defease the Series 1988 and Series 1992 bonds totaled \$130,365,954 and \$107,924,647 respectively.

In addition, as part of the defeasance, \$4,746,274 was used to fund a remarketing termination fee on the Series 1988 bonds with an additional \$415,064 paid in accrued interest on that agreement through September 2, 1996. Other direct expenses associated with the defeasance included \$42,450 for financial advisory services, \$41,730 for bond counsel fees and \$3,000 for rating service fees. A \$250,000 Expense Fund was also created and funded to provide for any residual expenses that would occur between the defeasance date and final payment of the Series 1988 and 1992 Bonds by the Trustee.

NOTE 11: CHANGES IN GENERAL LONG-TERM DEBT ACCOUNT GROUP

Changes in the general long-term debt account group for the year ended June 30, 1997, are summarized below (expressed in thousands):

	Bonded Debt Principal	Louisiana Recovery District Bonds	Capital Lease Obligations	Accrued Compensated Leave	Patient's Compensatio n Claims	Estimated Claims *	Total
Balance July 1, 1996	\$2,487,548	\$ 367,405	\$110,145	\$158,163	\$428,190	\$1,389,475	\$4,940,926
Bonds issued	225,200						225,200
Increase in compensated absences				3,852			3,852
Decrease in capital leases			(13,836)				(13,836)
Principal retirements	(132,102)	(127,500)					(259,602)
Defeased issues	(353,070)						(592,975)
		(239,905)					
Increase in estimated claims						157,380	157,380
Decrease in claims					(28,075)		(28,075)
Balance June 30, 1997	<u>\$2,227,576</u>	<u>\$ -0-</u>	<u>\$ 96,309</u>	<u>\$ 162,015</u>	<u>\$400,115</u>	<u>\$1,546,855</u>	<u>\$ 4,432,870</u>

* Estimated claims against the state, expressed in thousands, include the following: \$132,894 for the Second Injury Board, \$58,130 in estimated future liability claims against the state, \$38,456 in claims in excess of deposits for expropriation suits, \$1,240,998 representing the long-term portion of the claims for the Office of Risk Management, \$5,815 representing the long-term portion of the claims for State Employees' Group Benefits, \$5,083 in outstanding inverse condemnation suits, \$726 in unappropriated judgments, and \$64,753 in a cooperative endeavor agreement.

NOTE 16: CONTINGENCIES

A. CLAIMS AND LIABILITIES HANDLED THROUGH RISK MANAGEMENT

Pursuant to Act Number 448 of the 1988 Regular Session of the Louisiana Legislature, LRS 39:1533 was re-enacted

to create the "Self-Insurance Fund" within the Department of the Treasury. The Self-Insurance Fund consists of all premiums paid by state agencies under the state's risk management program, the investment earnings thereon and commissions retained. The Self-Insurance Fund may

State of Louisiana

be used only for the payment of losses incurred by state agencies under the self-insurance program, together with insurance premiums, legal expenses, and administrative costs. The Office of Risk Management is responsible for the state's risk management program. That office now has the duty to negotiate, compromise and settle all claims including all tort claims against the state or state agencies covered by the Self-Insurance Fund, and all tort claims against the state or state agencies not covered by the Self-Insurance Fund when funding is provided by the legislature through the state General Fund.

To satisfy claims, judgments, and expenses associated with the judgments for fiscal year 1996-97, \$144,895,875 was paid from the Self-Insurance Fund. At June 30, 1997, outstanding non-discounted reserve valuations of the 13,292 open claims within the programs total \$1,253,515,154. As of June 30, 1997, there was an adjusted cash balance in the Self-Insurance Fund of \$123,675,053. The Office of Risk Management advises that the non-discounted liability reserve valuation for the claims in litigation against state agencies being handled by that office are valued at \$698,137,439 as of June 30, 1997.

B. CLAIMS AND LIABILITIES HANDLED OUTSIDE OF RISK MANAGEMENT

The Attorney General has opined that only a small portion of the dollar amount of potential liability to the state resulting from litigation pending against the state and not being handled through the Office of Risk Management will ultimately be recovered by plaintiffs. It is his opinion that the estimated future liability for existing claims against the state is in excess of \$58 million.

As a result of the reasoning of the Louisiana Supreme Court in the case of Chamberlain v. State of Louisiana, 624 So.2d874 (La. 1993), statutes enacted in an effort to control the state's liability for tort and related damages are currently being challenged as unconstitutional. These statutes are LRS 9:2800 relating to notice of a defective condition in state-owned premises, LRS 9:2798.1 relating to the discretionary function exemption to liability, and LRS 9:5628 relating to a three-year prescriptive/pre-emptive period in medical malpractice cases. A constitutional amendment overruling the rationale of Chamberlain became effective in November 1995. If this is given prospective application only, which is likely, to new cases arising after the effective date, older cases may continue to challenge these statutes with potentially severe fiscal impact.

Although they were not included in the dollar values set forth above, it should be noted that suits have been filed challenging the constitutionality of various acts including Congressional reapportionment, judicial redistricting, the state's open primary system, self-help repossession laws, the ability of minors to obtain abortions, the assessments that fund the Second Injury Board, and the Patients' Compensation Fund's payment of future medical expenses concerning custodial care, among others. Although these

cases do not seek recovery for damages, rulings adverse to the state could result in liability for the plaintiffs' attorneys' fees. Suits have been filed challenging the disbursement of state funds to parochial schools and constitutionality of the funding of the cost of the Minimum Foundation Program of Education. Several suits have been filed by the coastal parishes seeking a portion of the 8(g) settlement. Suits have been filed alleging lack of and/or negligent regulation of the insurance industry. A suit has also been filed alleging that the collection of local sales and use taxes from people moving to Louisiana violates the Commerce Clause of the U.S. Constitution. Suits have also been filed challenging the law banning gill nets. Although these matters are not quantifiable at this time, if any of them are decided adversely to the state, the cost to the state could be significant. While most of these cases do not seek recovery for damages, rulings adverse to the state could result in liability for the plaintiffs' attorneys' fees.

As of August 12, 1997, the Department of Transportation and Development advised that there were 1,248 expropriation cases pending with a total dollar demand of \$156,924,096. The Department of Transportation and Development has on deposit for the payment of those suits the sum of \$38,456,161. The Department of Transportation and Development estimates the exposure at \$76,912,322. There were 112 outstanding inverse condemnation suits with demands of approximately \$20,331,963 and with an estimated exposure of approximately \$5,082,991. Expropriation suits filed by levee boards and other expropriating entities other than the Department of Transportation and Development have not been included in this number because the state does not appropriate the dollar amount due to the landowners.

As of June 30, 1997, we are not aware of any pending suits concerning the ability of the state to issue bonds or other evidences of indebtedness.

The Department of Revenue has advised that the total amount of pending litigation affecting the State's right to tax exceeds \$144 million. This figure includes suits challenging the State's application of taxes and right of prescription. It should also be noted that suits have been filed challenging the State's corporate franchise tax as amended by Act 690 of the 1994 Regular Session and the individual income tax, among others. While the outcomes of these suites are unknown at present, it should be noted that if the court decisions are against the State, there is the potential for a negative impact on the unreserved/undesignated balance of the General Fund.

Judgments in excess of \$725,568 were rendered against the state prior to June 30, 1997, and were not appropriated. The 1994 Legislature passed Act 1038, which specifies that any settlement or compromise agreement of claims against the state or a state agency for an amount of \$500,000 or more that is covered by the Self-Insurance Fund, or of tort claims against the state or state agencies whether or not covered by the Self-Insurance Fund, shall not be made unless the agreement is approved by a

majority of the members of a subcommittee of the Joint Legislative Committee on the Budget, comprising 3 members of the Senate and 3 members of the House of Representatives designated by the chairman.

The Louisiana Workers' Compensation Second Injury board encourages employers to hire physically handicapped employees who have a permanent partial disability, by reimbursing the employer or, if insured, his or her insurance carrier for part of the workers' compensation costs for-on- the job injuries. The estimated total future payments to be made for claims outstanding at June 30, 1997, was \$132,893,552 and is reported in the General Long-Term Debt Account Group. Funds to make these payments will come from an annual assessment made against all insurance companies writing workers' compensation insurance in the state and all employers that are self-insured.

C. DISALLOWANCES

A considerable amount of federal grant dollars is received by the state subject to financial and compliance audits mandated by the grantors. Disallowances resulting from these audits may become a liability of the state and are estimated to be \$2,082,477. This amount is not reflected in the accompanying financial statements.

D. LIABILITIES AS A RESULT OF ADMINISTRATIVE RESPONSIBILITY

The state agency charged with the administrative responsibility of the Food Stamp Program is the Office of Family Support. According to that agency, the value of coupons located in the parishes at June 30, 1997, for which the state is ultimately liable is \$83,344,000, which is reported in the General Fund per the Governmental Accounting Standards Board's Pronouncement 24. Similarly, the state is the recipient of food commodities

from the federal government and is responsible for distribution to the agencies, institutions, etc., that will ultimately distribute the food. The value of surplus commodities on hand in state warehouses at June 30, 1997, is \$3,789,065. At this time, the state anticipates no material losses because of these two federal programs.

E. LOUISIANA'S INACTIVE AND ABANDONED SITES

Like the United States, Louisiana is still faced with the substantial challenge of cleaning up hazardous waste sites after decades of ignorance or inattention to proper waste disposal. The Hazardous Waste Site Cleanup Fund is funded by an annual appropriation of \$4.0 million. Although the statute establishing the fund permits the Louisiana Department of Environmental Quality (department) to use only 35% of the total \$4.0 million for operating cost, the stability of the fund allows the department to continue to aggressively pursue site assessments and cleanups. During the fiscal year 1996-97, the department completed 77 site assessments and 9 site cleanups. As of the close of the year, there were 410 potential hazardous waste sites remaining to be assessed, and 120 confirmed hazardous waste sites needing cleanups. Of the 120, the state has ongoing cleanups at 66 sites, with 54 awaiting cleanup pending availability of staff or financial resources. When the department completes an assessment and identifies the site as falling under the state's jurisdiction, it means that hazardous substances are present, the sites do not qualify for federal cleanup funds, and responsible parties have not been found or are not solvent to pay for cleanups. The number of sites that the state will ultimately be responsible for cleaning up is unknown. At present, no reliable estimate of the total cleanup cost for the known and unknown waste sites is available. As a result, no amounts have been accrued in the accompanying financial statement or in the general long-term debt account group related to liabilities involving hazardous waste site cleanup.

NOTE 17: COMPARATIVE DATA - FISCAL REPORTING PERIOD

Included in the financial statements are several blended component units having year ends different from the state's fiscal year which ends June 30. The component units and applicable year ends are as follows. Those discrete component units whose fiscal year differs with the state's fiscal year are shown in Note 1.

Blended Component Units:

Ascension-St. James Bridge and Ferry Authority	October 31, 1996
Crescent City Connection Division	October 31, 1996
Barber Examiners Board	December 31, 1996
Cemetery Board	December 31, 1996
Certified Stress Analyst Board	December 31, 1996
Louisiana Public Employees Deferred Compensation Plan	December 31, 1996
Louisiana State Board of Medical Examiners	December 31, 1996
Optometry Board	December 31, 1996

State of Louisiana

NOTE 18: OTHER DISCLOSURES

A. GUARANTEED STUDENT LOANS

The Louisiana Student Financial Assistance Commission (LASFAC) participates in the U. S. Department of Education Guaranteed Student Loan Program whereby guaranteed loans are reinsured by the federal government. Through participation agreements with various lending institutions, LASFAC guarantees 100% or 98% of principal and interest of qualified student loans made by lenders and purchases all defaulted loans to the extent of its guarantee. LASFAC receives from the Department of Education reinsurance reimbursements for claims paid because of default, death, disability, and bankruptcy. The reinsurance may be 78% to 100% of claims paid, depending on the agency's annual default experience. Under the Federal Guaranteed Student Loan Program, LASFAC is obligated to pay the Department of Education 73% of collections on defaulted loans for which LASFAC has received reinsurance reimbursements. The remainder is retained for administrative expenses. Outstanding guaranteed student loans at June 30, 1997, amounted to \$930,137,826.

B. LOUISIANA AGRICULTURAL FINANCE AUTHORITY

Administrative functions of the Louisiana Agricultural Finance Authority are included and reported within the General Fund as budgeted. The authority has a balance of outstanding private activity debt of \$97,430,222, which is not included in the accompanying financial statements.

C. PATIENTS' COMPENSATION FUND

The Patients' Compensation Fund acts primarily as an agent to facilitate payment of medical malpractice claims covering excess liability of private sector health care providers practicing in the state. The fund levies surcharges to private sector health care providers to pay settled claims and administrative expenses paid on behalf of health care providers during the prior year. Act 507 of 1988 amended LRS 40:1299.44 to further define the fund by including language specifically stating that the fund and any income from it are not public monies. Therefore, obligations for payment of claims against the fund are not liabilities of the state. However, because of the provisions of Cod. 2100.108-112, the long-term obligations of the fund, \$400,114,843, are reported in the General Long-Term Debt Account Group.

D. LOUISIANA HOUSING FINANCE AGENCY

For the reasons explained below, the financial statements included herein for the Louisiana Housing Finance Agency

do not include \$589,513,000 in notes and bonds payable which are debt instruments for single and multifamily mortgage revenue bonds. To facilitate its programs, the agency has obtained long-term financing for all applicable projects within all programs. The issuance of debt for the financing of projects by the agency is subject to the approval of the Louisiana State Bond Commission. Bonds are issued under various bond resolutions adopted by the agency to permanently finance and provide financing during the construction period for multifamily qualified projects. Substantially all of the assets of each program of the agency are pledged as collateral for the payment of principal and interest on bond and note indebtedness only of that program. The obligations of the programs are not obligations of the state, and the state is not liable for such obligations. The ability of the programs to meet the debt service requirements on bonds issued to finance mortgage loans is dependent on the ability of the mortgagors in such programs to generate sufficient funds to meet their respective mortgage repayments.

E. OFFICE OF RISK MANAGEMENT

As partial settlement of certain claims, the Office of Risk Management from time to time purchases annuities to pay claimants. From July 1, 1986, to June 30, 1997, 87 annuities totaling \$56,471,898 had been purchased. At June 30, 1997, the amount outstanding on these annuities was \$137,067,612. Payments to claimants are made by third-party trustees. Fifty-four of the 87 annuities purchased to date release the state from further liability on the related claims; the remaining 33 annuities are not expected to ever become liabilities of the state.

F. RECONCILIATION OF CLAIMS LIABILITY FOR STATE RISK PROGRAMS

The state is exposed to various risks of losses related to tort claims and the self-insured and self-funded State Employees' Group Benefits Program, which provides health and life insurance benefits to its active and retired employees. Beginning in 1989, the state decided to stop carrying commercial insurance because of its prohibitive cost and began covering all claim settlements and judgments out of its General Fund resources. Claim expenditures and liabilities are reported when it is probable that a loss has occurred and the amount of that loss can be reasonably estimated. Per the requirements of GASB Statement 10, as amended by GASB Statements 17 and 30, total claims and judgments expenditures were \$446 million, which was calculated by subtracting the change between fiscal years 1996 and 1997 in the General Long-Term Debt liabilities for future liability claims against the

State of Louisiana

state, the long-term portion of the claims for the Office of Risk Management and State Employees' Group Benefits, and unappropriated judgments, from the claim payments net of estimated recoveries for the year of \$378 million. Changes in the reported liability since June 30, 1995, resulted from the following as restated (expressed in thousands):

	Beginning of Fiscal Year <u>Liability</u>	Claims and Changes in <u>Estimates</u>	Claim <u>Payments</u>	Recoveries from Settled and Unsettled <u>Claims</u>	Balance at Fiscal Year End
1995-96	\$1,177,384*	\$474,501	\$345,147	\$ 301	\$1,306,437
1996-97	1,306,437	448,729	382,163	4,573	1,368,430

*As restated.

NOTE 20: SUBSEQUENT EVENTS

GENERAL OBLIGATION BOND ISSUE

The State Bond Commission is planning to issue at least \$200 million in general obligation bonds to finance capital

outlay projects. It is probable that additional amounts will be issued for refunding purposes, but the exact amount is not known at this time. The sale of these bonds is anticipated to take place in March or April 1998.

TAX RATE BY MAJOR SOURCES OF REVENUE

TAX TYPE	COLLECTION UNIT	RATE/DESCRIPTION
<u>Alcoholic Beverage Taxes</u>		
Beer Tax	Department of Revenue	\$10 per 31-gallon barrel. This includes all alcoholic beverages with alcohol content of 6% or less.
Liquor and Wine Tax	Department of Revenue	\$0.66 per liter on liquor; \$0.42 per liter on sparkling wine; \$0.03 per liter on still wine with alcoholic content not over 14%; \$0.06 per liter on still wine with alcoholic content over 14% but not over 24%.
<u>Corporation Franchise Tax</u>		
	Department of Revenue	\$1.50 per \$1,000 of capital stock, surplus, undivided profits; and borrowed capital (taxable base) up to \$300,000 and \$3 for each \$1,000 of taxable base over \$300,000. The minimum amount of tax paid by a corporation is \$10 per year.
<u>Gasoline Tax</u>		
	Department of Revenue	\$0.20 per gallon is levied on gasoline. The fee for testing the quality and quantity of petroleum products is 1/32 cents per gallon.
<u>Hazardous Liquid Pipeline Tax</u>		
	Department of Revenue	An annual tax of \$12 per mile, or fraction thereof, of hazardous liquids pipeline operated.
<u>Hazardous Waste Disposal Tax</u>		
	Department of Revenue	Tax of \$30 per dry weight ton for waste disposed of on-site, \$40 per dry weight ton for waste disposed of off-site from where generated, and \$100 per dry weight ton on extremely hazardous waste disposed of in Louisiana.
<u>Income Tax</u>		
Corporate income tax	Department of Revenue	4% on first \$25,000 of net taxable income; 5% on next \$25,000; 6% on the next \$50,000; 7% on the next \$100,000; and 8% on all net taxable income in excess of \$200,000.
Individual income tax	Department of Revenue	The taxpayer's federal adjusted gross income, less federal excess itemized deductions and federal income tax, is used as the entry to Louisiana's tax tables. The rate of tax for taxpayers filing as single, married filing separately, or head of household is: 2% on the first \$10,000 of taxable income; 4% on the next \$40,000; and 6% on taxable income over \$50,000. Married persons filing a joint return or qualifying surviving spouses are taxed at the following rates: 2% on the first \$20,000; 4% of the next \$80,000; and 6% of taxable income in excess of \$100,000. The combined personal exemption and standard deduction is \$4,500 for single individuals and married persons filing separately, and \$9,000 for married couples filing jointly or qualified surviving spouses and heads of households. The dependency deduction is \$1,000 per dependent, \$1,000 each for taxpayer and/or spouse who is over 65 years old and \$1,000 each for taxpayer and/or spouse who is blind.
<u>Inheritance Tax</u>		
	Department of Revenue	Direct descendants by blood or affinity, ascendants, or surviving spouses are taxed at the following rate: 0% is due on the first \$25,000; 2% on the next \$20,000 and 3% on the amount in excess of \$45,000. If the date of death occurred during the calendar year 1992 and thereafter, the total value to the surviving spouse is exempted from tax. Collateral relations (including brothers and sisters by affinity and their descendants) are taxed at the following rate: 0% is due on the first \$1,000; 5% is due on the next \$20,000 and 7% on the amount in excess of \$21,000. Other recipients are taxed at the following rate: 0% is due on the first \$500; 5% is due on the next \$5,000 and 10% on the amount in excess of \$5,500.
<u>Insurance Excise License Tax</u>		
	Department of Insurance	A. The tax rate for life, accident, health and service is \$140 for annual premiums up to \$7,000 and \$225 for each additional \$10,000 or fraction thereof. B. The rate for fire, marine, transportation and casualty and surety is \$180 for annual premiums up to \$6,000 and \$300 for each additional \$10,000 or fraction thereof.

(Continued)

State of Louisiana

TAX TYPE	COLLECTION UNIT	RATE/DESCRIPTION
<u>Mineral Resources - Royalties and Bonuses</u>	Department of Natural Resources	Most oil and gas leases provide for a fixed bonus and a royalty of a minimum of 1/8 of the value of the production. Other leases such as for the production of salt, sulfur, etc. provide for a royalty based on the amount of the production (per ton, etc.).
<u>Motor Vehicle - Licenses and Fees</u>	Department of Public Safety	<p>A. The minimum vehicle registration license tax is \$20 biannually for private passenger vehicles purchased before January 1, 1990. If purchased after January 1, 1990, the registration is based on the value of the vehicle-\$1 per \$1,000 per year with a minimum of \$10. The registration fee is \$40 (four year increments) for trucks up to 6,000 pounds and the fees vary annually for trucks over 6,000 pounds depending on the usage and the gross axle weight (usually from \$10 to \$480).</p> <p>B. Driver's license fee is \$18 for four years for drivers of private vehicles. Other driver's license fees may vary.</p>
<u>Natural Gas Franchise</u>	Department of Revenue	1% of the gross receipts from the operation of franchises or charters in the state.
<u>Public Utilities Tax</u>	Department of Revenue	2% of the gross receipts from intrastate business.
<u>Sales Tax</u>	Department of Revenue	Four percent sales tax is collected on leases and rentals, retail sales, and sales of service including repairs of tangible personal property. Most exemptions from the 4% Louisiana general sales tax have been suspended through June 30, 1997 and 3% through June 30, 1998. Therefore, most traditionally exempt transactions are subject to the total 4% sales tax. The provisions that suspended the exemptions continued provisions that were in effect for the preceding years.
<u>Severance Tax</u>	Department of Revenue	<p>A. The tax on oil/condensate is based on the value. The full rate of oil/condensate is 12% of the value. The incapable oil rate is 6% of the value. The stripper oil rate is 3% of the value. Stripper oil is exempt as long as the average posted price for a 30-day period is less than \$20 per barrel.</p> <p>B. The severance tax on natural gas is based on per thousand cubic feet. The full rate is \$0.07 per MCF at 15.025 pounds per square inch absolute for the period 7/1/96 through 6/30/97. The rate on incapable oil well gas is \$0.03 MCF. The rate on incapable gas well gas is \$0.013 MCF.</p> <p>C. The tax rate on sulphur is \$1.03 per long ton (2,240 pounds).</p> <p>D. The tax rate on salt is \$0.06 per ton.</p> <p>E. The tax rates on timber are 2% of stumpage value and 5% of stumpage value of pulpwood.</p> <p>F. The tax rate on gravel, shell and sand was \$0.06 per ton and repealed by Act 40 of 1997.</p> <p>G. The tax rate on stone is \$0.03 cents per ton.</p>
<u>Soft Drink Tax</u>	Department of Revenue	The soft drink tax was 1% of the wholesale selling price on bottled soft drinks, but the Act was repealed effective February 1, 1997.
<u>Special Fuels Tax</u>	Department of Revenue	The tax on special fuels is levied at a rate of \$0.20 per gallon on motor fuel other than gasoline.
<u>Surface Mining and Reclamation Fee</u>	Department of Revenue	The fee on coal or lignite mined in Louisiana is \$0.08 per ton.
<u>Tobacco Tax</u>	Department of Revenue	An excise tax is imposed on the first dealer who handles a tobacco product in the state. Cigars invoiced up to \$120 per thousand are taxed at 8% of the manufacturers net invoice price; while cigars invoiced over \$120 per thousand are taxed at 20% on the net invoice price. The tax rate on smoking tobacco is computed at 33% of the invoice price to wholesalers. The tax rate on cigarettes is \$.01 per cigarette.

The cover photograph was taken at the L.S.U. Rural Life Museum in Baton Rouge, Louisiana. Special thanks to Mr. Ken Varden for the use of the quilt. It was handcrafted by his mother, Mrs. Vernie Lillie Varden, and her sister, Mrs. Sally Lillie Phillips. Extra special thanks to Mr. Varden for his excellent cover and CAFR theme ideas throughout the years.
